 Dear Sir: In reply to your letter of the 4th inst. I am glad to be able to report that the result obtained from the use of your Phoenix Spray was very satisfactory. Indeed I tested it by diluting one to fifteen. The diluted spray was applied thoroughly and favorably to trees that were simply incised, and even a weaker solution has apparently completely eradicated the pest from sprayed trees. I find that examination made about two weeks ago failed to reveal any living scale upon either fruit or trees. (Signed) A. B. CORDLEY.
