FARM FOR SALE

100-acre farm for sale; fine soil; 87 acres under plow; balance good pasture; no timber. Located one mile from Witch Hazel Station; four miles from county seat. Ten-room house; two barns; good water, two wells. This is fine for dairy, or purchaser could cut into small tracts. If sold soon goes for \$80 per acre. Abstract to date goes with deed. Address or call on G. J. Palmateer, Hillsboro, Oregon.

Fred Wolf, of West Union, was in town Saturday.

H. Rasmussen and wife, of below Reedville, were in town Saturday.

Peter Vanderberg, of near Centerville, was in the city Saturday.

Peter Grosen, of beyond West Union, was in the city the last of the week.

Wanted: Teams to haul lumber by the thousand from mill—Union Lumber Co., two miles north of Cedar Mill.

Ed. Wolf, injured at the Wiley corral last week, was well enough to be moved home to Cornelius, the last of the week.

The Southern Pacific tore up the spur at the Shute Park, last week, and it is again being put in. The contract with Sewell was that if they tore up the track they must pay \$350. This contract was held by Sewell, who transferred it to J. W. Shute, who, in turn, conveyed it to the city. The official who took up the spur did it in ignorance of the agreement, and when the company was notified of the terms the officials concluded it wise to put down the steel again.

John H. Humphreys returned the last of the week from Hood River. While there he met Joe Staybig, the Indian who was once chief of the Klickitats, and who forty years ago made pilgrimage across Washington County with his brave on visits to the grande Ronds and Siletz Indians. "Joe" asked him about Dr. Geiger, long since passed away; about Dr. F. A. Bailey, and numerous other pioneers of this section. Joe is a full-blooded Indian, but enjoys the distinction of being yard boss in the strawberry yards. Strange to say all the pickers like him, and they get along finely. This is one case where the supremacy of the Red Man is established.

It has often been said "Yamhill against the world." A trip up to that county, Sunday, was one not calculated to give Washington County people a longing to leave her green fields and running brooks. Nowhere up there are to be found crops that compare with ours, and Washington County's grain fields, or other crops. The comparison simply goes to show what dairying will do for a section. There is no feature like continuous grain farming to rob the soil of fertility and thus is no farming like dairying to keep up fertility.

Something new: Mexican drawn work, on sewing machine; 30 beautiful designs, suitable for fancy shirts, pillow tops, underwear, centerpieces, etc., on anything from finest Indian Linen to Butcher's Linen; learned in one to three lessons. \$1 per lesson. Call and see samples. Mrs. J. J. Hill, 2nd & Railroad Streets. Also dress making and family sewing. Satisfaction guaranteed.

The Scholls' Maccabees had a rousing picnic at that place, Friday and Saturday, and on the last day Congressman Hawley was present and delivered a rousing address. Mr. Hawley is an exhorter of the first water, and gave the boys Fraternity right off the reel. It isn't every day that a place the size of Scholls has a real Congressman on exhibit.

In June the farmer loads his hay. We hope his crop will turn out well. He is the country's sure mainstay. For without him we might could sell. Now some sell this and others that; The wants of people always vary. If you want sweets—'I'll tell you what, Try Palmateer's Confectionery. —L. J. Palmateer, Prop.

Mr. Schmeltzer, of Forest Grove, and father of H. D. Schmeltzer, of this city, had the misfortune to shoot one of his fingers off, Sunday morning, while setting a gopher gun. He had forgotten that the machine was loaded. The shot badly injured another finger, as well, and it may have to be amputated. Dr. Via dressed the hand.

Frank Sues, the Corneliusite who is playing ball with Spokane this season, again, is making a record at the bat and in the field. He has been making some great plays for his team, and is just as good in the field as behind the bat. For some days he has been fielding on account of hurting his arm and being unable to catch.

Hops held over from last Fall's sales are now being sold at seven cents, and within ten days nearly 300 bales have been shipped. A few are yet holding on for higher prices and some allege they are going to hold until August, in hopes that they will get better figures.

Hop pickers, wishing to pick at Ray Hop Farm, Witch Hazel, will please register at the ranch, or send their names for registry, with number of pickers in family to the undersigned. Fine accommodations.—Frank Weisenback, Manager.

Farmers wanting good, heavy, serviceable hay racks, 15 and 16 feet in length, can get them ready made at the Wm. Fugay blacksmith shop at Phillips. Cheaper than you can make them yourself. Painted, 2 coats.

For sale: Holstein bull, practically thoroughbred, coming 3 years old. Fine for breeding purposes.—John Schneider, Hillsboro R. 4, residing one mile west of Phillips. Phone, Pacific States, Hillsboro, 49x3.

General Manager Lytle left Monday morning for a trip over to Tillamook, where he went with the officials of the P. R. & N. to look over that end of the line. The party went in by automobile, via Sheridan.

Doc Mendenhall, of above Buxton, and who has been freighting for the tunnel, was down the last of the week. His son, Geo. E., who has been at Los Angeles, Cal., for some time, accompanied him home.

Z. N. Seelye, of above Banks, was in town Tuesday.

J. C. Smith was down from Greenville, Monday.

FOREST GROVE COLTS ROPED AT YAMHILL

Boys Put up Fine Game, But
Lose Out by 2 to 1

BIG CROWD GO ON EXCURSION

First Defeat Suffered This Season by
Team

Eighty five people from Hillsboro; 185 from Forest Grove; a dozen from Dilley and a dozen from Gaston, and a like number from Cornelius, went to McMinnville, Sunday, on an excursion train, to witness the game of baseball between Forest Grove and McMinnville. It was a good natured crowd, and a fine exhibition of ball. The Colts were there with the goods, but they were just a trifle shy. "Koppy," who put up gilt edge ball at all times except one wild throw to first base, which gave McMinnville the winning score, blames himself for the loss of the game—but he redeemed himself so well at the bat, and worked so hard at short, that no one blames the plucky lad. It was just simply a toes-up which would win. The pitcher for McMinnville was good, but Old Man Bettis pitched good ball all through the game, just the same, and he fielded one line drive to the pitcher's box that was a peach-erino of a catch, and then whipped it to first and shut out the man who tried to make second on the hit and was killed at the initial bag. It was a good game and Forest Grove shouldn't feel sore. They can't win all the time, and they have as fine an amateur team as any town could wish. Every man is a player and knows the game. The boys play ball good enough for anyone who is a baseball fan.

Hillsboro beat Farmington on the Hillsboro grounds at a score that would satisfy the man who has run completely out of ciphers. Roy Cook umpired the McMinnville and Wm. Schulmerich kept cases on the Hillsboro game.

SERVICES, SHUTE PARK

The program for Sunday, at Shute Park, where the Veterans will be in camp, is as follows: Preaching at 11 in the forenoon, by Rev. The singing will be arranged by the various choirs. These services are a union of all congregations. The program was arranged by the committee, Messrs. R. Crandall, F. A. Haines and J. W. Hartraup. Everybody invited.

ED. MENDENHALL HERE TUESDAY

Defended H. Wintzingerode
Here, Thirty Years Ago

LAWYER EXPRESSES HIS VIEWS

Says he Thinks Baywood will Not be
Convicted

Ed. Mendenhall, the noted criminal lawyer of Portland, and who defended Wintzingerode in this city, thirty years ago, and who finally succeeded in saving the prisoner's neck after he had been found guilty of murder in the first degree, was in town Tuesday morning, enroute for Buxton. Mr. Mendenhall has been east, and returned about 20 days ago. In talking with an Argus reporter Mr. Mendenhall, speaking of the Orchard case, at Boise, said: "I do not think that the state will convict Haywood. I firmly believe that Orchard had no understanding with the Miners, and that he was working for the mine owners. This is borne out by his own evidence. Watch it, and you will see that every time that Orchard planned a crime, according to his testimony, he saved some little scrap of evidence, like a piece of string, etc., to corroborate his story. This he would not have done under any circumstances, had he been in the employ of the Federation. It is the Pinkerton proposition, to break up the Miners' Union, in my estimation. Haywood will not be convicted."

Late Monday evening John Howard, of near Laurel, went to the Laurel store to do some trading, accompanied by his wife and children. While he was in the store and the wife and children were in the vehicle some one shot a rocket. The swish frightened the team, and they turned in a circle, throwing Mrs. Howard and the two children out. Mrs. Howard struck on a stump and her lower jaw was broken, her right elbow injured, and several of her teeth loosened. Dr. Linklater went down and attended the injuries. During the runaway Herman Collier's buggy was demolished. Mrs. Howard is resting well, but her injuries are such as will take weeks for recovery.

Laurel M. Hoyt disfigured his countenance early Monday morning, by reason of ditching himself. He was turning the Crescent Theatre corner on a bicycle, and was suddenly confronted by a go-cart, trundled by Dr. W. D. Wood. To avoid a collision Mr. Hoyt ditched himself and was soon thereafter gratified by observing beautiful prisms and tints settling around one of his optics. When he went home his wife didn't recognize him and he had quite an argument before she would let him in at the door—so L. M. says.

A \$350 mare, belonging to John Lord, of below Newton, broke her bridle at the courtyard chain, the last of the week, and ran up Lincoln to the F. T. Kane residence, then jumped the fence, went south to the P. R. & N. crossing, where she again jumped the fence and ran east up Main, until in front of the Crescent, where she fell and broke loose from the buggy. The damage, which might have been heavy to animal and buggy, amounted to but five or six dollars, the horse being skinned on the nose a trifle.

POMPEIAN MASSAGE CREAM

Your skin may look clean after washing—until you see the left-in dirt that of the pores

Just as this paper is white until it is compared with something whiter, so your skin may look clean until you try a Pompeian Massage and see the left-in dirt that it brings out.

You have been washing with soap and water but still the dirt remained. You thought your skin was clean, but wondered why it was sallow and why the wrinkles grew more in evidence every year.

Pompeian Massage Cream gently rubs in and then as gently rubs out will bring with it the dirt that soap has never touched, nourishes the skin, puts red blood in the cheeks,—lets nature do its perfect work.

All good barbers apply Pompeian Massage Cream—it is a great relief after shaving and tends to make the skin stronger and less sensitive.

Ladies appreciate Pompeian Massage Cream because it stimulates the circulation and gives a bright, clear complexion.

Come in for free sample and copy of the famous booklet "A Treatise on Facial Massage," Pompeian Cream is sold at 50c and \$1.00 per jar.
