WILL GIVE \$25,000 FOR CITY'S PLANT

F. G. Sykes, Portland, Places Bid in Hands of City Council

To be considered next Tuesday

Will Make Plant Electric, if His bid is Successful

F. G. Sykes, a Portland electrician of means, accompanied by his attorney, Mr. Griffith, came out to Hillsboro Tuesday evening, to attend the regular meeting of the city council. Previously, however, he had sent a bid to the council of \$25,000, for the electric light and water plant, to include a franchise for 25 years, rates to be agreed upon between the council and the purchaser. Owing to the fact that a quorum of the city council could not be had Tuesday night, the matter will go over for consideration at a meeting which will be held next Tuesday night. It is believed that if the offer is successful, Mr. Sykes will make the plant wholly electric, and get the necessary power to operate it from the Oregon Electric's wires. It is also believed that Mr. Sykes will interest local capital in the enterprise, provided he makes the deal. Seen Tuesday night, Mr. Sykes said he would come out next Tuesday night, and be present when the bid is opened by the council. He was not in position to state just what improvements would be made, in case he secured the plant, but it would be his aim to give the people the best possible service, under new conditions. It is hinted that the bidder, if successful, will spend from \$8,000 to \$10,000 in immediate improvements.

Material is arriving for the new cement sidewalks. E. B. Tongue attended the State Fair, at Salem, this week. Dr. Tamlesie spent Wednesday at the State Fair, at Salem. Mrs. A. B.
