Dairymen should turn out Saturday and hear the dairy question discussed, as this industry means a great de l for the future of the sec tion. Before the dairy regime in Washington County, and when farmers depended on grain for profit we all remember that conditions were not as good as at present. We now stand first of all the Northwast in dairy production, and it has been a rejuvenator of our seil. and has placed us on the creet of prosperity. It will be worth while to attend the meeting and hear what Mr. Stuart has to say.

The chronic knecker, the Independent, was again out with its hammer, last week, its editorials being filled with lachrymose and nasal intonations.
