## IRRIGATION AT COVE OAKS FARM

Arabian Alfalfa Proves Its Superiority

Spicedid Showing Made with Summer

Irrigation Near Billsboro

Much interest is taken in the sum at Cove Oaks farm, owned by Geo. Hillsboro, Mr. Forney, government Friday. inspector of irrigation experiment Cove Oaks Farm recently, and was as usual delighted with the experiments now being conducted under the eye of his subordinate, A. P. Stover, government engineer, in charge of the stations in the Willamette Valley. At Cove Oaks he found the fourth erop of red clover growing, three cuttings having been made this city this work. this season. The clover was seed ed on the 19th day of February 1907, and three cuttings were had that year. In with this clover is a erop of Utah alfalfa, which is coming on, to be used as green feed this Times, was in town last Saturday, winter. A crop of Aleike which and called on the Argus. was sown in May, of last year, but which was not irrigated until this year, has yielded two cuttings this season. There is also a patch of Arabian alfalfa, 100x150 feet, which was seeded on the 30th of May last. Terms reasonable. Apply to Kuwhich is doing splendidly in its rath Bros., Hillsboro, Or. 21-tf new home. It is the product of 8 pounds of seed brought by Mr. Stover, from a total government for Newport beach to spend a few importation of 20 pounds from days.

Arabia. Mr. Geo. R Bagley thus sums up the superior qualities of

It starts to grow earlier in the season, it grows later in the season, is a hardier this city, plant than ordinary alfalfa and will yield We have larger tonnage to the acre. A good stand will produce a cutting every twenty days. Mr. Ragley will let the crop go to seed, and only wishes he had enough to seed more ground. The Arabian patch height. This is regular ensilage corn of Portland. The price paid was and will go into the farm's new sile. A \$2700 Kuratli Bros. made the ane crop of Golden Flint corn will be matured for hog feed. A patch of Thousand head kale, seeded the 17th day of June, far exceeds dry land kale, planted C. sows and pigs. Will be sold wurtzels, encumbers and turnips show a rank growth. Cove Oaks Farm has 50 All the irrigated crops will be weighed when taken off the ground and actual results in tonnage will be compiled and published. The Bureau is much clated gin of the fire is unknown, and the over the splendid showing made on this farm and many farmers are seriously considering pumping plants for their about \$1000.
