

FRUIT MEETING HERE FRIDAY, NOVEMBER 16

Fruit Inspector Harris Will be Present With Program

WANT A STRONG ORGANIZATION

Session Will be Held in the Court House in Afternoon

Fruit Inspector W. R. Harris advertises that there will be a meeting of Hillsboro and vicinity orchardists at the court house, Friday, Nov. 16, commencing at 1:30 in the afternoon.

With the right kind of a movement Washington County's orchards should be placed in first class condition in a year or so. There is no question but what there must be an organized move or the pests from unattended orchards will undo all the work of progressive orchardists.

Dr. Linklater and Tamiesie desire to announce to the patrons of the Delta Drug Store that they have acquired the stock of goods in the store and that they are increasing and perfecting the same and its pharmaceutical requirements, and they have sufficient and efficient clerks to conduct a first-class establishment. Bitter experience has taught the Delta, however, that it can do as much crediting as formerly, therefore a cash business (or its almost equivalent, a very short credit) will be greatly appreciated.

Farmers of the Phillips section are beginning to think that the Portland electric line is about crawled into its hole. They say they are ready to put up a hotel and other community conveniences as soon as the railway arrives—and that if it doesn't come within a year they are liable to get in and build it themselves.

If you want to send a nice Christmas present East to your relatives or friends, just remember that there is nothing like a well finished photo. Pope, the photographer, is located in his new quarters on Second street, opposite the city hall, a little south, and is ready to take your order.

PRETTY MRS. SNYDER AT KANSAS CITY, MO.

Says She Knows Who Killed Her Husband

NOT PROOFS TO CONVICT HIM

Now Living With a Sister, Having Arrived Sunday

Mrs. Madge Snyder, the pretty widow of the murdered Carey Snyder, arrived in Kansas City last Sunday and went to the home of her sister, a Mrs. Williams, with whom she resided prior to her trip to Oregon.

When seen by a reporter Mrs. Snyder said she had no more to say about the murder of her husband, save that she knew who killed him, but was then satisfied that there was not sufficient evidence to convict the guilty party.

"I am practically certain that I know who killed Carey, but the trouble is in proving it. The authorities in Portland say they have not enough evidence to convict any one yet. I am just as anxious as ever to have the mystery solved and will do all in my power to help do it."

This is in marked contrast to her position when out here, where she permitted a Portland reporter to throw all kinds of insinuations because the authorities refused to issue a warrant upon the slender thread of testimony she divulged to them.

COUNTY FARM IS BEING IMPROVED

Tract Between House And Railroad to be Cleared

NEW WATER SUPPLY PUT IN

Several Hundred Dollars Expended to Make Things Comfortable

The county court has concluded to spend several hundred dollars on the county poor farm, the home of the county's unfortunate, and as a result several acres of stumps between the house lot and the Southern Pacific Railroad are to be cleared up and put under the plow, and a new water supply is being installed.

A new gasoline engine and pump will be put in by Agent L. W. House, agent for the Fairbanks-Morse Company, and after these improvements are made the farm will look a great deal better.

The number at the present is a trifling under the usual run of inmates, but it is likely to be enlarged at any time.

JOHN BUCHANAN SMITH

John Buchanan Smith of Forest Grove, died Tuesday night at the age of 72 years and 7 months. Mr. Smith was born in Fraserburgh, Scotland.

At the age of 19 he moved to Canada with his parents, and in 1865 went to Olympia, and two years afterward came to Portland for a short time going to Humboldt, Iowa, where he was in the implement business and was a large stockholder in the People's bank. Five years ago he came to Forest Grove. He located on a farm northwest of town and two years ago moved to town.

Mr. Smith was a Mason, and had been an Odd Fellow for over thirty years. The funeral will take place from the residence Thursday at 11 o'clock, under the rituals of the Masons and Odd Fellows. Burial will be in the Naylor cemetery. He leaves a wife to mourn his loss.

BIRTHDAY PARTY

A pleasing social event at Buxton, Thursday evening, Nov. 8, was the dancing party given at the Grange Hall by Mrs. C. L. Brown and Mrs. Chas. Lazott in honor of the 16th birthdays of their daughters, Miss Nellie and Miss Mildred. The two young ladies were prettily gowned for the occasion, wearing turquoise blue Crepe de Chine, trimmed with cream lace. They were the recipients of many dainty and useful gifts.

About 75 friends were present and the Misses Seena and Leta Russell attended from North Yamhill. The hall was beautifully decorated with evergreens while in the dining room above Autumnal tints predominated. After three hours of enjoyable dancing the guests formed in a grand march in the hall and led by the guests of honor ascended to the dining room where delicious refreshments were served, Miss Nellie presiding at one table and Miss Mildred at the other. The birthday cakes bearing their burning candles were one of the beautiful features of the table decorations.

There is not a prisoner in the county jail. J. F. Reeher and his associates, arrested for cutting out the toll-gate on the Wilson River road, have been discharged by the Tillamook circuit court, the case having been dismissed. This was the case that attracted so much attention a few months ago.

Several local parties who have the money are talking over the proposition of putting in a fine hotel in this city. They say they do not care to make any high rate of interest on their money and would not care to conduct it themselves, preferring to lease it to a landlord who knows his business. They talk as though they would like to put up a brick, with all modern improvements, elevator and all, and they think they can make the deal go with an expense of from twelve to fifteen thousand dollars, outside of a water supply. This of course, would cost a thousand dollars more. As yet the project is in the air, but those having it under consideration are amply able to finance such an affair.

One of the amendments to the city charter, wherein proclamation by the Mayor calls for a vote at the coming election, touches upon a change of wording. On the franchise proposition the trouble to be cured is the fact that it is doubtful under the old wording if the council could grant a franchise to a steam railway. The old section reads street railway instead of railway. The new amendment will cut out word "Street," thus leaving the city a right to grant franchise to any "railway," which, of course, would cover any kind of a railroad.

A. P. Venen, a brother of Mrs. W. R. Hoyt, of this place, and who is one of Forest Grove's piano tuners, found a piece of rock on the Gales Creek road, and a stranger seeing him pick it up, asked to examine it. After examination he offered Venen five dollars for it. The offer was accepted, and Venen then saw the stranger mark the fence at the location of the find. Venen does not know whether he has found a gold prospect or whether a fool and his five punks are parted.

H. L. Tabke, who has been acting Southern Pacific agent here for several months, left Monday for Whitehouse, where he will relieve the old agent at that place. He succeeded here by Agent Nelson, who came here from Medford Operator Naugle is still here, although he has had transportation to Southern Oregon for several months. Agent Nelson's wife has been visiting at Cornelius this week, and they expect to soon take up housekeeping in this place.

That a new freight house is needed by the Southern Pacific is evidenced by the fact that a great deal of the freight already has to lay out doors. The business has increased wonderfully from this place alone, to say nothing of the shipments that go through here to Centerville, Roy, Banks and Buxton. The company expects to build a new depot in the Spring, but it looks as though one could be used this Fall.

Jackson Bottom, South of town, is again converted into a huge lake of several hundred acres and in all probability it will be inundated all winter. The bridge across the bottom, put there last year, is now a matter of great convenience to the people living South of the river as otherwise they would have to go to the Minter bridge, below Newton.
