

THOS. OTCHIN'S WILL TO BE CONTESTED

Estate Valued From Thirty to Forty Thousand

MRS. ANTHONY TONGUE CONTESTS

Make Will

A petition has been filed in the county court by Mrs. Rebecca Tongue, sister of Thos. Otchin, deceased, contesting the last will and testament of the latter, which was filed in the county court on the 15th day of December, 1906. By the terms of the will, Mary Ann Otchin is given the best half of the Otchin donation claim, and the other half of Thos. H. Tongue receive one hundred acres in the northwest corner of the donation claim, the remaining two hundred and twenty acres being devised to 30 heirs of Thos. Otchin, in England. The petition alleges that Thos. Otchin, at the time of the execution of the will, on June 3, 1903, was aged 90 years, and by reason of feeble health was not competent to make a will. Mrs. Rebecca Tongue, who is the mother of Thos. H. Tongue, deceased, and is not remembered in the will, claims the prominence of the parties to the contest, the matter seems to create considerable interest in this county. Miss Simpson, who is defendant to the contest, is about ready to take a trip to England, where she has relatives, when the contest was filed. The estate was appraised at about \$30,000. The petition recites that the will was worth \$43,000, and that she received about \$25,000 on the estate. The petitioner is the only living child of the testator, and there is a living brother.

ROAD DISTRICT ELECTIONS

Election will be held at the Nevada school house, tomorrow, District No. 11, when it is expected a tax of five mills will be levied to further modernize roads in that district. Judge Goodin expects to be present and talk in the evening. On the 28th inst. an election for special road tax will be held in District No. 29, and on the 29th inst. Districts 13 and 14, of West Grove, will meet to vote a special tax for road building. Road improvement is in the air, and many people think that this generation is as much entitled to good roads as those that will succeed us. Reasoning is logical.

A slide from the P. R. & N. Co's grade, about two miles north of Buxton, occurred Friday. The slide went into the county road, and for a time blocked travel, but the company promptly sent a force of men to fix matters. The slide filled up a depression in the county road, and outside of the short delay to travel, was a benefit to it.

THE BRADLEYS A BAD LOT

Patrolman J. H. Gittings, of Portland, was killed in a pistol duel at Albina, yesterday evening. Gittings had been called to arrest Melville G. Bradley, of the latter place, for beating his wife, when Bradley shot the policeman and made his escape. Bradley is a blacksmith, and worked in the car shops. Of late, he had been jealous of Gittings, and the murder was a culmination of the matter. This tragedy calls to mind a drama in which Bradley and his wife played last July in Washington county. Mrs. Kate Bradley and a man named W. T. Anderson ran a restaurant at the Grove, for a while last summer, where they passed as man and wife. Bradley, the woman's husband, met Anderson on the train between Portland and the Grove, and engaged in a fight with him. Bradley then stopped off at Hillsboro, and swore out a warrant for the arrest of the train. When Deputy Sheriff Kane arrived at the Grove, he found that Anderson and the Bradley woman had taken a livery team and gone. He later found them occupying the same room at a hotel in Banks, and arrested them. They were tried in Circuit Court, and convicted of the crime of adultery. Anderson was

sent to the county jail, but owing to the fact that she was to become a mother, she was paroled.

SAYS WEST WILL WAKE UP

In the Good Roads Magazine for December, is a letter from Commissioner McDonald, who attended the Good Roads Convention, which was held in Portland last month. In referring to Oregon, Commissioner McDonald said:

"In Oregon there is no state commissioner. The good roads association, under the leadership of Judge John H. Scott, of Salem, will go before the next legislature, however, and ask for the appointment of a state commissioner, and a substantial appropriation for construction of new highways. They are just now beginning to take up the question of Macadam road construction on the coast. I came to the conclusion that while the west hasn't, as yet, entered in to the question of scientific road building as thoroughly as has the East, it will soon thoroughly awaken to the possibilities."
