## CHAS. SIENDSTROM CHARGED WITH THEFT

Sheriff Hancock Accompanies Detectives to Timber

DEFENDANT WORKING ON P. R. & N. Room Mate Says he Stole About \$2.00 in Portland

Last Friday Detective Coleman and Policeman Douglas Leisy came out in an automobile and in company with Sheriff Hancock and John Peterson, prosecuting witness, went on up to the right of way on the P. R. & N., above Timber, where Charles Siendstrom, a logger, was arrested, charged with stealing from Peterson the sum of \$200.

Siendstrom had \$90 on his person when placed under arrest. According to Peterson's story the two men were in Portland together, and Peterson wanted to send \$200 in money to his family. Siendstrom volunteered to send the money order as Peterson could not understand English very well. Siendstrom, so Peterson says, got the money, and then vanished, taking also a cheap watch. The auto, driven by Leisy, broke down near Glenwood and the officers were obliged to walk 14 miles. They returned with the prisoner Saturday, and took him in to Portland on the evening train.

The two men were rooming together on Third & Flanders, when the alleged theft is said to have taken place.

He is said to be a good cement worker, but has been down on his luck for some time. The brother took the defendant and the family to Portland, and said that he would see that he appeared when court set, and in the meantime keep him at work and see that he provided for the family.

## Will you Take the Chance?

If you value your eyes, have them properly fitted at once. Delay, and your eyes may become so bad that no glasses will help them. Then you will regret it all the rest of your days. Do not trust traveling opticians and spectacle peddlers to fit you with glasses. They get your money—and you get experience. This I know because it is a common story from people who have patronized the peddler, and then come to me for glasses that will give them the vision and comfort they should have. I have the appliances, knowledge and experience to give you as good satisfaction as you can get anywhere. Spectacles and Eyeglasses, from \$1.50 up. Gold filled, from \$3.00 up; Solid Gold, from \$5.00 up. LAUREL M. HOYT, Jeweler, Optician
