

MARY RAMSEY WOOD NOW 120 YEARS OLD

No Signs of Approaching Dissolution as Yet

WILL CELEBRATE ON MONDAY

Oldest Living Woman in the World at Hillsboro

Monday, May 20, 1907, will mark the 120th birthday of Mary Ramsey Lemons Wood, who resides on First Street, just south of the Opera House, with her daughter, Mrs. C. B. Reynolds, who takes care of the aged woman. The Argus has investigated the age claim of Mrs. Wood and letters from Missouri, where the family bible is now kept, show that Mrs. Wood was born May 20, 1787. She is still able to talk with her friends and relatives and seems no nearer dissolution than a year ago. A large delegation of relatives and friends will be here Monday to help the old lady celebrate her anniversary.

Mrs. Mary Ramsey Lemons Wood was born May 20, 1787, at Knoxville, Tenn. She joined the Methodist Episcopal Church in 1799, and was married to Jacob Lemons in 1804, the issue being four children, as follows: Mary Jane Lemons, born in 1806, died 1904, Isaac Lemons, born 1809, died 1866, Mrs. Nancy Lemons Buelck, born 1816, died 1868, Mrs. Catherine B. Southworth Reynolds, born 1830, still living.

Mrs. Lemons removed with her first husband to Alabama in 1837, and to Georgia in 1838, where Mr. Lemons died the following year. In 1849 she removed to Missouri, and in 1852 crossed the plains to Oregon, settling in Washington County. She rode a bay mare, a favorite animal which she called "Martha Washington Pioneer," the entire distance.

May 28, 1854, she was married to John Wood, who built and managed for a number of years the first hotel in Hillsboro.

She is descended from English ancestry, her parents first settling in the Carolinas, and afterward moving to Tennessee.

Her father, Richard Ramsey, was a brickmaker, and built, it is said, the first brick house in Knoxville, Tenn. He dropped dead from heart disease.

Her mother died at the age 110. The day before, she walked five miles, knitting all the way, as was her custom.

Mrs. Wood weighs about 130 pounds, and is about 5 feet 3 inches in height.

Grandma Wood lives with her daughter, Mrs. C. B. Reynolds, who gives her every care and devotion. Mrs. Reynolds says: "Grandma cared for me when I was a child, and it is a great pleasure to me to return the kindness of years."

A Cornelius man has a dog that is very fond of eggs, and the canine has always "beat them to" the nest and helped himself to the cake-berries. The owner put up a job on the dog, and installed some very nice and likely looking china eggs in an improvised nest, and Towner now has three whopping pieces of undigested egg in his stomach. The dog is broken from sucking eggs, but he seems to have lost his usual interest in life. It is said that three veterinaries are figuring on a way to again make those eggs available for chicken house use and at the same time preserve the dog, so he can bring up the cows. Jasper Reeves can tell you who is the owner of the dog.

CEDAR MILL WOMAN ON SPINAL MENINGITIS

Thinks She Stopped Severe Case With Simple Treatment

COUNTY FREE FROM THE DISEASE

Potter, of Union Lumber Co., Thinks Was Attacked

Washington county has been free from spinal meningitis, and while people have died by the scores in Portland and Seattle this section has pursued the even tenor of its way, contented to enjoy simple little things like chicken pox, scarlet fever, etc. Physicians here think that salt gargles and nasal douches of like nature, or a gargle with diluted peroxide of hydrogen, if your throat or nasal passages are inflamed, may ward off an attack of the dread disease. Mrs. E. O. Potter, wife of the president of the Union Lumber Co., of Cedar Mill, handled a case which they believe was incipient meningitis as follows: E. O. Potter, manager of the Union Logging & Milling Company, whose plant is about nine miles from Beaverton, believes he had a narrow escape from death in an attack which had all the symptoms of spinal meningitis. Last Thursday he was in Portland, and during the day was seized with severe pain in his stomach. The pains soon afterward were located in the back of his head, and when he arrived that night in Beaverton he was suffering intensely. On his way home in his buggy the pains increased to such severity that it was with difficulty he could keep his head erect. Upon arriving at his home he was nearly unconscious and was hurriedly put to bed by his wife, who, in relating the experience yesterday, said she found upon examination hard lumps, about the size of a marble, in the back of his neck. She applied bandages dampened with hot water, and far into the night alternately applied the hot compress and massaged her husband's neck with her finger tips. He lapsed into unconsciousness during the night but the wife continued the massage and hot water application until the lumps disappeared, using a simple liniment with the rubbing. She also had a hot-water bag under his head, and finally the pains left, consciousness returned and the patient was well enough to come to the city yesterday, though he complained of being weak and the muscles of his neck quite tender and sore to the touch.

Mr. and Mrs. Potter decided that their experience in combating the disease might aid some other sufferer, and related the foregoing in the hope that the treatment might be of service in cases of emergency.

Walter Brown, son of J. K. P. Brown, died in Arizona, first of the week. Mr. Brown was a young man and his loss is a severe one to his aged father, who had sent him to the South in hopes of improving his health, he having been a sufferer from tuberculosis. His brother, Fuller Brown, departed Monday for Arizona, to care for the remains. His father, three brothers and two sisters survive of his immediate family.

We sell more agricultural implements than all of our competitors, put together. The reason—we ship direct from the factory, and pay spot cash for them. Come and get prices. Schulmerich Bros.

Concessions are going very fast at the celebration grounds, and there is promise of a big time. Forest Grove is to send down a bunch of people, and Cornelius and Buxton will also be in evidence. A special train will be run to Banks and Buxton to bring in the crowd from out that way. The city is to build a permanent bandstand at the Shute Park, and in two or three weeks, with some logs and stumps removed, the place will look like a pleasure resort.

"Uncle Jerry" with his funny laugh and inimitable songs and grotesque dances will figure largely in "Old Arkansas," which comes to the Crescent Theatre May 23, he is equal to if not better than "Zeke" in the "Missouri Girl." The sale of seats for "Old Arkansas" will open tomorrow.

A noted medical authority on diseases of children states that one of the causes of epinal meningitis is insanitary conditions. Many such conditions are to be found in Hillsboro, and although the health generally is very good here, it might be well for the authorities to force a general cleaning up.

The Pacific Railway & Navigation Company has brought suit to condemn right of way through tracts owned by Mary S. McGee and the Western Timber Company. Unless they settle, the cases will be settled by a jury. Bagley & Hare are the right of way attorneys.

Claude Thomas, aged 22 years, and who was operated on by a Portland surgeon a fortnight ago, died near Gaston the other day. The ailment was too far advanced and it was death by pulling through.

C. R. Adams, in the general merchandise business at Scholls, was in the city today, and states that there is plenty of business down his way. While here Mr. Adams made a pleasant call at the Argus office.

Are you a smoker? Then call for the Schiller or Excellencia—Oregon manufacture.

U. I. PHOT. of Mrs. Scholls was

For sale, 25 head of high grade sheep—ewes with lambs, about a month old. Price per head, inclusive of lambs, if taken away soon, \$10.—A. N. Cutting, Sherwood, R. F. D. 4. Residing near Kinton.

H. C. Phillips, while working at the Bloyd mill, beyond Phillips, badly cut his ankle with an ax, last Saturday. The blade entered the cartilage and there was considerable blood loss. The plucky young fellow rode to town to have Dr. Tamiesie attend the wound, and upon reaching the office faint, requiring several minutes to get him around. He insisted on starting back as soon as the wound was dressed but the physician refused to let him depart until he had a night's rest.

Wm Schulmerich notifies the Argus that Farmers' Institutes will be held in this county, as follows, in June: Sherwood, June 4; Forest Grove, June 6; Banks, June 7; and Hillsboro, June 8. He states that an attempt is being made to have Webster, chief of the Dairy Bureau, of Washington, D. C., be here for one or two of the addresses. Here will be a chance for all sections of the county to hear some good lectures on farming and dairying.

Norelli, the prima donna, and not second to Patti, sang her way into the hearts of a packed auditorium in Marsh Hall, last night. The gifted singer who has charmed the capitals of Europe, was among her friends, as some years ago she was connected with Pacific University. William Wallace Graham was super, and his day with the really great masters is at his threshold. Fifty attended from Hillsboro, returning on a special train.

Mrs. E. E. Williams presided as pianiste with fine technique. The different nationalities hearing Norelli review her numbers as follows:

The Scotchman: Hoct Mon! It was a bonnie voice, See like gude Springtime weather, And lika time she held her notes, I think of blooming heather.

The German: Dot voice is somedings very fine, It beats dot German band—It cutted me back across the Rhine, Into dot Faderland!

Scandia's Son: Ay tank Norelli bane yuns' fame, So faime Ay never heard, En' ven she warble en' she trill, Ay tank of Swedish bird!

The Italian: La lecta girl; da granda song, Lak da perfume on da breeze, An' ven she sing da song lak night, My heart cut feel da piece.

The Irishman: Norelli hawn, you're voice is swate, An' fills the hall compleatly—Shure, take me war-rd, yez are a bur-rd, An' sing your songs sedately.

The Deacon: When Norelli sang last eve, It lifted off the years, An' made me think of fields an' flowers, An' joys—an' mothers' tears.
