HILLSBORO, OREGON, APRIL 25, 1907.

SOUTHERN PACIFIC IS HIGHER ON THE ROLL

Must Hereafter Pay Tax on \$15,000 a Mile

VALUE NOW OVER HALF MILLION

Harsert Protest Expected but Kaise is to Stand

Assessor Geo. H. Wilcox has raised the Southern Pacific roadbed assessment to \$15,000 per mile, as against last year's assessment of \$10,000 per mile. The total assessment for the Southern in this county is now \$519,120, for 1907, as against \$343,700 for last year's roll. There will be protests from the Harrison line, no doubt, but the values will most likely stand.

Timber lands will get a crack-jack of a raise. Farm lands in some locality will be raised fifteen or twenty per cent, but this is not a comparison to the railway raise, which, on the road bed is exactly fifty per cent. The rolling stock is now assessed at \$1,000 per mile.

SPECIAL TRAIN

It isn't every day that a man in the hills has a special train carrying a physician to attend him at midnight. Last Thursday night a telephone was received from Buxton stating that Frank O'Donnell had cut himself with an ax, and that he would bleed to death before morning. Dr. F. J. Bailey was called and he communicated with General Manager C. E. Lytle, of the P. R. & N., who said that he would send out the passenger coach if a matter of life was at stake. Engineer Follette steamed up and left out at midnight, with the Dr. When they arrived at Buxton they found no one waiting for them and the Dr. finally found a horse and rode to the O'Donnell place, where he found the patient had inflicted a scalp wound that was not at all dangerous—in fact the young man ate breakfast the next morning with a very good appetite.

The party who did the telephoning was somewhat excited, or else wanted to be sure that his message would bring medical aid.

Mrs. Ed. Shaler, of South Tualatin, drove a horse and buggy into town, Friday, and tied the rig at the chain. She then raised the shield under the seat and a hen flew out. Upon investigation she found two eggs. The hen was busy increasing the Oregon egg product when the ranch was left and the driver knew nothing about it until the shield was raised. A grocer who happened to witness the affair said that this was the finest exhibition of hen intelligence that he had ever witnessed, and he thinks biddy noticed that the eggs were always brought to market in the buggy, and she wanted to facilitate matters by making her deposit in the vehicle.

CANNED BLACKBERRIES THIRTY-ONE YEARS AGO

Nineteen Years Yet to Pass Until Opened

MRS. JOS. WILLIAMS HAS PRIZE

Expect to Open Fruit at Their Golden Wedding

Thirty-one years ago this Summer a young woman picked blackberries on the river above North Yamhill, canning the fruit in anticipation of her approaching wedding. Her fiancée was with her when the berries were gathered and canned. The next year they were married. Can by can the berries disappeared until there was but one left—and that is still left, and tenderly and carefully watched.

The can will not be opened for nineteen years more, according to their plans, and the seal will be broken when they shall have lived to the date of their golden wedding, and they expect to live that long, if only for the purpose of eating the berries gathered so long ago on the sun-kissed hills of the Yamhill. Who is there so gross as to say that sentiment is dead and gone in this commercial age? Bring him here and we will give him full membership in the Ananias club.

The couple who gathered the fruit are Mr. and Mrs. Jos. Williams. Mr. Williams is one of the pioneer hopmen of Yamhill, and is still well preserved. If Mrs. Williams has stood the test of time as well as he, both will be here in 1926 to open that jar.

The Argus hopes that Mr. Vickers will be kept here. The people here have known him ever since he was a boy, and they are satisfied with him.

B. F. WAGLEY HEARS OF DAMAGE CASE

Comes Over From Sound and Accepts Service

SAYS IT IS CASE OF HOLDUP

Will Fight the Affair to the Bitter End

B. F. Wagley, of Tacoma, arrived in the city the first of the week, coming here upon hearing that Sheriff John Connell had been sued by Mrs. Lillian Bond for ten thousand dollars damages. As the Sheriff had gone to Forest Grove as a peace officer, when Mrs. Bond was ejected from the restaurant, and went at the instance of Mr. Wagley, he felt that he should come over and see the official protected. When he arrived he found, as well, that he too, had been sued for ten thousand. Service was made and Mr. Wagley says he will fight the case to the bitter end, and that he will not suffer what he characterizes a "holdup."

George Bond, the husband of the woman who has sued for the twenty thousand dollars, a few years ago worked at Centerville, later going to the Sound.

The cases can not go to trial until Fall. Mr. Wagley says he is not afraid of any verdict being procured, and will risk his case with a Washington County jury. He promises the Bonds, a fight for his money, as he wants to carry it himself.
