Argus and Oregonian,

The mold has done great injury to the hop crop in many yards in the Willamette valley this year.

John Humphrey, who went up to a Yambill hop yard to pick, re-ports that the hop man set the men to threshing grain, and when that job was done, cooly informed them that for certain reasons, he wouldn't pick his crop this year.

Rain began Sunday night, softly at first, and then as if to let the Price and Trephics to be Given Event people know that Jupiter Pluvius affaire, it fell in torrents. ADVANTAGES OF

And Summer Irrigation in This County

was a county seat visitor, Friday.

Dudley mill ranch, northwest of Hillsboro, last Friday, in company eaid A. C. U. Berry, representing cently lost \$250 horse, with pneu- with Geo. Bagley, the owner. Mr. Bagley believes in Summer irrigation, and showed the writer 8 acres Lola Kems, of McMinnville a few of land which he had sub-soiled to a depth of about 15 inches. He County Treasurer Jackson and sowed a crop of vetches on the land in February last, from which he later harvested 2 tone to the acre. He then constructed a ditch from the mill forebay, and ran water out to the land, using dead furrows for laterals, and overflowed the whole small stock, placet of hear roles, and overflowed the whole dissected to prevail that they Monday, and chatted about the week, and four gangs are between Grove was in the city Monday, tract by daming the furrows at proper distances, with sacks filled with dirt. He harvested his first crop of clover in just 52 days from the time he put on the water. He is now harvesting the second crop. He has also grown two crops of oate on the land irrigated. The water used, comes from Dairy

Creek, and the water right belonge to the mill, owned by Mr. Bagley. The cost of the ditch, and work of irrigating the 8 acres, was \$23. Mr. Bagley is now planning to sub-soil and irrigate 12 acres more, adjoining the 8 acre tract, having ascertained that the cost of fluming and the ditch, will be slight, in fact, not exceeding \$100. He will thus be able to get 3 crops of clover in-Hahn, of near Mountaindale, were stead of one. Mr. Bagley has demin Hillsboro Friday, transacting onstrated that where ground is subsoiled, and irrigated in the Summer months, that the ground does not crack open or bake, but remains day, to teach in the Portland public moist, and is easily worked. Mr. schools. This is her third term John Campbell, a Umatilla stockman and breeder of fine trotting J. Leuz, Hillsboro, will buy your horses, who bought the Underhill chickens, ducks, geese and eggs, farm, near the Dudley mill, will irfully expects to have trains running and pay the market price in cash. rigate portions of his farm with from Pertland to Tillamook Bay by No- Breeder of thoroughbred Rhode water from the Bagley ditch, next year.
