NINETEEN VOTERS AT THE ANNUAL MEETING

Largest Attendance at School Meeting for Years

THREE LADIES IN THE ASSEMBLY

Dr. F. A. Bailey Elected Director for Three Years

The annual school meeting for District No. 7, Hillsboro and vicinity, was held Monday, and nineteen voters were at the session. Three of these were ladies—Mrs. Imogene Bath, leader of the Woman Suffragists; Mrs. Eva Pillsbury, and Mrs. A. M. Wells. Four candidates were named for director for the term of three years: Dr. F. A. Bailey, R. H. Greer, A. S. Sholes and M. Edees. There were nineteen votes cast and Dr. F. A. Bailey received twelve. Chairman R. H. Greer thereupon declared him duly elected. Peter Boscow, who has been clerk for about 11 years, was elected clerk for one year by acclamation. For forty years Mr. Boscow has been a school officer in this section, first at West Union, and then in this city. Mr. Boscow responded in a neat little speech of thanks, saying:

It gratifies me to have the unanimous support of this meeting for the office of clerk. I feel that I have tried to do the work faithfully, and it is something to try to take an interest in. I am glad to know that I have satisfied the district, and it makes me smile not unlike the teachers when their salaries are passed to them. Ladies and gentlemen, I thank you.

COQUETTE

The Fine Ircheron Stallion of the Cedar & U Horse Company.

The Cedar Mill Percheron Horse Company has a fine, new Percheron stallion, and he will stand the season at Herman Glasse's home place, one-fourth mile east of Bethany, all week, except Tuesday afternoons and Friday afternoons.

TERMS: Single service, \$5; season, \$12; to insure with foal, \$14; colt to stand and suck, \$16.

Coquette is a handsome coal black, with star in forehead. He weighs 1900, and is finely built.

P. H. Vandebey, Manager.

As this marks the beginning of our fifth year in the tile business we wish to thank our customers for their liberal patronage. Our trade has grown beyond expectation, and our yard has been cleared of all sizes below 12 inch. April 24 we are burning a new kiln, and as soon as completed we will have all sizes up to 8 inches, and we will endeavor this season to supply all demands including the 16-inch, if our patrons will let us know their wants in time. (We also have a fine stock of building blocks and brick.) As to tile, we will not carry a stock of over the 8 inch size, as we find the trade is uncertain on larger sizes. Parties wanting over 8 inch should order by June 1, as these are run but once a year. Parties wishing to haul drain tile during summer months for fall and winter laying, can have them and pay for them Sept. 1. We are still in the lumber business, and are well supplied for the trade. Parties wanting extra lengths should order at once as we can not drive on the river much longer. Again, do not forget that building blocks make the best and cheapest foundations, and they are excellent for milk and fruit houses, and our trade has increased greatly in this product—more than any other. Investigate this building block feature if you are going to build. We are figuring on a tile machine which will dig ditches cheaper than by hand, and if we can get 30 miles of ditch to dig we will put one in. If you contemplate putting in tile let us know by mail.—Groner-Rowell Co., Scholls, Hillsboro Route 2.

It is reported that Frank Hall, who left this place under suspension of sentence upon pleading guilty to burglarizing Schulmerich Bros. store, is said to be in trouble again, and that he will have to serve time in the penitentiary. Hall entered the Schulmerich store last winter and stole about ten dollars in silver. The booty was found on him, and he admitted the burglary. He cried, and pleaded with McBride, asking to be allowed another chance. Hall was permitted to go on the promise of good behavior, and he went to Portland to reside. It is stated here that his old tricks came home to roost and before he knew it he was pinched for larceny. Judge McBride, of this district, promised Hall a good stiff sentence in case he fell from grace and Hall may have more trouble as soon as he gets out of his present mix-up.

Those wishing ornamental shrubbery, nursery stock, flowers (such as carnations, China asters, etc.), should call on E. R. Morton, either at Hillsboro greenhouse grounds, north of the court house, or at the Beaverton greenhouse. Also have fine stock of celery, tomatoes, cabbage, cauliflower and other plants.

The Nehalem beewax has again been officially declared beewax, this time by Professor Bradley, who has made a chemical analysis of the substance. The "ororite school," as the professor terms those who insist that the substance is ozorite and not beewax, need not despair, however. Ever since the first specimens were picked up on the beach there have been theorists who professed to believe that this "ozorite" was deposited in the form of canals, with images and hieroglyphics engraved on some of the pieces. They will come to the front again with a denial that the stuff is beewax, and those who would not recognize beewax when they see it and taste it may believe them. Others will not. "Ozorite" may be found on Nehalem Beach, but beewax is also found there, and few, if any, who have found the beewax have ever discovered any ozorite.—Oregonian.

People who want next winter's wood should place their orders early this spring, as the demand for shipment to Portland will be stronger this season than ever before. Orders placed now may prevent inconvenience next fall.—H. B. Schmeltzer, Hillsboro.

Jacob Sauer, formerly of Farmington, was acquitted of the charge of assaulting a party who was making him trouble around his saloon in Portland. Sauer proved that he did nothing save to put the party, who was a woman, off his lot, to keep her from annoying him.

Announcement.—We are prepared to furnish candy in quantity for Club sociale, Lodge banquets, lawn parties, picnics, Church fairs, etc., made to order and at special prices. After dinner wafers a specialty.—The Den of Sweets.

Friday is supposed to have more daylight than any day of the calendar year. If the change will only give a few weeks of dry weather no one will complain even if it does begin to shorten up a trifle.

Smokers like the Schiller and the Excellencia. These cigars are of the best stock. You can't fool an authority on a good cigar.

COAST & EASTERN MEN IN THE CITY

Looking Over the Proposed Line in This County

CORNELIUS PASS ROUTE AGAIN

Officials out With Surveying Corps the First of the Week

The Coast & Eastern Company, projecting a line out of Portland, down to Tillamook, through this county, their Washington County route being over the Cornelius pass, past Glenoco, and then over the hills to Tillamook, from which point they expect to pass down the coast, had a Mr. Hammond and Wm. Jackson here the first of the week, with surveying crews, looking over the route from Cornelius Pass past Glenoco, and on into the hills.

This is the company which had men here in the winter, and while they are reticent it is stated that the company intends building soon.

This is the road that J. N. Teal, of Portland, represents, and the Portland promoters say that there is plenty of capital behind the move. It is the intention of the Coast & Eastern to tap the rich timber and coal fields along the coast, and, incidentally, the Nehalem.

Mr. and Mrs. Henry H. Davies had just sold their farm north of Forest Grove 14 miles and had moved to town about three weeks ago on their way to Mexico to remain permanently. FINE POINT OF LAW FROM FOREST GROVE

Two Recorders try a Case at the College City

ONE DISMISSES; OTHER CINCHES

Attorney E. B. Tongue Appeals to Circuit Court

Forest Grove now has a case on appeal that contains a fine point of law. Last winter some time C. F. Miller was charged with a violation of a city ordinance, the defendant and Marshal Lennivich having a little trouble on the street. The case was taken before Recorder J. C. Clark, who dismissed the case upon demurrer. Later on Clark resigned and Walter Hoge, of the Times, was appointed Recorder. Miller was again faced to the charge, and E. B. Tongue again defended, interposing the plea that Miller had already been in jeopardy. Recorder Hoge refused to entertain the demurrer, and Miller was fined \$30 and costs. Last week Attorney E. B. Tongue appealed the case to the Circuit Court and the case will be heard before McBride. As the "former jeopardy" argument has been played football with by various courts it is a matter of interest as to how the present case will be handled. Wm. Langley is the attorney for the city. The case will come before Judge McBride at the July term upon the merits of the law point involved.

MORPHINE USER DEAD

The wife of Willis Warren, living on the hill, beyond Laurel, died Monday afternoon, and O. L. Nash, a neighbor, was in town yesterday, to see the county court about burial of the woman. Willis Warren was formerly a bachelor, and lived the life of a recluse over in the hills.

In some shape or manner he ran across the woman, who was a morphine fiend, and married her. He brought her home and the poor fellow has spent every dollar he could make on the farm, on which he has a life lease, to get the drug for the woman. Monday she took an overdose, and passed away. Warren has made frequent trips into town, and he many times came in barefooted.

The county court ordered a coffin for deceased.
