More Cream!
 With Less Work. That's what
The New Iowa CREAM SEPARATOR
 Stands for!

When it Comes to Cream SEPARATORS none equals
THE NEW IOWA

It is positively the closest skimmer on the market. It is compact, has waist-low supply can and is an every-day all-the-year-around close skimmer Separator. Will skim cold milk almost as close as warm, in fact, it is the only close skimming cold milk separator on the market. Has a gear that runs as smooth as velvet. All cogs are encased, preventing accidents. All parts are either tinned or nickelled, making it present a very attractive appearance.

A new Iowa will please your wife because it will do away with a great deal of her drudgery; no more heavy lifting. Bowl can be washed in three minutes by simply running the water through the separator. Call and let us show you the New Iowa. The result, we know, will be another enthusiastic user of the best separator on the market.
