NO. 1

GRANGERS ELECT DELEGATES STATE GRANGE

All-Day Session in Hillsboro Saturday

OPPOSE A COUNTY HIGH SCHOOL

West Initiative Law Amended as to Petition

Ten county granges were represented at Saturday, in this city, at a meeting of the Hillsboro grange, when the grangers of this county proceeded to elect three delegates to the State Grange, which meets in Eugene on the 6th and 7th of May, next. Those chosen to represent the granges of this county were: Philip Olson, of Hillsboro grange; N. S. Prickett, of Lewis & Clark grange; Banks; W. W. Jacquith, of Scholls grange. The grangers had an all-day session, and discussed several measures of public importance, among which was the initiative, and the county high school proposition. The consensus of opinion was that the initiative was badly overworked by enthusiasts, and that too many alleged economic reforms are being put up to the people all at once. It was agreed that the initiative law should be amended so as to require at least one-fifth of the total population to a petition to initiate a law. As to the county high school, a majority of the grangers were opposed to it. One of the principal objections was that additional taxation would be burdensome. Statement No. 1 was discussed, but the grangers did not put themselves on record in a formal way. It was learned, however, that the matter probably will be taken up by the grangers, later on, and that they may go on record concerning it. B. G. Leedy, ex-Grand Master of the State Granges, presided at the meeting. There were fully 75 grangers present, with their families, and a big dinner was a welcome feature of the session.

Members of Montezuma Lodge No. 50, I. O. O. F., of this city, paid a fraternal visit Monday night to Washington Lodge No. 48, at Forest Grove. Four persons were initiated into Washington Lodge, Hillsboro members assisting in the work. After the work, a splendid banquet was served, and the visitors report the time of their lives. Those present from Montezuma Lodge were: C. E. Deichman, G. J. Palmater, W. A. Finney, R. H. Greer, D. B. Emerick, J. C. Lamkin, D. McCamish, R. Beamish, Dr. J. P. Tamiesie, Ed. Moore, F. S. Olson, E. J. Godman, L. E. Wilkes, Jas. Young, Wm. Hoffman, C. C. Miller and F. M. Kelsey.

A. C. Hall, of Sherwood, is in town, having been drawn as a juror. Mr. Hall came to Washington county in 1852, when a boy. He thinks people who complain of hard times and high prices, have an easy time compared with the pioneers of 1852. He relates that his father, J. Hall, in 1852, offered a man \$50 for a sack of flour, in Portland, and that the offer was not accepted. He said the diet that year in his father's family, and with many others, was potatoes, and even then spuds sold at \$4 a sack.

Postmaster B. P. Cornelius will build a new residence this summer, moving his present home on the east side of the lot. John Brown is remodeling his house. Mrs. Susie Morgan is building a neat residence on her lot, just east of her home, and C. E. Deichman has just finished two cottages on Washington street. It is reported on good authority, that a number of dwelling houses will be built in Hillsboro for rent, this summer, as the demand, for some years past, has exceeded the supply.

Colonist rates again in effect: From March 1 to April 30 colonist rates will be in effect on the S. P. and O. R. & N. lines from the east. From Chicago to Portland, \$38; from Missouri river common points or St. Paul and Minneapolis, to Portland, the rate is \$30; from Pueblo, Denver or Colorado Springs, to Portland, \$30. Send this clipping to your friend in the east.

SCHEME TO CUT HOP CROP ONE-THIRD

Oregon Growers to Decide on Proposition March 30

THREE STATES IN THE SCHEME

Each Grower not to Own as Many Shares as Acres

Secretary Joseph Baumgartner, of the Oregon branch of the Pacific Coast Hopt growers' Union, has received word that the California directors will be in Portland, March 30, for the purpose of conferring with Oregon and Washington directors relative to plans for reducing the 1908 crop to two-thirds of the crop of 1907. An agreement has been drawn providing for a one-third reduction to become effective when 90 per cent of the growers have signed.

Leaders of the movement in California do not approve of the plan of a hopt growers' corporation with each grower owning as many shares as he has acres, for such an organization would violate the anti-trust laws.

MISS WAGGENER COMING HOME

Miss Wilma Waggener will soon be home. Her parents, Mr. and Mrs. Rufus Waggener, of this city, received a letter from their daughter, Friday, which contained the glad news that Miss Wilma expected to sail for the United States from Antwerp, on the 15th inst. She was in France at the time the letter was posted, and will make a short visit with relatives and friends in the East before coming to Hillsboro. Miss Waggener has finished a post-graduate musical course, in Germany, and returns to Oregon an accomplished pianist. She will be welcomed home by a host of friends, who have taken a pride in her musical education, and who hope to hear her in local recitals, upon her return. Her post-graduate course was under some of the best teachers in Germany, and evidently she has a successful career before her in her chosen profession.

Washington county has more beaverdam soil within its borders than any other county in the state. To illustrate the lasting quality of the soil, we are told that Fanno Brothers, of near Raleigh, have a tract of beaverdam on which they have raised a crop of onions continuously since the year 1854.

J. C. Donelson, of St. Paul, Nebraska, who has been visiting with relatives in this place, started home yesterday. While here he went over to Newport to see the Pacific ocean, with his father, A. W. Donelson, and brother, W. O. Donelson. The trip was made last Saturday, the party returning on Monday.

One of the first cases to come up in circuit court, Monday, was that of the P. R. & N. Co., vs. Jacobson, condemnation proceedings for right of way. In order that the jury might better understand the matter, Judge McBride sent that body up to Buxton, on the afternoon train, to view Jacobson's premises, through which the right of way is desired.

While attempting to board the moving 4 o'clock train, on Fourth street, Portland, Friday evening, Andrew Stewart, of this city, was thrown violently to the ground, striking on his right shoulder, with the result that he had to be assisted to the waiting room, and brought home on the next train. Dr. F. A. Bailey was called to attend to his injuries, which though painful are not serious.

THE SPRAY THAT WINS

In order to have every one who has fruit trees try the celebrated Phoenix Lime and Sulphur Spray, I will, until the end of the season, sell the Phoenix spray at \$3.50 per barrel of 50 gallons, f. o. b. in Portland, or at my farm at 20c per gallon. This spray is recommended by Prof. A. B. Cordley, and is guaranteed of full strength. Its test is 30 per cent. It saved my orchard of about 1,000 trees from dying out, as the trees were encrusted with the San Jose Scale, hence I am recommending it. I will ship to any part of the county. Barney Leis, Agent, Beaverton, Or. 51-1f

A SENSIBLE STAND

The News does not propose to take up the cause of any one candidate for a county office to the exclusion of another. We believe the voters of this county are just as well qualified to make their own selections as we are. The field is full of good competent men, all republicans, and we only wish they could all be elected.—Forest Grove News.

W. H. Galvani, Acting Chief Engineer of the Oregon Electric Lines, was in the city Monday, on business connected with his company. Mr. Galvani says the company will build the Hillsboro branch just as soon as right of way matters are settled, and the weather will permit. He thinks Washington one of the best counties in the state from every point of view, and predicts a rosy future for Hillsboro in particular, and other towns in general, along the line of the Oregon Electric.

I am now prepared to show you the new and correct spring and summer styles in tailor-made suits, skirts and silk shirt-waist suits, made to your special order from your own selection of material and trimmings; also a full line of waists, coats and jackets. P. R. & N. CLEARANCE ALMOST SETTLED

Two Suits now in Court Will End Matter

MOST SETTLERS WELCOME ROAD

Say it Will Increase Value of Their Holdings One-Half

The P. R. & N. Railway Company, which is building toward the Tillamook coast from this city, has but two suits in this county to be settled, under condemnation proceedings, when it will have its right of way all earned in this county. Most of the settlers along the line welcome the building of the road, and many have given right of way to the company outright. A resident of the country north of Buxton informed an Argus reporter that it was his opinion that the value of his land would be increased more than one half by the building of the P. R. & N's line past his farm. Other farmers along the line speak in the same way, but now and then there is one who looks upon railroads as a bad thing for his community. Fortunately, however, such persons are in a lonesome minority. The P. R. & N. will open up to market a rich country, full of resources, and will greatly benefit the towns and communities through which it passes. It will also put the people of this section, as well as Portland, in easy communication with the coast, and at the same time give the beleaguered Tillamookers a chance to get out to the "United States" with some degree of comfort.
