TUITION { First Term \$7.50
 { Second Term \$5

For catalogue, summer school circular, or other information, write to

Pres. E. D. Ressler, Monmouth, Or.

Cultivator and Weed Cutter

COMBINED

J. J. Smith, of Banks, will on May first start a manufactory for the purpose of turning out a

New Invention

which is a Cultivator and Weed Cutter combined. It is so made that it can be

Used Between Rows of Any Width

as it is adjustable, and can be widened or narrowed at a minute's notice, according to the width desired. The device is Mr. Smith's own invention, 1906, and it is intended for use in

Hop Yards, Corn or Potato Fields

and does the work finely, beating any other cultivator on the market. One horse can handle the cultivator in good shape and

CULTIVATE EIGHT ACRES PER DAY

Any one desiring a cultivator of this kind, and wishing to support home industry, may order one by writing or calling on

J. J. SMITH, Greenville, Ore., Route 2

Mr. Smith refers prospective purchasers to John Carstens, Fred Narnup and Will Hetzel, who have these Cultivators.

The LION SALOON

E. J. LYONS, Proprietor

E. A. Brelje, of beyond Bloomington, was a caller at the Argus office, Saturday morning.

B. G. Leedy writes the Argus that the Tigardville postoffice will soon be discontinued.

For a good smoke try the Schiller or Excellencia—and you will try them again and again.

Andrew Heckmann, of Bethany, was in town Friday on supervisor's business with the commissioners.

D. McCamish has been taking care of the court house during the illness of Janitor Capt. A. M. Collins.

Mr. and Mrs. Ben H. Denison, guests of L. A. Long and wife, leave for a trip to Seaside, the first of the week.

Roy Latham, who has been working in a flouring mill in Clark County, Wash., is here for a few weeks.

M. Hahn, of Mountaine, and who is one of the best orchardists in that section, was in the city Friday.

Will Hartrampf and wife, of Forest Grove, were down Sunday, guests of J. W. Hartrampf and family.

H. T. Blair, of the Argus force, and August Tews went over to the Slough, Sunday, on a fishing expedition.

Fred Siegenthaler, one of Beaverton's progressive dairymen, was in town Friday, on business with the county court.

A. C. Winney, of beyond Glencoe, was in town Saturday, nursing an arm that was suffering from poison oak.

Elizabeth Downing, of below Beaverton, is visiting at Montreal, Canada, and will remain there five or six weeks.

For sale: 20 acres land, 1 mile north of town; 4 acres beaverdam on place. Goes for \$1,000. Inquire at this office.

John Vanderwal, of near Beaverton, was in the city Monday afternoon. John is now in the dairy business and doing finely.

Smokers like the Schiller and the Excellencia. These cigars are of the best stock. You can't fool an authority on a good cigar.

J. W. Bailey and W. F. Adkins returned Saturday from a two days' fishing trip up back of Timbers. They report a catch of 250.

D. P. Patterson, of Eugene, was here the last few days, visiting his wife, who has been visiting her parents, Peter Boscow and wife.

Paul Sterling returned to his home at Drain, the first of the week. He is handling the key at that point for the Southern Pacific.

For sale: one dwelling house, 8 rooms; one dwelling house, 9 rooms, one lot for warehouse on S. P. track, 40x89 feet.—Jno. Milne, Hillsboro, Ore.

Col. R. W. McNutt was down from Cornelius Saturday afternoon. The Col. says that the attendance at the Washington County Veteran Association grows smaller each year.

For sale: Span mares, about 1100 each; perfectly sound and true; harness, good, and wagon 25, practically new; all for \$275.—E. L. James, 2 miles west of Hillsboro.

The Coast & Eastern people are surveying through the north end of the county, this week, and the engineering corps expect to get the line located as far as Tillamook this season.

Speaking of groceries—if you want the finest staple and fancy groceries to be found in the market, try John Dennie. We is after your trade, and once a customer, always a customer.

Miss Bertha Stewart, of Portland, who has been visiting for the last three weeks with her parents, Mr. and Mrs. J. B. Stewart, of South Tualatin, returned the evening of the 4th.

Taken up: Brown muley steer, top cut off left ear; light brown around nose; owner call, pay charges, prove property, and take same away. Owen Murray, Cedar Mill.

Andrew Eggiman, of Cedar Mill was in town Saturday, and reports having in full blast down that way, and labor very scarce. He reports some of his neighbors paying as high as \$2 per day for hands.

Hop pickers who wish positions in the Ray yards at Witch Hazel, should register at once, so that we may know who are engaged, thus insuring you the work.—Frank Weisenback, Reedville, Ore.

Herman Matthes, of Laurel, was in town Saturday, and called at the Argus office. He is running an engine for Benson, the lumberman, on the Columbia river, and has been with him for a number of years. He says that the lumbermen are paying big wages down on the river this year, owing to the unprecedented demand for lumber and timbers.

Dennis has received his new stock of shoes,—the American Gentleman and American Lady, the finest in the market. Come in and see them. The latest models. These shoes are advertised in every prominent magazine and newspaper in the world.

W. M. Ladd, administrator of the A. H. Johnson estate, and who handles the big farm at Reedville, says on the witness stand that farms have been operated at a loss for some years. More than likely there are hundreds of thrifty farmers around this section who can testify that the short crops of the past few years have made it hard for a farmer to make money. But this year will be a good one.

Mrs. J. W. Reynard, of near Scholls, left Monday morning to join with her husband at Pendleton. From there they will go to Wilson Creek, Wash., where Mr. Reynard will run a threshing engine at \$6 per day, while Mrs. Reynard will conduct the cook-wagon at \$3 per day. Mr. Reynard has run a threshing engine in the upper country for a number of seasons.

Mrs. Linnie Willis, who served several months in the county jail, last Winter, because she lived with one Stephen Mallory while she had a husband living, was in the city last Saturday, and departed with her wardrobe, which she left here last Spring upon her departure Mallory it will be remembered, was given two years in the pen.

Frank Miller, the youth whom Sheriff Connell caught at Cornelius some months ago and lodged in jail at request of the Clackamas authorities, is again in trouble, having robbed a jeweler in Oregon City, and later on "touched" a farmer. Judge McBride will try the young fellow in a few days. The boy is only 20 years of age.

John Grossen, of near West Union, was bitten by a hound belonging to Frank Holcomb, Monday morning, the canine leaving a bad cut on the face and on one of his arms. The hound was over making a call on Grossen's dog, and resented Grossen's going to the barn. Dr. Linklater cauterized the wounds for Mr. Grossen.

Ferd Groner was up from Scholls Saturday, and reports that things are looking like a railroad for that part of the country before long. The Willamette Valley Traction Company, now building from Salem to Portland, and crossing in by Tigardville, may put in a line that will tap this section, coming up the Tualatin river.

H. D. Schmeltzer has just finished cutting 240 pieces of piling for Tompkins Brothers, for San Francisco piling. The sticks range from 26 to 60 feet in length, and are of excellent timber. Carl Larsen and L. A. Loomis have been hauling them into the depot yard.

D. J. Taylor, of Forest Grove, writes the weather bureau: "The week was excessively hot and dry, the temperature on Wednesday, the 4th, reaching the highest so far recorded this year—ninety-nine degrees. Winds were generally light."

Van DeLashmott, one of Portland's pioneer mayors, was up from his Hazel bungalow Tuesday. Van says his hay is all ready for stacking and baling, but that prices are too low to give much profit unless a man can feed his own stock with it.

Earl Patchen, of Weston, Saline County, Nebraska, is here, the guest of H. Harrington, of near Centerville. Mr. Patchen is out here for his health, but may locate here, as he is delighted with Oregon's grains and grasses and the fruit prospects.

Coast & Eastern surveyors have for a month been running lines to the north of the city and it is not impossible that they will make this city one of the points on the line between Portland and Tillamook.

Medames Schieffelin, of Centerville, were in to the metropolis, Saturday, and after looking over the city concluded that we have a better town here (even if we have no electric line) than Forest Grove.

Reward for return of light bay mare, blaze face, 3 white feet, branded "4" on left shoulder.—C. Robinson, Sylvan, Ore.

SAFETY AND PROFIT

Safety and profit are the two important things to consider in selecting a bank. Money is such a hard thing to get and so hard to keep, that it is folly to place it where it will not be safe. Thus those who

are saving money naturally wish it to earn more money. Therefore, the financial institution which combines safety and profit is a desirable depository. Such is offered by the Hillsboro Commercial Bank.

COQUETTE

The Fine Percheron Stallion of the Cedar Mill Horse Company.

The Cedar Mill Percheron Horse Company has a fine, new Percheron stallion, and he will stand the season at Herman Glasse's home place, one-fourth mile east of Bethany, all week, except Tuesday afternoons and Friday afternoons. TERMS: Single service, \$8; season, \$12; to insure with foal, \$14; colt to stand and suck, \$16.

Coquette is a handsome coal black, with star in forehead. He weighs 1900, and is finely built.

P. H. Vandehey, Manager.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients, it is a fact published in some journals of the less influence, this is a fact which is a fact of great benefit in arousing needed attention to this subject. It is, in a considerable measure, resulted in the most intelligent people, avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact, some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants growing in the depths of our American forests, and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of disease, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry bark and Bloodroot, contained in "Golden Medical Discovery." In all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Dr. Grover, of New York; Bartolow, of Jefferson Medical College, Philadelphia; Scudder of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrhs in all its various forms wherever located.

NOTICE

Notice is hereby given, that in pursuance of an order of the County Court of Washington County, Oregon, made and entered in the records of said Court on the eighth day of June, 1906, the following county warrants, issued seven years prior to July 1st, 1906, if not called for and presented for payment within sixty days from the first day of July, 1906, will be cancelled and the payment thereof will be refused:

Hillsboro, Or., June 7, 1906.

WORTH ITS WEIGHT IN GOLD

FARMERS AND DAIRYMEN

The Peoples Cream Separator, manufactured by the Peoples Supply Co. of Kansas City, Mo., is a new and wonderful

invention that saves time, labor and money. It does the work equally as well, if not better than one that costs \$5 to \$100. The Peoples Cream Separator can be bought for a very small price considering the value you obtain. It requires no engine, no extra machinery. The Peoples Cream Separator is the strongest, most simple and best separator on the market. Every Farmer and Dairyman should have one.
