## PORTLAND LIVESTOCK SHOW AND FAIR

President W. H. Wehrung Says it is to be Winner

FINEST EXHIBIT IN THE WEST

Horses From all Over the Northwest on Exhibition

The horse show at the Portland Fair and Livestock Exposition, September 20 to 25 inclusive, promises to eclipse any former event ever held on the Coast, not barring the Lewis & Clark show.

Perhaps the largest exhibitor of standard breeds will be F. E. Alley, of Roseburg, Oregon. Mr. Alley brings a full complement and enters in all classes from the colts up to aged horses. His record in the show ring last year is still fresh in the memory of fair goers. His horses were admired by thousands at Salem and Portland, and this year his will equal if not surpass his former showing and winnings.

Among other exhibitors of standard breeds are L. C. McCormick, W. L. Whitmore, J. P. Porter, all of Portland; J. L. Eldon, Silverton; Thos. H. Brents, Walla Walla; Paul Weisinger, Portland; C. Y. Larrabee, Home Park, Mont.; Edward Auld, Rimontion, Canada; Hill Rocky, Bay Center, Wash. There are more to be named.

The Clydesdales will be represented by J. D. Gordon & Sons of Newberg. Dr. Mr. Gordon made a trip across the water, bringing out a new importation with which to meet all comers. H. C. Constance, of Independence, will have four head, Hugh Nesbit, of Chincamec, Wash., will be on hand; D. M. Dryden, of Woodburn, has a fine aged Clyde; Wm. Boyd, of Hastings, Oregon, will have Bruce and others to be named.

J. Crouch & Son, of Lafayette, Ind., have been importing horses for years, and are well known at every show and fair of importance. They have a branch barn at Portland and Sacramento, Cal., and will have a big exhibit. A. C. Ruby, our home importer, will have the largest exhibit he ever put out. He will show several of the heavy breeds and has a brand new importation for the fair.

H. C. Campbell has mammoth Spanish Jacks & Belgians which always attract much attention.

Percherons will be shown by McLaughlin, Crouch, Ruby and several other breeders.

Taken all together it will be one of the best horse shows held on the Pacific Coast and it will be worth going miles to see.

E. C. Mulloy, of Laurel, was in Saturday, getting ready for hop picking.

Bud Otis and family, and a few friends went to Roderick Falls, on Gales Creek, Sunday, to spend the day.

Sam J. Ruffely, of Mountandale, was in Monday. He will take up his residence again on the farm, permanently, October 1.

A shaving combination that will please, and at \$1.50 for the set—a razor, a drop and a hone. Try one—they are dandies.—Emrick & Corwin. 25-6

S. L. Hollenbeck and wife came down from Mountandale, Saturday, and went into Portland to bid a farewell to Mr. and Mrs. B. C. Hollenbeck, who started the first of the week for St. Johns, Florida.

Wanted—To rent a farm of from 80 to 150 acres cleared, with buildings in shape for use. Will pay cash rent. Want good place. Address Glen Pomeroy, Holbrook, R. F. D. 1. 24-6

J. W. White and Frank Sell, of above Banks, were in the city Thursday evening, and called on the Argus. They report their section as improving wonderfully since the P. R. & N. laid its steel into the territory above them.

Geo. Schulmerich, cashier of the Commercial Bank, came up from Yoncalla, Sunday evening, after a visit to the Shoustring ranches. He and Wm. Schulmerich were out Saturday, after deer, and Wm. brought down a fine buck.

Monterey, Mexico, where Mrs. Smith, formerly Miss Lottie Lamkin, resides, was visited by a cloud burst Saturday, and 1,200 people were drowned and thousands rendered homeless. The Smiths lived in the elevated district, and were immune from loss.

State Game Warden R. O. Stevenson, of Forest Grove, was down the last of the week. His deputies over the state are doing vigilant service, and the office is getting many convictions. Down at Merrill, Southern Oregon, the other day, his deputy bagged the Mayor of the town, and several of the "big guns" from other parts of the state. Mr. Stevenson says that the law shall be enforced if hard work will enforce it, and it is notable that there has been a greater income from fines since his occupancy of the office, than in the past.

We now have a good supply of good hard burned brick, and building blocks for cellars and foundations. Try our building blocks for your house foundations. Cheaper than cement or brick and better protection against frost. We have finished our run of large tile and are again running on smaller sizes, and have a fair supply at the yard. Parties wanting tile delivered should place their orders now so we can haul them before bad weather. There is always a rush of hauling orders in the Fall when roads are almost impassable. We have a good supply of rough and dressed lumber at our mill, and a quantity of common lumber at the Hays spur, below Newton, the latter to sell at a sacrifice—2x12, 2x8, 2x6, 2x4, 1x10, 1x8, 1x6 and 1x4, of various lengths. This is all good dry stock, and it will pay you to investigate should you want any of these dimensions—Groner & Rowell Co., Scholls, Hillsboro, R. 2.

Once again Dr. G. B. Whitney, the former Forest Grove dentist, is at liberty. He was tried and convicted of manslaughter, in the matter of the death of Miss Mabel Wirtz. The Supreme Court reversed the decision, and for a few days Whitney was at liberty. The officers again arrested him upon a revised order of the Supreme Court, stating that it was a remand for a new trial, and not a discharge. Whitney was jailed at Portland, but his father arrived Friday from Michigan, and Saturday filed a bond sufficient to satisfy the Court. Dr. Whitney will make a strenuous effort to have a verdict rendered in his favor. The case is watched with much interest here because of the prominence of Dr. Whitney and his alleged victim, who was very popular in Washington County.

Grant Downing, of Summit, Or. and who is well known here as a resident of several years ago, returned from a trip to Vernon County, Mo., Saturday afternoon, and he says the heat has been very intense back there. The thermometer frequently went to 112. He has been absent about three weeks and this is his first home trip in 20 years, his father having died suddenly.

John J. Long, well known here in the nineties, and who went from here to Portland and thence to Boise, is back in Portland again, and was out to the historic old county seat, Sunday, taking in the ball game. John is not as young as he was, in the flesh, but he says the spirit of olden times is still with him. He sees great evidence of improvement in Hillsboro. His family is still at Boise.

For Sale—New two-story house of 8 rooms, with woodshed, on lot 99x191. On Fifth and Jackson, corner. Splendid location. Four blocks from court house; 4 blocks to Oregon Electric; 6 blocks to school. City water; also good well.—M. N. Bonham, Hillsboro. 23-5

Achiele Whisnant, editor of the Coos Bay Harbor, an exchange which visits the Argus every week, was in the city Saturday, the guest of J. M. Brown. Mr. Whisnant is in the same town with Miles Everitt, who is in the drug business there. He thinks Hillsboro, from all appearances, is forging ahead.

D. B. Reasoner and brother, Henry Reasoner, started for Nerts Sunday morning, and will remain at the beach two or three days, bringing with them on their return Miss Jennie Reasoner, and Mrs. Alice Hawthorth, of Walla Walla, a sister of Mrs. Reasoner, who have been on the coast for over a month.

Carpenters—Ware Bros. Co., Spokane, have enroute another shipment of the celebrated Self-Setting Planes made by Gage Tool Co., Vineland, N. J. If local dealers don't sell them, get one there. Five Portland stores sell the Self-Setting Planes.

D. B. Reasoner finished the Banks bridge, Saturday evening, and opened it for travel. Ray Reasoner left the first of the week to put in the county bridge at Greenberg station, and expects to finish it this week.

Mr. and Mrs. W. E. Kelso came out from Portland Sunday morning, and went on out to Leisyville, where Mr. Kelso will have charge of the picking of Mr. Bagley's ninety acre hopyard.

Mr. and Mrs. I. H. Crawford, of 855 Clinton St., Portland, desire to thank their relatives and friends for their kind sympathy and beautiful floral offerings at the burial of their beloved infant son, J. Edward, at Rose City cemetery, August 20.

Just follow the crowd to Nelson's Second Street barber shop—the only four-chair shop in Washington County. Always four men on Saturday. 22-4

Ed. Northrup, of Shady Brook, was in the Monday.

## GUN CLUB TEAM PLAYS ALL OVER CARDINALS

Nifty Bunch From the Metropolitan Takes Score of 13 to 3

MADE SIX RUNS IN FIRST INNING

The Worst Day Cardinals Have Yet Experienced

It was bad sledding for the Cardinals, Sunday, when they went up against the Portland Gun Club team, and the result was a score of 13 to 3 in favor of the visitors. Everybody on the local team seemed to have a day off, and appeared to wish they were at the "old swimming hole," or anywhere else than on the diamond. The first inning the visitors batted freely, and scored six times. This took the ginger out of the locals, and it was easy from that on. The first good hit the Cardinals had was in the fourth inning, when Bunsen slammed out a three-bagger. Chester Alexander then hit out and scored him. Bunsen hit out two two baggers afterward, and one of them brought in two scores. He made a bad muff of an easy one in right field, however, and Houston went to the bad on a dandy that he should have handled. Copple, the star shortstop of the Colts, played third, and he couldn't find the sphere in his old-time form. Walt Robinson, who was touched up for the six tallies in the first inning, was succeeded by Miller, and he in turn was displaced by Chester Alexander—but it was no use—the visitors had the dope on them.

## HOP HARVEST NOW ON IN COUNTY

Thousands Gather in Yards to Pick the Fragrant Burrs

THE ANNUAL BEER BERRY PICKING

Harvest Commenced Monday Mornig in Many Yards

Hop picking commenced in Washington county, Monday, in many of the larger yards. Wm. Bagley, the Leisyville grower, opened work in his 90 acres of vines Monday, and minor yards commenced Tuesday and Wednesday. The Nelsons, the M'ad yard, and others to the eastward, started in midweek, or will take up the harvest by the last of the week.

Hops continue strong in the market, and from all indications those who have not contracted their crop will make a killing this season. Twenty-one cents was the offering Monday and Tuesday, with a strong indication that before picking ceases there will be a big advance. The acreage in this county is not over half, it is said, of last year's, and this condition prevails all over the state's hop districts. The Chehalis Mountain and Laurel districts began picking midweek, and this vicinity produces a great many hops, nearly all yards producing finely this year.

WHEN SCHOOL OPENS

The school board has decided, because of the street fair, to delay the opening of the public school to September 27, this Fall, and by that time it is hoped that all will be in readiness for a good year's work. The board has purchased one of the best sets of physical apparatus, costing \$150, which will be installed immediately, and this feature will be highly appreciated by the High School students. The High School study is to be featured as follows:

First year—(Required Subjects) English, Algebra, Bookkeeping 1/2 year, Botany 1/2 year. Optional Subjects—Ancient History, Latin.

Second year—English, Algebra 1/2 year, Plane Geometry 1/2 year, Physical Geography Optional Subjects—Caesar's Gallic War, Mediaeval and Modern History.

Third year—English, Plane Geometry 1/2 year, Solid Geometry 1/2 year, Physics, Optional Subjects—Cicero's Orations.

A GOOD POSITION

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8 hour law became effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$75 to \$90 per month, with good chance for advancement. The National Telegraph Institute of Portland, Ore., operates six official institutes in America, under supervision of R. R. and Wireless officials and places all graduates into positions. It will pay you to write them for full details. 25-6

J. W. Cornelius, of southwest of the town of his name, was in the city Monday, greeting his friends.

For a fine lawn or field fence, the Royal American is the best of all; neat, durable, strong. Any height you want.—Emrick & Corwin. 25-6

W. W. Reynard, of Laurel, was in town Saturday, preparing to start for his boyhood home in England, where he has not visited for many years.

I will buy prunes and pay the highest living price for them. I have a new drier, and those wishing to sell their prunes should sell them at once.—S. L. Hollenbeck, 3 miles above Mountandale. 25-7

A Anderson, of Helystia, was in Tuesday, and says that the Helvetia people are very much elated over the coming of the United. He says that they expect to get a station not very far distant, and ship their milk and cream, saving a long haul.

Cedar Mill had a road meeting Monday evening, and about 35 turned out to talk over road matters. The district last year voted \$2,000 for road purposes and a great deal of work was done, but there is complaint that there is a gap of about 300 yards between the two portions of the road that has been rooked. Judge Goodin and L. W. House went from here to attend the meeting.

"I paid that bill once." "You must be mistaken." "Indeed, I am not mistaken." "Have you a receipt?" "It seems to me that I have, but I don't remember what I did with it."
