THE BOARD OF TRADE MEETS SATURDAY EVE

Executive Committee Asks Everybody to Come

AT WEHRUNG'S HALL, AT 8 P. M.

That Will be Made to Entire the Board

The executive committee of the Hillsboro Board of Trade has called a meeting at Wehrung's Hall, for next Saturday night. The members of the city council and business men of this city are urged to be present, as steps will be taken to reorganize the Board, and put it on a good working basis. A board of trade, in order to be effective, must have the aid of the whole city, and Hillsboro has arrived at a stage in her development, when an active organization of the above kind, will do great good. Let everybody turn out.

MAY BUILD TO FOREST GROVE

In order to insure the electric line the citizens of Forest Grove must procure the company a free right of way, grant the necessary operating franchise and provide, free of cost, land for station purposes.

In return the company agrees to keep on with the Hillsboro extension and build a line into that city so as to have it in operation by December 31, 1908. If the people here act promptly the company's agents are of the opinion that it will have the line completed not later than October 31, and possibly before, barring strikes and other untoward circumstances.

The reason the company seeks quick action on the part of the people here is that it wishes to build this extension while labor and supplies are in the vicinity, as they could not afford to move their plant later on to build from Hillsboro to Forest Grove, as their plans for the next two years are all mapped out, and if this extension is completed it must be done this summer.

Mrs. W. E. Wood, of Bay City, Tillamook county, telephoned to Dr. W. D. Wood, County Health officer, Tuesday, asking about the condition of the men in the small-pox camp, near Timber, stating that she had a son in the crew. Dr. Wood replied that her son was not reported as having the disease, thus far, though all the members of the party had been exposed and were occupying the same tent.

There are many inquiries as to why Hillsboro does not have a baseball team this year. The main reason, we understand, is that suitable grounds cannot be leased for a period of years. Efforts were made by a partially perfected company this summer to get grounds, but without success. Hillsboro has always had a good baseball club, and it is a matter of unfavorable comment that the county seat cannot afford a club.

Children's Day was celebrated by the Sunday School of the M. E. church Sunday night. The exercises consisted of appropriate recitations, singing, etc., in which the young people acquitted themselves with credit. The old church was taxed to its greatest seating capacity, to accommodate the audience.

WHAT THE COUNTY IS DOING IN ROAD WORK

Two Rock Crushers are Kept at Work on Full Time

SIX AND A HALF MILES THIS YEAR

Thatcher Rock Road is Practically all Finished

The County Court is well pleased with the way that work is progressing on the various stretches of Macadam road, which are to be finished in this county this year. The extent of such road will be 6 1/2 miles, and represents road districts where special road tax has been voted for the purpose. The rock road, known as the Thatcher highway, is nearly done. The crusher at Thatcher is getting out about 90 yards per day; from Thatcher's the crusher will go to the Dilley quarry. Another crusher—the one used in the west part of the county—will begin work near Sherwood next week, and when done there, will be removed to the quarry in Dist. No. 8, near Scholle, thence to the Tigardville quarry, and later to a point on the canyon road near Beaverton, where it will be operated until late in the fall. There will be completed this year the following amount of Macadamized road. One and a half miles on the Thatcher road; 1 1/2 miles near Dilley; 1 1/2 miles near Gaston; 1 1/2 miles between South Forest Grove and Cornelius on the baseline road, and 1 mile on the Cornell road. The several contractors working on fills, grades and crushed rock are getting along well with their work.

Born to the wife of Alex. J. McClure, 2 miles west of Linton, June 21, 1908, a son.

Justin Weed, a well known school teacher of the vicinity of Vernonia, was in the county seat Monday.

A statutory charge was filed against Sylvester Wolf, of near Reedville, last Saturday, which was later supplemented by a charge of insanity. Wolf was arrested on a warrant sworn out by a neighbor, in the first case, and the charge of insanity was made by his stepfather, W. R. Bahr, of Reedville. The first charge was subsequently withdrawn, and on Monday, Wolf was drawn, and on Monday, Wolf was examined before Judge Goodin, Dr. F. A. Bailey conducting the examination. Wolf is 18 years old and has smoked cigarettes to excess, and the Dr. found him to be a moral pervert, of unsound mind, and unsafe to be at large. He was accordingly committed to the insane asylum by the County Judge.

The Hillsboro Steam Laundry will be in operation about the second week in July. The plant is being put in shape for business as fast as possible, and will be one of the best country plants in the state, when completely installed and ready for business. Mr. Moore, the proprietor, is a man of practical experience in his line of business, and is a hustler. He says his plant will stand him about \$3,000, and that he has some of the latest machinery out. Hillsboro people ought to sustain this laundry. It will employ several persons, and will add to the city payroll. The way to build up Hillsboro is to patronize Hillsboro business men.

While a gang of men were working on bridge No. 5, north of Reedville, Monday, on the Oregon Electric line, a timber 6x8 and 32 feet long, suddenly fell from the trestle, striking H. E. Raymond, a carpenter, a glancing blow on the left shoulder and thigh, bruising him quite badly. Had the timber fallen two inches nearer Raymond, in all probability he would have been killed outright. Dr. Wood was called, and dressed the bruises sustained by the man, and the Company had him sent to a Portland hospital, until he fully recovers.

Fred Petch, of Vineland, had the misfortune to suffer a compound fracture of his right leg by getting in the way of a falling timber last Monday, while working on his barn. Dr. A. B. Bailey was called to attend the wounded man. Less than a year ago, Mr. Petch broke his arm in a runaway, and later on broke the same arm in a similar accident. It would seem that he is passing through an unlucky period of his life.

The sum of \$2400 required to advertise Washington county at the State Fair, and at the Alaska-Yukon Fair, and in the Sunset Magazine, has all been pledged by subscription, but about \$800. This includes the amount which the County Court has agreed to give. Strenuous efforts should be made to raise the remainder of the sum, as the advertising would be of great value to this county.

The surveying crew under Mr. Miller, who are having a siege of small pox at their camp near Timber, are getting along nicely, and all will soon be convalescent. A settler, of that section, phoned Dr. Tammie, Monday, that some of the men were "running around too much," but as the nearest settler is 7 miles away, it is not thought that there is any danger of infection.

August Tewe informs the Argus that his son, Paul, who is living in Minneapolis, was married on the 15th of this month to Miss Katie Hues, of the same city. Paul is a barber by trade, and will be remembered as a former Hillsboro boy. He writes that he may come to Oregon, in the near future.

L. D. Halderman, of Reedville, was in town Monday, and called. He was accompanied by his brother-in-law, Geo. W. Johnson, editor of the Daily Call, Longmont, Colorado. Mr. Johnson is well pleased with this part of the state, and may come to Oregon to live.

P. Lillgard, of near Laurel, was in the city Monday, and called Mr. Lillgard has 8 acres of hops, which he says look better than the same yard did at this time last year. Four hop yards in his neighborhood were plowed up this year.

Mrs. Laird and son, of Garfield, Wash., visited G. A. Webb and family, the latter part of last week. Mrs. Simmons and daughter, of Meadville, Mo., also visited the Webbs last week.

COUNTY BOARD MET LAST SATURDAY

J. S. Lorusung gets Contract for new Minter Bridge

FIVE PRECINCTS DECLARED "DRY"

Bid on Dairy Creek Bridge was Rejected by Board

The County Board held a session last Saturday to open bids for new bridges over Tualatin and Dairy Creeks, and to transact other business, an account of which follows: The bids for building the new structure to span the Tualatin on the site of the old Minter bridge were: C. P. Long, McMinnville, \$2582; D. B. Reasoner, \$2746 13; J. S. Lorusung, \$2995. J. S. Lorusung, being the lowest bidder, was awarded the contract. Only one bid was received on the Dairy creek bridge, that of J. S. Lorusung, which the court rejected. His bid was \$475. In the matter of Herman Schmidt, public easement; continued to next term. Hans Rooks, who was allowed \$20 for the loss of a horse upon the public highway, at the regular term in June, was allowed \$50 more, making a total of \$100 for the animal. By an official order of the board, the precincts of Gaston, Dilley, East Butte, North and South Forest Grove were declared to be "dry," the vote in those precincts having made them "dry" in the June election.

The following appreciation of the recent Waggener recital, in this city, appeared in the Sunday Oregonian:

THE WAGGENER RECITAL

"Miss Grace Wilton, herself a clever pianiste, writes concerning a recital given recently by Miss Waggener who has lately returned from study in Berlin, the following: "Miss Wilma Waggener gave a highly successful piano recital at the Crescent theatre at Hillsboro, last Wednesday evening. She was assisted by Miss Cornelia Barker, violinist, and Frederick E. Vrooman, tenor. Miss Waggener's well developed technique and musically interpretation fully justified the expectations of her friends. In the Chopin Impromptu in F sharp major her beautiful singing tones and charming touch were best displayed. Lovely tone coloring and a breadth of style were marked also in the difficult Caprice Espagnol by Moszkowski. The entire program was well received. The accompanists were Miss Lorene Sails and Miss Kathryn Shannon."

Louis Spaulding Phelps was born in the State of New York near Fulton, in Oswego county on the 27th day of May, 1862. He lived the most of his life near the home of his birth.
