J. D. Sullivan, formerly of Cedar Mill, and who has been in the Victor, Col., mining section, and Nevada, for 12 years, was in town Tuesday, and called on the Argus. Mr. Sullivan was all through the big labor disturbances up in that section, a few years ago, and can tell you all about the bull pen and Sherman Bell's militia, and how women were herded there like sheep. He goes to Nevada in a few days, to look after some mining claims. Mr. Sullivan is a brother of J. E. Sullivan, and a son of Mrs. Mary Sullivan, of Cedar Mill.

The Independent publisher had another epasm last week and buckled on his armor for a tilt with the Oregonian, alleging that no improvement notices were sent in from Hillsboro. If the Independent man would have less on stomach and more vision perhaps he would have seen that Hillsboro dispatches in the Oregonian have contained notices of the building of the concrete block, the Pythian building, and general mention of the many cottages built this season. The only trouble with our friend is that he appears to be top-heavy, and prone to criticize everything, and there isn't much doubt but what his next stunt will be to criticize the Almighty for "this sorry scheme of things entire."

The Use of Money

The way a man uses money—makes it, saves it, spends it—is perhaps one of the best tests of character.

Money should not be regarded as the principal end of life, nor should it be regarded with contempt, for it represents to a great extent the means of mental and physical comfort.

The finest qualities of human nature are related to the right use of money—generosity, honesty, justice and self sacrifice.

A little self sacrifice, a saving account with this bank, and a determination to use your money right (by saving it) will soon accumulate a snug balance to your credit.

We pay four per cent on savings and time certificates.
