LITTLE CHILD SAVES FATHER FROM PRISON

Chas. Biggs, of Sherwood, Gets Four Years at Salem

ALLOWED TO GO ON PAROLE Must Forever Abstain From Intoxicants or Serve Time

Chas. Biggs, of Sherwood, who when drinking is a quarrelsome citizen, but who when sober is an industrious, reliable sort of fellow, was indicted Tuesday, charged with cutting John Roberts with a knife Roberts' life was despaired of for some days, but he finally recovered. The cutting was the result of a drinking bout between the two Biggs pleaded guilty to the charge. His attorney, H. T. Bagley, asked the court to sentence and parole under the circumstances, as he believed that Biggs would reform if given a chance, that he had an infant child and the family needed his support. District Attorney Allen acquiesced upon the basis of an agreement that Biggs forever abstain from intoxicants and that he be required to serve his time provided he broke the terms of the parole. Judge McBride gave the defendant a severe lecture, admonished him that he must take leniency with a proper observance; and that should he break the terms of the parole granted he would be brought before the court and at once sent to Salem. He exacted the pledge, which Biggs willingly gave, and then sentenced him to four years in the penitentiary. Biggs left at once for his home in Sherwood to eat Thanksgiving dinner with his family, and he appears resolved to follow the letter of the parole conditions.

Argus and Oregonian, \$2.
You will find a nice new lot of Winter shirtwaists at Mrs. Pillsbury's.
Ducks are not overly plentiful this season, yet some of the local hunters have bagged as high as 25 in a day.
With the advent of Spring it is to be hoped that the county court will take away the fence surrounding the court yard.
A. A. Phillips returned to Portland Tuesday, after having helped get the new boilers in the condenser, finishing the work Tuesday morning.

H. A. Hinshaw, Traveling Freight Agent for the S. P. lines in Oregon, was in town Tuesday afternoon, and was on the streets, greeting his friends.
The interesting contest in which the members of Rev. Gilpatrick's Sunday School class have been engaged drew to a close on Monday evening, when the defeated side entertained the winners royally. The boys say they particularly enjoyed seeing some other boy pin the tail on the donkey.

Nothing more has been heard of the proposed electric line by the Loe Company, but the head of that organization says he will begin work in the Spring. The old company, J. Whyte Evans, president, has been sued and given a chance to pay a judgment of over \$2,000 to an attorney who worked for them last summer.

D. W. Marsh, who has been over in the Sandwich Islands, where he has been interested in newspaper work for six years, arrived home at Forest Grove the last of the week, and in time to eat Thanksgiving dinner with the Oregonians. Mr. Marsh says that J. W. Marsh, former publisher of the Times, will leave the Islands and arrive here within a month or so.

The Beaverton story that two men stopping there were drinkers of Forest Grove whiskey stamps to pieces the theory that they had anything to do with the Forest Grove bank robbery, unless they used it to accelerate their get-away. It is said by many that it will make a man sufficiently frisky that he can climb a tree or a telephone pole without "climbers" on.

On January 8 1910 the State Horticultural Society will meet in Portland, and Washington's county proximity should give it a good attendance. By all means become a member of this society if you have an orchard. There will be exhibits of fruits of all kinds and if you wish to compete you must be a member of the association. To become a member send E. R. Lake, Secretary, Corvallis, \$1 and he will send you a certificate of membership.

We have now finished our run of large tile drain, and after filling our orders we have a few thousand in stock. Parties wanting these sizes should order while the stock is full. We have a good stock of smaller sizes; also brick and building blocks. We have the best all-round yard stock of lumber in the county, and can fill ordinary bills on short notice. Extra fine stock of dry shiplap. Anyone wanting stock delivered should order early, while the roads are good, as it costs about twice as much to haul in the mud. Groner & Rowell Company, Scholls, P. O. address, Hillsboro, Route 2, Independent Telephone.

Fred Schomburg, owing to his health, which has been very much broken for some months, has resigned his position as superintendent of the Oregon Condensed Milk Company. Mr. Schomburg still retains his stock in the industry. His son Chas. succeeds him as manager at the condenser. Through the elder Schomburg's management he has seen the business built to splendid proportions. He is but now convalescent from a severe attack of inflammatory rheumatism.

Fresh oysters or a choice cocktail, L. J. Palmetier has for sale; Best confections in the city; Lowney's he makes a specialty; Snickers, chews, can be supplied; With goods as good as any tried; Fresh fruits, apricots, hot balloons, Vigorol—good things to feast upon. So when in town, give him a call. You'll get a square deal, one and all; Of places you will not find any like Palmetier's Confectionery.
E. A. Eddy, of Tualatin, was up Monday, and says that the Oregon Electric railway has paid for much right of way down in that section, and that camps are being established down there for construction. He states that he believes they will eventually run from Tualatin up to Hillsboro and Forest Grove. This question of an electric line to Hillsboro and the Grove is very delicate one, E. A., and you mustn't give us too much of a "josh" along that line.

The P. R. & N. has filled over the sidewalk on the east side of Third Street, near the underground walk, and an elevated sidewalk, with bannisters, and steps on the south approach only will be built. Provided the Southern Pacific does not fill in the space between the P. R. & N. and their own track, in the Spring, Mr. Lytle will then put in an underground passage, the same as that under the S. P. track.

If anyone thinks that Judge Goodin is not a sprinter he should have seen him run to the Besocow fire Tuesday morning. Judicial dignity was thrown to the winds and he made a record second only to that of Dan Patch—but he discovered that his wind is not as good as it was some years ago.
A defective flue was the cause of a small blaze in the W. W. Besocow home, on east Main, early Tuesday forenoon. The fire department responded and soon had the blaze extinguished. Two rooms in the upper story were considerably damaged. A strong north wind was blowing and had the blaze had a little more time it might have burned the building.

J. H. Thompson, of Thompson Bros. Lumber Co., was in town Monday and says his company has over \$5,000 worth of lumber laying at the railroad track and which he can not move at any price owing to the car shortage. This car shortage seems to be hitting the millmen as well as the farmers.

The P. R. & N. is sending out another locating party, this time to Vernonia. Vernonia people have been fearful for some time that they would get no railway, but this latest move has sent their spirits soaring. The Argus predicts that Vernonia will be the largest town in Columbia County within two years after a railway reaches it.

W. N. Ferris, president of Pacific University, was down to circuit court, Monday, appearing in the famous reversion cases instituted because of the alleged sale of liquors, contrary to the restrictive clause in the deeds of Forest Grove city property. Judge McBride set the cases, but it is not likely that they will be tried. Milton Smith, the attorney for the University, is abroad somewhere and for this reason a continuance of the cases was asked.

Clerk Godman is this week advertising for proposals for the Wilson River toll road, upon petition of John Heisler and John McClaran. The matter will be concluded at the January session of the county court. It is understood, of course, that John McNamer will be the most interested, if not the only bidder, as he has considerable money tied up in the road between Gales Creek and Tillamook. The road will no doubt be valuable only for another year, as the rail road between here and Tillamook will do much to put a quietus on travel over the mountain.

BIG SLIDE ABOVE BUXTON, SUNDAY

Two Japs Killed and Several Were Injured

TWO TAKEN TO THE HOSPITAL Thirty Orientals in cut When Slide Occurred

A big slide in a P. R. & N grading cut near the Cummings' place, above Buxton, last Sunday forenoon caused the loss of two Japanese and the injury of several more. Thirty Japs, under a white man, were working in the cut, which was supposed to be in solid rock. Suddenly the entire mountain gave way and came down in an avalanche. Eight or nine Japs were scratched up, one was buried and killed outright, and one died from his injuries the same evening. Master Mechanic McLaughlan went up with the train and brought the two dead men in, as well as two injured, the latter being taken to Portland the same night and placed in the hospital.
The man caught in the slide was an ex-soldier, and he had just crossed to America after the war. He had several medals from his government, for bravery in battle.
