"Our George" has amicably settled the friction between those who favored and opposed sending Oregon girls back to Jamestown, in the habilaments of Klootchmen. The governor suggested a neat military suit, and the compromise will be adopted, and all is serene. A military drill with swords will be substituted for the proposed flourish of camas-diggers, and Oregon w ll exhibit her healthy daughters to the effete eset in true Spartan spirit.

The treacherous spirit of Japan is well worth considering by our statesmen. It would be well to keep a clutch on the "big stick," as well as to watch the Oriental. It is history that Japan struck below the belt when she attacked Russia before a formal declaration of war. When Japan gets ready she will smile today, and tomorrow shoot up the Philippines-our weakest point of resistance. Afterward war can be declared. With exclusion sentiment strong here, and friction always imminent, it would be wisfrontier or give it a naval defense fat fryings. Uncle Sam would be the winner, and could then never fear any Eastern power, and at the same time get his voice above that affected bronchial whisper he has used in talking to the Jap Mikado.

Whatever else the President has done he has given the nation a vast benefit by his acceptance and dis semination of the statements long since made, that the American people have been abused by corporate wealth. Although coming in such manner as not to be pleasing to the executive, he has clinched the fact that great sums of money have for years been contributed to elections -and all this in the name of "nahis supporters charged this fact a K few years ago they were named as liars of mighty magnitude-while we must now accept the despised liar as the pioneer whose acumen discerned the blazed trail of financial corruption. Mr. Roosevelt has been criticised very roughly for saying that Pettibone, Moyer and Heywood, charged with complicity in the murder of Idaho's ex-governor, were very "undesirable citizens." SHERIFF'S SALE

Notice is hereby given that by virtue of an execution issued out of the Circult Court of the State of Oregon, for the Coun-ty of Washington, dated the lat day of April, 1907, in favor of J. F. School, plain-tiff, and against F. T. Kane. Defendant.

William Bumgardner, retired of 424
Water St., Salem, Ore., says: "I speak from personal experience when I say that Dean's Kidney Pills do all that is claimed for them in curing kidney complaint and backache. I had felt the need of such a remedy for a good long while, but did not know just what I should use. I have found that many medicines are worthless, and that even physicians' prescriptions do not always prove effective. When I read of Doan's Kidney Pills, however, I was induced to go to a drug store and procure a supply. The backache and irregular condition of the kidneys which had annoyed me, quickly gave way upon beginning to use your remedy. I was restored to a condition of case and comfort. I can recommed Doan's Kidney Pills to anyone in need of such a medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
