THE LATE W. D. HARE

The passing of Hon. W D. Hare vibrates the tenderest community chord. He was a man universally beloved, and the impress of his personality; 'he courage of his convictions; the lovable characteristicof the soul that knew but sympathy for the oppressed; charity for the weak and erring; his boundle : conception of rectitude; his high among very young people is certainly regard for honor and his whole- a lottery. some fellowship-all these things will live after his remains have again commingled with the dust of had received one note from him and the world he loved so well, and which he never betrayed by disre gard of the fitness of things eternal, displeased. Henry was five years her Peace to his ashes-and, truly, it will be long until we shall look upon his like again! He was beloved for his strength of manhoodand his very weaknesses were tho e of the heart and not the head. En emies he had none; friends, myriads; and few men were so universally respected, admired and adored. I was of such a man Old Omar thought, when he wrote: For some we've loved, the loveliest and

In the name of the State of Oregon Make Suspected that the star had any meaning whatever; would have thrown "the thing" into the wastebasket and left the sender to find out whether or no there was hope for her by asking him point blank.

Pardon this digression. Delia Thorpe knew in her heart that there was a great deal of hope for Henry Robbins, and she deemed it her duty—it was certainly her pleasure—to inform him attached, to-wit—

of the fact. So she detached the star.

A USEFUL VALENTINE WEHRUNG BRATS

By BERTHA D. ALSOP. [Copyright, 1910, by American Press Asso-clation.]

Della Thorpe was passing out of the age when girls send or expect valentines. At least she personally considered them as more fitted for children than for grownup young ladies of seventeen like herself. But Delia was rather a dignified young person with old ways.

There is a place in all girls' hearts vacant until it is filled by some young fellow. This place had been filled for Delia, but neither he who filled it nor any one else knew of the fact. Delia herself was afraid even to breathe his name in her prayers, fearing some ordinary mortal without sentiment or sympathy would hear.

Henry Robbins, a bank clerk, was the youth whose image had found a pre-eminent place in her vision. Aft. was success. They had a successer all, in youth is it not the image ful show, but owing to a streak of that makes the impression? Marriage

When Delia on the morning of the 14th of February received a valentine addressed in Henry's handwriting-she treasured it, locked in her jewel boxshe was surprised. She tried at first to make herself think that she was senior, and it occurred to her that his sending her a valentine indicated that he considered her a chit. There was one redeeming feature-it had been mailed in a plain envelope. But presently this feeling were off and there was something very delightful about the little stamped thing bedaubed with cupids, notwithstanding that she deprecated Henry's having sent it to a person of such advanced age as herself. Pasted to its center was a little silver gewgaw star, underneath which was written "Star of Hope." While the address on the envelope was unmistakably Henry's, Delia was not quite certain that the writing under the star was his. It looked more like the hand of a much younger person. But she preferred to think that it was Henry's work, and why shouldn't it be since he had addressed the envelope? Why had he called it the star of hope? Because it expressed a hope that she would be his valentine, of expected that if there was hope for tor company. him she would let him know. And how would she do this? By sending him the star. It was all plain as the sun in heaven after she had thought

Some crusty bachelors, most of them woman haters, assert that women have not logical brains. This process of reasoning on the part of one of the sex no older than her eighteenth year is an excellent refutation of these men's assertion. Ten to one if a man had received such a missive he would never have suspected that the star had any

of the fact. So she detached the star, put it in a little envelope, such as is used for sending cards, and slipped it in a letter box.

"Tim," said Henry Thorpe on the morning of the 15th of February to an office boy. "There is some mistake here. You were sending valentines the other day. Do you know anything about this?"

"It's a star that was on one of the valentines I sent." Henry had been very busy with the

mail on the 13th. Tim Butler had that day been addressing valentines on Henry's desk. Henry had written Delia Thorp an invitation to go to the skating rink with him on the evening of the 15th, and it was evident that Tim's girl had been invited to the rink while Henry's girl had been sent the star of hope valentine.

The practical part of all this Henry reasoned out very readily. But as to deducing what the star meant he was as stupid as an owl. There was nothing for him to do but expinin the matter to Delia. He did so in a note stating that a valentine belonging to mons is served upon you by publication at least once a week for six (6) consecutive weeks in The Hillsboro Argus, a intended to contain an invitation to go with him to the skating rink, adding an apology for having sent the valentine. He would call at 8 o'clock to take her to the rink.

> Such brutal treatment, though unin tentional, naturally had its effect upon Delia. She received him very coolly when he called and declined to go out. He sat down with her and tried to find out what was the matter, but he out the problem as Della had reasoned | 3t. 1910. out the star of hope matter was an impossibility with him. Supposing that Delia was miffed at his sending Overdrafts, secured and unher a valentine, he apologized for do ing so, declaring that a man of his age who would send a girl a paper made star should be relegated to the nursery. This didn't improve matters. Delia's eyes flashed; then tears stood in them. And yet Henry was not aware that every moment he was

stabbing her right in the heart. "Do little girl," he exclaimed, "do tell me what it is."

"I can't," she moaned. 'Do, please!" "I thought you sent the star of hope to learn something from me. I've re-

turned it to you." A glimmer struggled inside Henry's thick skull. He took her in his arms, and it was all over.
