CLASSY BALL AT ATHLETIC PARK

Reddard Crowd Attends the Parade and Game, Tuesday

The Hillsboro Cardinals went up against Verboort, the descendants of Hendrik Hudson, Tuesday afternoon at Athletic Park and the story is told by a 9 to 3 score in favor of Manager Moore's mill racers. The parade was headed by the band at 1:30 and the game started at 2:30 with every seat in the grandstand and bleachers occupied, with an overflow on the right field bleachers. Verboort had a look in only in the 5th and last innings, harvesting a crop of crullers in all other innings. The boys put up a good game, anyhow and played ball like veterans, but Nick Williams' twisters were too tricky for their hardest hitters. In the ninth old "Hoss Cook" who always does something unlooked for sent out a three bagger and added the third tally to Verboort. Tom Williams and Parrott, for the Cardinals, landed out a three-bagger each, during the game, that brought the crowd to its feet. Williams pitched excellent ball, and Davis, for the visitors, was in good form. It was a game worth while and shows that the boys, under organized baseball, can do things. Phelps, catcher, did fine work, and Williams will make a "comer" if he gets into the game right along—his work was as good as seen on the local grounds for years. Parrott, at first, was all to the good; Houston, at second, was gilt-edge; Roy Moore was in the game always, but was not fortunate, always, in his best drives. Wilkes played a nice game at short, but made one wild throw, letting in Cook at the end of the game.

Elmer Smith played third with his old time form, and did some good stick work. Tom Williams, right field, and Bateheler, left, were in the running at all times, although each courted an error.

A. C. Shute officiated as umpire behind the catcher, and C. W. Nelson decided on the bases and field.

The attendance was fully up to expectations, and the paid admissions were 524.

We have now finished our run of Building Blocks and have a good supply on hand. We will have a supply of brick on hand by the 20th of June. We will begin our run of large tile, 10 inch and over, about June 15. Parties wanting those sizes must order them by July 1, as we cannot afford to carry them in stock, so do not blame us if we have none when you call for them later. We expect to have a full stock of smaller sizes the latter part of July. We have 3 in, 4 in and 6 in on hand at present. Phone, before you come for tile, as this stock may be out any time. We burn our tile and brick hard, as wood is no object with us. Don't forget that we carry a good line of rough and dressed lumber, and can fill any ordinary bill from our yard stock. We also have a quantity of lumber at Hare's switch that we will sell at a very reasonable figure, 1x4, 1x6, 1x8, 2x4, 2x6 and 2x12 of different lengths, all surfaced and sized, except the 2x12. This is all good lumber and is all stock, so it is very dry. If you can use lumber of these dimensions, it will pay you to look it up.—Groner & Rowell Co.

ANOTHER IRRIGATION PLANT NEAR TOWN

Herman Huntman Has 30 Acres Watered From River

PUMPS WITH GASOLINE ENGINE

Says That his Crops Will Almost Double in Yield

Herman Huntman, the Veteran peach grower of a mile southwest of this city, has thirty acres of fine fruit, grain and vegetable land watered by an irrigation plant, pumping water from the Tualatin River with a big 20 Horse Power gasoline engine, and the stream that he brings from the river is a dandy. Mr. Huntman says that the irrigation project will at least double his crops this season, and the extra expense is not so much but that it will leave him a handsome profit for his water investment. Mr. Huntman says it is only a question of time until hundreds upon hundreds of acres of land along the Tualatin and Dairy Creek will be irrigated from these streams, and while it is more expensive to pump than it is to get a water level supply, it will mean thousands of dollars more in production. He says that irrigation is to be the slogan of the future, and he only wonders that it has been delayed so long.

Huntman has supplied many families with peaches that beat the Southern Oregon product, for many years, but he says that the cold last Spring ruined this season's crop. He will not have over a bushel or two on his trees.

When Attorney Geo. R. Bagley started to expend money on an irrigation plant a year or so ago he little dreamed that he would start the ball rolling for general irrigation, and it is safe to say that within five years there will be thousands of acres under water supply in old Washington County—which, for that matter, is the richest in production of any county in the Northwest.

J. W. Jameson, who has been here four years, after spending 30 years in drouthy Nebraska and Kansas, was up from Farmington, Saturday. He thinks Oregon is good enough to live in, and—he says when he dies he wants burial "where the green grows over his head."

C. W. James, of between Hillsboro and Cornelius, was in Monday, and states that the onion crop in his vicinity could be better, if there was a little more moisture. Some crops, however, are good. C. W. says there is a belt about 3 miles in diameter that has not had as much rain as the balance of the county.

D. H. Willers, of southwest of town, was over Monday, and went down to look at Zina Wood's irrigation plant. He says he has 40 acres, 30 of which is cultivated, up on which he can easily throw water, and he is getting the irrigation fever. Irrigation is the thing—think of two or three nice fat juicy crops each season, and green fodder for the dairy stock.

John L. Smith, the veteran mill man of Tualatin, and whose mill has a capacity, strong, of 25,000 feet per day, was up Monday, and says that the lumber business is a trifle dull, although there is a great deal of housebuilding down his way. He tells the Argus that a new company—the Tualatin Brick & Tile Co.—will build a tile factory and brick kiln at once. John L. still wears that same good-natured expression.

They were wedded July 7, 1905, and Mrs. Gragg asks the custody of the one child. The property rights in the last case were settled out of court.
