DEATH CLAIMS PIONEER AND FIRST MILL MAN

David Kuder, of Near Roy, Passes to Beyond

BUILT FIRST MILL IN COUNTY

Died at Ripe Age of 87 Years, at Home of Daughter

David Kuder, pioneer of 1848, and the first man to build and operate a sawmill in Washington County, died at the home of his daughter, Mrs. Jack Woods, Sunday, May 22, 1909.

His wife died eleven years ago, and he leaves two children, L. M. Kuder, now in California, and Ellen, wife of Jack Woods. Interment was in the Banks cemetery.

Mr. Kuder was widely known in the early days, and his stalwart frame and deep-toned voice marked him among men. For several years he has been more or less decrepit, and has not visited the county seat since 1903. He was aged 87 years and 24 days.

THE NATION'S DEAD

Memorial Day was appropriately observed Monday by the remnant of the old guard in Hillsboro, under the leadership of Rodolph Crandall. The Woman's Relief Corps assisted, and the usual ceremonies were indulged at the cemetery, after which the usual tribute of flowers were donated to the waters of Dairy Creek, in honor of the dead of the Navy. The business houses were closed the entire day and the flag was at half mast over the court house dome.

In the evening there were exercises at the Methodist Church, by pupils of the public school, which were very creditable. The Memorial address was delivered by Elder A. A. Beery, of the Christian Church. The large auditorium and gallery were crowded to capacity, and many could not enter the building. Rev. Belknap preached a memorial service Sunday evening.

EPWORTH LEAGUE

Card of Thanks

We desire to sincerely thank our friends and neighbors for their aid and tender sympathy extended us during our recent bereavement, the death and funeral obsequies of our late husband and father, John Christian Geishirt.

Mrs. L. R. Geishirt, G. F. C. Geishirt, Reedville, Ore., June 1, 1909.

Conkey's Lice powder going fast at R. C. Hartrampf's. Poultrymen, take advantage of free offer.

Born, June 2, 1909, to Allen A. Canfield and wife, Cooper Mountain, a girl.

Dance at Alpha Hall, Cornelius, Saturday evening, June 5. Tickets, 75 cents; Walker's orchestra. Everybody invited.

We have now finished our run of Building Blocks and have a good supply on the yard. We will have a supply of brick on hand by the 20th of June. We will begin our run of large tile, 10 inch and over, about June 15. Parties wanting those sizes must order them by July 1, as we cannot afford to carry them in stock, so do not blame us if we have none when you call for them later.

Mr. Crabtree telephoned in that his fine farm never looked better. There is 132 acres in this place, on which he has 500 prunes, 700 walnut, and 700 almond trees, also hops and hop house and fruit dryer. This land lays well, and is a money-maker. The price is \$80 per acre, with good buildings, and terms to suit. About half of it is cleared.—Imbrie Land Company.

The rural mail carriers of Washington County met with the carriers of Multnomah and Clackamas counties, at Beaverton, May 31, and the attendance was marked with a good crowd and fervor for improvement for the rural service. Several subjects were interspersed in the program, and officers were elected as follows: President, M. P. Cady, Beaverton; Vice President, Wm. Tipton, Hillsboro; J. M. Kessler, Banks, secretary-treasurer. The ladies of Beaverton entertained the visiting carriers to a delicious luncheon in the hall, and the meeting was productive of good feeling all around.

We have on our list several places of from 80 to 160 acres, with fairly good buildings at \$50.00 an acre and a little less, which can be bought on reasonable terms. Any one looking for an investment can not do better than place their money in Washington County land.—Imbrie Land Company.

W. E. McCourt and sister, Mrs. Joe. Downs, were called to Seattle, Tuesday evening, in response to a telegram, stating the critical illness of their brother-in-law, Wm. F. Nelson, the railroad construction operator, and the gentleman who built the portage road for the state. Mr. Nelson was also interested in the Columbia Southern, the railroad reaching out into Central Oregon. He is yet a young man, and enterprising, and should be lived, will make his mark in the railroad world.

E. Wenstrom, of near Laurel, writes the press that on June 10 the Swedish people will have a float in the Rose Festival parade in Portland, representing the Monitor, the boat which sank the Merrimac in the Civil War. This boat, as all school boys know, was called the "cheese-box," and was designed by Ericsson, the famous battle having taken place in Hampton Roads.

Some sneak thief entered the operating room of Mr. Phelps, at the Arcade Theatre, the first of the week, and stole about thirty dollars. There is no doubt but what the party was familiar with the premises, and knew that the money was in the place. As there is nothing but circumstantial evidence no arrest was made.

Contractor Smith starts in a day or so to erect a building on Main, between Third and Fourth, for A. F. Tingstrom, for use as repairs and upholstering, and for the manufacture of mattresses, etc. Mr. Tingstrom is a finished workman, and will get all he can do. Two furniture men in the county will take his mattresses.

Contractor S. M. Holland, who has just completed a fine cottage for Wm. Bergen, yesterday exhibited a box of Sharpless strawberries, 13 of which filled the package. This beats the famous Hood River berry, the upper county product taking 19 to a box. Pretty hard to beat old Washington, eh?

Hillsboro is on the map, and Post Master B. P. Cornelius, as a result of increase of business, will have his salary raised from \$1700 to \$1800, the raise to take effect July 1. This places Hillsboro and Forest Grove on the same basis, as to salaries.

Frank Simpson, who has conducted the grill in the Williams' pool hall, for several months, has sold out to a Portland restaurateur, and will go to Portland to engage in business. Mr. Simpson has made many friends while in town.

Geo. Zimmerman, a Scappoose dairyman, was in town yesterday.
