## OREGON BUILDING UNDER CONSTRUCTION

President Wehrung Asks People to Get Exhibits Ready

SAVE ALL OF THIS YEAR'S STUFF  
Will Advertise Oregon at Alaska-Yukon Exposition

We print a portion of a circular letter now being sent out to the Oregon newspapers for publication by President Wehrung of this city, who will have charge of the Oregon Exhibit at the Alaska-Yukon Fair: "We propose to make a collective exhibit of the state's resources in this building, and it is of the utmost importance that we have a thorough and attractive exhibit from every county.

We will have to use the crops raised this year, as the Exposition opens the first of June, 1909, too early for next year's crop. Your grasses will soon be ready for harvest and it is important that you gather them at the proper time. If they are over-ripe they will not do for exhibition purposes; hence you see the necessity of acting promptly. We will visit your county some time in June or July and will be glad to assist you in the work, though it will be necessary for you to begin collecting your exhibit before we see you.

The expense to your county in collecting such an exhibit will not be large. Get a live man to take hold of the work and push it, bearing in mind that it is quality, not quantity, that is wanted. After you have gathered your exhibit we will transport it to Seattle, install and maintain it without further expense to your county; we will also place an attendant in charge and will keep in close touch with you during the Fair, so that your county will get all the benefit possible in the way of advertising. The Commission is also having printed a 96 page booklet on the resources of Oregon which will be distributed during the Exposition. We also intend to show by moving pictures the farms, orchards, live stock, timber, mountains, streams, and everything of interest in each county.

W. H. Wehrung,  
President.

It is reported that three persons in the vicinity of Beaverton, are blocking the progress of the Oregon Electric line, by asking exorbitant prices for the right of way. One man, it is estimated, is asking \$4,000 for a little more than an acre of land, and others are holding land at proportionally high prices. It is hinted that the Electric Company will ask Judge McBride to call a special session of Circuit Court in this county, so that condemnation proceedings may be had, in order that the building of the line. If the matter were left to a jury, the owners of land who are blocking the building of the road, would get scanty damages. They ought to have what the land is worth, and no more. The right of way between Hillsboro and Beaverton is settled. It is up to Beaverton to clear the right of way in that vicinity.

The republican candidates spoke at Banks Monday night to a good sized house. ## HOW WILL YOU VOTE IN JUNE

Upon the Initiative and Referendum Amendments

MANY QUESTIONS BEFORE VOTERS

Vote as You Please, but Vote for the Taxpayers' Pocket

There are a number of Initiative and Referendum measures to be voted on in this state, in the coming June election. The Argus has not given them all careful scrutiny, but it will be a safe thing to vote "no" on most of them. The editor does not wish to influence others, except against bad measures, and if he were called upon to vote today, he would vote as follows: Increase in Supreme Court, no. Change of state election from June to November, no. Free transportation of public officials over railroads, no. \$100,000 for National guard armories in Oregon, no. University appropriation, no. em. practically; vote this appropriation down, and vote in a county high school. Limiting power of state, and giving counties rights to suppress and control, no. Single tax amendment, vote it down hard. Return to the old grand jury system, yes. Port of Portland, no. It will be a pretty good idea to vote "no" on any proposition placed upon your ballot, which you do not think would be of value to the people. To our mind, two of the most objectionable measures up, are the big appropriation for the Oregon University, and the Single Tax bungum. When you are in doubt, vote "no."

### AT REEDVILLE AND SCHOLLS

The republicans opened the election campaign last Friday night at the occasion. Judge Hollis, of Forest Grove, and W. N. Barrett, of this city, spoke, and were followed by Dr. Wood, candidate for state senator, and Hines, Meek and Greer, of the legislative ticket. The candidates for the legislature made their maiden speeches, and all did well from Wood down. Messrs. Hollis and Barrett both touched on national questions, and seemed to please the audience. John W. Bailey, candidate for clerk, made a happy address, as did Hancock, candidate for sheriff. There was a good crowd out, and much interest was manifested in the success of the ticket. On Saturday night, the candidates held forth at Scholls, where they had a good house.

Wood, Barrett, Hines, Greer and Meek spoke, also Bailey, Hancock and Case, the latter a candidate for school superintendent. The legislative candidates promised to vote and work in the interests of the people, and all were generally applauded. John Connell, chairman of the county central committee, was present on both occasions.
