

WALTER BERNARDS DIES IN HOSPITAL

Limbs Mangled in Clover Huller Machinery, Saturday

RESIDENT OF VERBOORT 21 YEARS

Funeral Services and Burial Occur at Verboort Today

The neighborhood of Verboort is in mourning today, over the death of Walter Bernards, a well known and wealthy Hollander, who was a resident of that section for 21 years prior to his death. His death was due to an accident which occurred last Saturday, on his farm, while himself and hands were hulling clover. Something went wrong with the machinery, and Mr. Bernards climbed up on the huller to fix it, when he slipped in some manner and fell, his right leg getting into the machinery. Before he could be extricated, the limb was badly mangled, the other leg also suffering laceration and bruise. Doctors Linklater and Hines, of Hillsboro and Forest Grove, were hurried to the scene, and after consultation, the injured man was taken to St. Vincent's Hospital, Portland, where the limb was amputated, on the day following. Loss of blood and exhaustion, however, had so depleted the patient's system that he died Tuesday morning. The remains were shipped to his home Tuesday, and the funeral and burial takes place today. The services were conducted by Rev. Father Kittlehohn, of the Verboort Catholic church, of which deceased was a member. Deceased was 50 years of age, and is survived by a wife and eight children, all of whom reside at home except the oldest daughter, Mrs. John Vanderzanden, of Roy. The other children are: Josephine, Martin, Margaret, Minnie, Celis, Christina and Frances. Mr. Bernards was born in Holland, April 29, 1858, and came to Oregon in 1887, settling in this county, near Verboort. He was highly respected by all who knew him, and will be greatly missed in the Verboort section, where he was best known.

Word may be left with Dr. Tamiesie, before the date mentioned.

HILLSBORO HORSES WIN BIG MONEY

I. D. Chappell's Iowa Boy Wins \$1,000 Purse

WINS IN THREE STRAIGHT HEATS

Bramford Boy Wins 2:20 Trot, \$500 Purse

I. D. Chappell, who has a lease of the Hillsboro Fair Grounds, did a great business over at Everett, at the race last week. His Iowa Boy won the 2:00 pacing race; purse, \$1,000; time, 2:14 1/2. His Bramford Boy won the 2:30 trot; purse, \$500; time, 2:26; and his Bushnell King won second money in the \$500 purse, 2:20 trot. This is going some. All of these horses performed here at the tryout races held about the first of August, and the nice work of Iowa Boy was commented on by those interested in good racing. Considering that the Everett track was so slow that College Maid, the guileless pacer, only made a mile in 2:13, it will be seen that old Iowa Boy did marvelous time—2:14 1/2. The Argus is pleased to see Chappell put old Hillsboro on the map, and at the same time win "the money." Elma O., Chappell's beautiful black mare, was entered in, and won the first heat of the 2:15 trot, but the next heat she acted so badly—like she did repeatedly at the local grounds August 1—that she was distanced and was withdrawn. She made the heat in 2:30.

On Tuesday, Chas. Hickthier, of near the Union school house, while picking pears, fell from a tree to the ground, a distance of about 15 feet, and sustained injuries to his back and spine. McCabe, contractor from Buxton westward to a point near the Salmonberry, accompanied the engineer, and the latter will begin active work, just as soon as men, horses and implements are on the ground. While in Hillsboro, Mr. McCabe purchased a fine buggy team from John Connell, and will use a buggy in his work. He will make his headquarters at Buxton, until the work is done. He has sub-let the 14 miles which his contract with the P. R. & N. calls for, and the subcontractors have already assembled 100 Swedes, and a lot of teams and grading material at the beginning point of the work. More men are coming every day, and when the requisite number is on the ground, work will be pushed as fast as men and teams can do it. Buxton, in consequence of the resumption of the work, is taking on new life, and everybody is pleased. Work on the Tillamook end is progressing rapidly, but more men are needed, although 150 have gone in to the coast since Harriman gave the order to go ahead with the work.

They expect to raise about \$2,000 for the expense of a survey. The Committee has assurance from the Electric Company, that when the people of the communities along the line of the proposed survey get ready to talk business, and are satisfied with the route, the Company will take up the matter with them.
