

NEXT TO NO EXHIBIT AT THE ALASKA FAIR

Washington County Will not Have Grain or Grasses

A FEW APPLES EXTENT OF FRUIT

W. H. Wehrung Says Exhibit Will be a Failure

W. H. Wehrung, President of the Alaska Yukon Fair Commission of this state, leaves today for Seattle, where he will be joined tomorrow by other members of the Commission. They go to formally receive the Oregon Building, which is now complete, and ready for the installation of the Oregon exhibit. Asked concerning the exhibit from this county, Mr. Wehrung said:

We haven't anything worthy of the name. There will be no grain or grass exhibit whatever, and outside of a few apples, and an exhibit by the Condensers of this county, Washington County's exhibit will be a frost. I have urged that we have a good exhibit from this county, but so one seems to have done anything toward it. We had no exhibit of any kind at the state fair, although the county appropriated \$1000 for that exhibit for the purpose of a write-up in the Sun Magazine. Naturally, I felt a pride in having a good exhibit from this county, but the time for gathering grain and grasses has gone by, and we have nothing of the kind.

FOR THE BENEFIT OF THE FARMERS

S. P. Co. Will Send Demonstration Train to Hillsboro

THEY WILL HAVE DAIRY EXHIBIT

Demonstrations by Agricultural College Professors

The Board of Trade of this place has been notified that the Southern Pacific Demonstration train will visit Hillsboro on Nov. 4th, next, arriving at 10 a. m., and spending 1 1/2 min. at the depot, or at some other place to be designated later on, in showing its many exhibits. Short talks will be given by the professors of the Oregon Agricultural College on the subject of intensified farming, rotation of crops, etc., which may have a special interest for farmers and others. The farmers of this section are cordially invited to be present on the day above named. The place where these demonstrations will be given will be published later. The demonstrators invite questions from practical farmers. The expense of these trips, it is understood, are borne by the Southern Pacific Company.

The following speakers and demonstrators will accompany the train:

Dr. Jas. Withycombe, Director Oregon Experiment Station.

Mr. M. O. Lowndale, Horticulturist.

Prof. A. B. Cordley, Entomologist.

Prof. C. L. Lewis, Horticulturist.

Prof. H. D. Scudder, Agronomist.

Prof. F. L. Kent, Dairy Husbandry.

Prof. R. W. Allen, Asst. Horticulturist.

Mr. Harry Ashby, Herdsman.

R. B. Miller, General Freight Agent will accompany the party. The train will consist of seven cars, three of which will have agricultural and horticultural exhibits, while others will have machinery, etc. One car will show model dairy stalls, with two cows. Spraying methods will be shown, also a milk testing machine. Fruit packing will also be shown, each department having a specialist to demonstrate. Hillsboro will be the first stop in the itinerary of the demonstration train and one hour and forty-five minutes will be given to this place. The hour is a little early, but it is hoped that there will be a large attendance of our farmers, fruit men and dairymen present.

HILLSBORO WILL SOON NEED A CANNERY

Small Farmers Must Have Local Market for Produce

INCREASE THE CITY'S PAYROLL

Cannery Should Begin Operations During the Next Season

Many new people are coming to Hillsboro and locating. Farms in this vicinity are changing hands, and smaller holdings are a result. Many of the large farms have been subdivided this season, especially in the eastern part of the county, and adjacent to the electric line. Sub-division of farms will follow in this part of the county, now that the electric line is a fact. Diversified farming will be the result. Many of these new comers will go into fruit culture, and then will come the necessity for a fruit cannery. Something must be done to sustain the small farmer, once he is established in our midst. A market for his crops is of vital necessity. A fruit and vegetable cannery will create a local demand for the output of the small farmer, and at the same time furnish employment for men, women and children. If Hillsboro would grow, it must increase its factory payroll. The coming winter would be a good time to talk up the matter of a fruit and vegetable cannery.
