# WOMAN

"Woman" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "Woman." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.

THE FRANK A. MUNSEY COMPANY, New York.

#### What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease be of the nasal passages, the throat, larynx, bronchitis, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or inveterate stages of these affections it is often successful in effecting a cure.

"Favorite Prescription" is advised for the cure of one class of diseases—those peculiar to women.

It is a powerful yet gently acting invigorating tonic and nerve. For weak women, over-worked women—no matter what has caused the breakdown—"Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on these several ingredients entering into "Doctor Pierce's medicines" by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines a known composition, any secret nostrum.

Dr. Pierce's Pills, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.
