

R. & N. CO. GETS THE GARIBALDI PASS

Priority of Survey Wins Case on Appeal to Supreme Court

Will Build Within Three Years

Decision Means Much to Interests of the Winning Road

Pacific Railway & Navigation Company, a Harriman line, won the Supreme Court yesterday.

The suit for possession of the pass and Garibaldi Point at the end of Tillamook Bay. The plaintiff was the Astoria Columbia River Railroad, a Hill line.

The opinion of the Supreme Court, written by Justice Bean, reverses the judgment entered by Circuit Judge George H. Burnett.

He decided in favor of the Astoria Columbia road upon the ground that the Pacific Railway & Navigation Company has a practicable route through Foley Pass. The Supreme Court holds that the question is one of priority and that the Pacific Railway & Navigation Company was first in making its survey.

The right to use Foley Pass, being in issue in this case, was decided. The Pacific Railway & Navigation Company must build within three years or lose its priority.

CHAS. NELSON TRIES TO COMMIT SUICIDE

Wanders About Phillips During Cold Weather

BOTH FEET BADLY FROST BITTEN

May Undergo Operation at the County Farm Within a Few Days

The County authorities were notified on Monday, that an unknown man had been found in a barn, near Phillips, where he had attempted to cut his throat with a pocket knife, only failing to end his life, on account of feeble strength. The man, who gave his name as Chas. Nelson, and medical assistance summoned. Dr. F. A. Bailey, the attending physician, found the man suffering from physical exhaustion, and with a gash on either side of his neck, which he had doubtless inflicted with a pocket knife. His feet were also found to be frozen, and amputation of those members will result. It is thought that Nelson, who is a Scandinavian, is about 32 years of age, wandered for some time in the Phillips neighborhood, during the cold weather of some weeks ago, and that as a result his feet were frozen. Besides his wounds, the man is otherwise physically diseased and mentally unbalanced. Had he slashed a little deeper on his neck, he would have severed an artery.

Hon. W. H. Wehrung, president of the Oregon commission, Alaska-Yukon Fair, met with the Board of Trade, Monday evening, and asked for concerted action in sending a county exhibit to Seattle to the big Fair, which will soon open.

He expects to have a creditable display from this county, if the Board will co-operate. Mr. Wehrung promises a letter for the press in a future issue, outlining his wishes, and the Board will then take action.
