EQUALIZATION BOARD ENDS ITS LABORS

Reduction of S. P. Co's Assessment Denied

A REDUCTION ON TIMBER VALUE

Timber Land Acreage, However, Stands as Assessed

The Board of Equalization for Washington county, consisting of Judge J. W. Goodin, County Clerk Godman and Assessor Wilcox, completed its labors on the 18th inst., and adjourned. The condenser assessments were not lowered. The request of the Southern Pacific Railroad Company, for a reduction, was also denied. The assessment was for \$16,000 a mile, including rolling stock. In the matter of timber land assessments, the board decided to reduce timber assessed at \$125 per thousand feet, to 90 cents. Timber assessed at \$100 per thousand was reduced to 75 cents. All timber acreage remains the same as originally assessed. In regard to other assessments, there were raises and reductions, as the cases seemed to justify.

Circuit Court should convene in Hillsboro, next Monday, but for the Holidays. The County Clerk up to the time of going to press, had no word from Judge McBride, as to his intentions. It is possible that the Judge will come on the appointed day, and dismiss the venire of jurors, who will be here on that date, or, he may conclude to hold court, much depending upon the attitude of the Governor, in taking the holiday lid off.

THE GOVERNOR TALKS BEFORE OHIO CLUB

Says Holidays Protect Man who Owes, as Well as Banks

THEY MUST HELP EACH OTHER

Asserts Present Conditions Cannot Long Continue

Governor Geo. H. Chamberlain spoke, on invitation, Monday night, before the Ohio Club, of Portland, and referring to the present financial stringency, said in part: "If the banks were compelled to pay out the money in their vaults, all the industries in the city would have had to close down with heavy losses to the community. If the banks had been as impatient as some of the depositors were, many of our factory men who do a large credit business would have been ruined. The bank holidays were declared to protect not only the bank and its depositors, but the men who owe the banks. "It doesn't do any good to run down these financial institutions, but we should help to tide them over by expressing our confidence in them. I have my home and I don't want to lose it and I don't want it to depreciate in value, but if runs are made on our banks every man who has a foot of ground in this state will find it depreciating in value. "The present condition is an abnormal one—at a time when crops are so abundant—it can't long continue. So I say let conditions stay as they are until relief comes which, I confidently believe will not be long."

George Carlton, who was seriously burned in a dwelling at Forest Grove, some time ago, suffered the amputation of an arm, in a Portland hospital, the other day, as a result of his burns. It is not known what his chances are for surviving the operation. Carlton had no relatives on this coast, and was hopelessly addicted to the liquor habit. He has a mother and brother in New York, who are wealthy, the son being a broker. Carlton lived in this city for some time.

A. A. Beery, pastor, gave a solo, and Mr. and Mrs. G. A. Webb executed a duet in a pleasing manner.

The two Ruchman brothers, who recently bought 40 acres near West Union, are stopping with John Fisher, of that place. Sundin, for \$1500.
