"We wish to call our readers' attention to the splendid optical parlors at 111-6th Street, lately remodelled by Dr. Baker, and which are said to make the finest optical place on the coast. Dr. Baker was educated at the famous Ann Arbor. Michigan, college, and was president of the Michigan Optical College for two years. He has had over 15 years' expe-rience in eye practice exclusively, which fact, no doubt, contributes in a large degree to his success. He is ably assisted by Dr. B. J.
