## WALTER JOHNSON HAS PRELIMINARY HEARING

Two Witnesses for the State Were Examined

HEARING BEFORE JUDGE GOODIN

Johnson Brought Over to the November Grand Jury

Walter Johnson, the man confined in the county jail charged with the murder of Perdue, was brought before Judge J. W. Goodin, last Friday, and had his preliminary hearing. The state was represented by Deputy Dist. Attorney Thos. H. Tongue, and Bagley & Hare appeared for the defendant. Two witnesses for the state were examined, when the case was rested, and Judge Goodin held Johnson to the next grand jury, without bail. Bagley & Hare expect to make a hard fight for their client, who has claimed all along that he got into a fight with Perdue, and that he killed the man to escape a like fate himself. The state, on the other hand, probably, will work hard to show that the murder was committed by Johnson, and that there was another motive for the crime. The case promises to attract much interest, as Johnson was for many years a citizen of Washington county. His wife has steadily refused to see him, ever since his arrest, but his mother and other relatives have visited with the prisoner quite often. If the coming grand jury brings in an indictment of the prisoner, his trial will take place at the next term of circuit court, which meets in Hillsboro on the fourth Monday in this month.

## DECLARES AGAINST THE JOHNSON BILL

The Pomona Grange Passes Strong Resolutions

LAWMAKERS SHOULD TAKE NOTICE

Declare Road Money Should be Spent Impartially

The following resolutions were passed by Pomona Grange of this county at its last meeting, and sent in for publication. The Grange believes that roads leading from boat landings, railway stations, warehouses and other markets, should first be improved, in the interest of the producer. The resolutions follow:

Whereas, The State Good Roads Association has appointed a committee to prepare a bill for better roads to be presented to the next legislature for its enactment into law, and whereas;

It has been reported that a majority of said committee have what is known as the "Johnson Road Bill" without change or amendment, and whereas;

We believe that any system adopted should first of all things provide for good roads leading from railroad stations, boat landings, warehouses, and other markets out to, into, and through the various farming communities, which will, in our judgment, best subserve the producing classes, as well as those who consume or purchase, in fact, our whole state, and whereas;

The best interests of our state demand that the producer be especially favored in this respect. Now, therefore, be it Resolved by the Washington County Pomona Grange in session assembled, that we hereby enter our most solemn protest against the passage of the "Johnson Road Bill," or any other bill embodying similar provisions; and that we favor and recommend the passage of a law requiring our respective county courts, or any other person, or body, having in charge the road construction of the respective counties or road districts of the state, to lay out where necessary and demanded, such roads as may be necessary to carry into effect the system as outlined in the foregoing preamble, as far as deemed practicable, and requiring that all principal county roads leading from such centers be first improved as fast as the money provided therefor will warrant, and that this money be expended on each and every road impartially.
