DRUG SODDENLY OF HEART DISEASE

How frequently does a head ache stir up to the blood vessels of the brain? The rush, push and strenuous nature of the American people has a strong tendency to lead up to valvular and other diseases of the heart, attended by irregular action, palpitation, dizzy and smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on Materia Medica for the cure of just such cases. (Ladies Beware!) For instance, is said by the United States Dispensatory, a standard authority, "to impart tone and to afford power to the heart's action." Furthermore other leading authorities recommend Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or Collinsonia Can., a valuable tonic, for instance, is said by the Epitome of Medicine, says of it: "It not only cures, but restores the patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up stairs. He however gradually recovered under the influence of Collinsonia medicinal principle extracted from Stone root, and is now attending to his business. Hence, this medicine is highly recommended for the removal of so distressing and so dangerous a malady. With them it was all gone—work and appetite returned, and death was near at hand. Collinsonia unquestionably affords relief in such cases, and in instances of Pains of the Epitome of Medicine, says of it:—

"Stone root is also recommended by Dr. Hahn and Willmore of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence. "Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.
