Buy AN IMPROVED GAS MACHINE

Gas is the most perfect artificial light. It has no smoke or acompanying odor. Avail yourself of all the numerous benefits had from city gas; by buying the Improved Gas Machine there is no generating. The gas lights at touch of a match, instantly, at the chandelier or gas range; heats water in a few minutes, night or day; lights can be turned high or low as you desire; it is perfectly simple and under full control. For a house of six rooms the total cost of light and fuel for cooking

Will Rarely Exceed \$2 or \$2.50 Per Month.

With a gas range the exact heat for all kinds of cooking can be governed like the flow of water from a faucet. There is nothing to learn about it, it is as simple as the match that lights it. No trouble—no odor—no worry; there is however a great saving in cost of fuel and light. Put an improved Gas Machine in your store, it is better than any other light you can have because pure white light is the best in which to show colors to night shoppers. F. H.
