One of the best forces in Oregon lay, educating the masses along the lines, is Grange. The last election shows that the country voters voted on the several amendments and measures with far better judgment than those who cast their votes in Portland and other large cities. The Grange stands for the principles. More power to it.

THE WELD THAT HELD THE NELSON HARDWARE CO. hillsboro, Oregon. Science has developed something infinitely better than the old-style wrap or clamp. "PITTSBURGH PERFECT" FENCES ARE WELDED BY ELECTRICITY. This is the modern method of construction. Years of life are added through the elimination of serious fence defects. A WRAP holds moisture, cracks the galvanizing and allows the water to attack the bare wire. A small amount of displaced galvanizing on "PITTSBURGH PERFECT" REINFORCES THE PROTECTION AGAINST RUST AT THE ELECTRICALLY WELDED JOINT; examine the joint. STAYS CANNOT SLIP. They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel. Every Rod is Guaranteed Perfect. Don't allow your prejudice in favor of the rapidly-declining and now antiquated methods you have heretofore known, to warp your good judgment. "PITTSBURGH PERFECT" FENCES REPRESENT PROGRESS, because hundreds of thousands of dollars worth of standard material is daily welded by electricity. The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product. If your wagon was made in a large factory, its tires were welded by electricity. In the matter of fences and washing machines, on many tubs and buckets. Examine them. "PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD THAT HELD." MR. FARMER: LISTEN, NOW. Every agent handling "PITTSBURGH PERFECT" fences is authorized to guarantee this: That the wires are not injured at the joints. That the fence is perfectly adjustable to uneven ground. That the stays will not separate from the strands. That the fence is all right in every particular. Could you ask any more definite protection? Your complete satisfaction is absolutely assured.
