## PYTHIANS HAVE A GRAND TIME

### District Convention and Dedication at Forest Grove

#### SPLENDID CASTLE HALL OPENED

##### One of the Finest Structures in the College City

Over two hundred Pythians attended the dedication of the castle hall of Delphos Lodge Knights of Pythias and the district convention at Forest Grove, Saturday night. The new hall is a three-story building and is one of the finest and most finely appointed buildings in the college city and is a monument to the enterprise of the Pythians and to their faith in their home city. E. W. Haines delivered the address of welcome, and responses were made by Judge Goodin, for Glencoe, John M. Wall and L. A. Long, for Hillsboro; J. H. Westcott, for Gaston; Gist, for Yamhill; Hendershott, Jacobs and Ungerman for McMinnville, and Chas. O. Roe, for Delphos, the home lodge. J. H. Westcott and Mr. Gist were the only two charter members of Delphos present.

After the addresses were over the visitors were seated to an elaborate banquet such as the Forest Grove Knights had never before. The guests were much taken with the beauty and appointments of the hall, and swarmed the club rooms, ball, dining room and bowling alley for hours.

After dinner was over, Grand Charter Menefer, Grand Keeper of Records & Seal Lou Stinson, Past Grand Chancellor John M. Wall, Grand Prelate Geo. Schumacher, Grand Master at Arms Ed. Curtis, and Grand Officer Guard J. H. Westcott proceeded to dedicate the castle hall with the impressive ritualistic ceremony. Work in the third rank was then put on by selections from the various lodges of the district and some of the best exemplifications of the lessons of the rank ever heard in the Northwest were rendered. A solo by Mrs. Wilbur McEldowney was encored to the echo, and Walker's orchestra furnished music throughout the session, which is considered the most successful district convention ever held.

D. G. Lilly, formerly of Gales Creek, and now residing at Hillsboro, the land of plenty, was in town Monday, paying taxes and greeting his friends.

J. S. Miller, of Scholls, was up to the county seat Friday morning. He reports the warm sunshine of last week as having a very beneficial effect on the roads.

Leo Schwander, who has been up in the Mounts side section for many years, was down to the city Saturday, greeting friends. "Roads are getting better," he says.

Logan terry plants—400 fine, thrifty young plants, just right for transplanting. For sale by J. S. Loring, Newton station, east of Hillsboro, Oregon, on Southern Pacific.

J. W. Correlius, the old time horseman, and who now owns the H. L. place south of Cornelius, which keeps him busy, was down to the city Monday, extending that hearty handshake of his to his many county seat friends.

We now have a good supply of good hard burned brick, and building blocks for cellars and foundations. Try our building blocks for your house foundations. Cheaper than cement or brick and better protection against frost. We have finished our run of large tile and are again running on smaller sizes, and have a fair supply at the yard. Parties wanting tile delivered should place their orders now so we can haul them before bad weather. There is always a rush of hauling orders in the Fall when roads are almost impassable. We have a good supply of rough and dressed lumber at our mill, and a quantity of common lumber at the Haze spur, below Newton, the latter to sell at a sacrifice—2x12, 2x8, 2x6, 2x4 1x10, 1x8, 1x6 and 1x4, of various lengths. This is all good dry stock, and it will pay you to investigate should you want any of these dimensions—Grener & Rowell Co., Scholls, Hillsboro, R. 2.

L. C. Rogers and wife returned a few days ago from a two months trip to their old home in Wisconsin, after an absence of seven years, and have again settled at Cornelius. Mr. Rogers says it was 35 below back there last winter, and that one day, in a two hours drive, he froze two of his toes. Mr. Rogers relates an amusing incident of how they log back in the Badger state. All of the big timber is gone and they are now cutting anything out of which they can whip the smallest piece of smooth lumber. They have level sled roads, and he brought with him a photo of a four horse-load of logs, numbering 202 pieces, and scaling 17,800 feet and a little over. This would make good whiptocks for the average Oregon farmer.

Rural carriers all agree that where the spitlog drag has been used the past winter the roads were a great improvement over those where the log or drag was not used. All that is needed is good drainage and then frequent use of the leveler and a fairly decent road is the result. If a portion of the road money were held out from the Spring work for winter use in this manner half of the road problem would be solved. But the drainage should first have attention if best results are to be obtained. The sunshine of the past week, however, was the best road builder that we have, considering the cost.

#### Mr. E. Dilley, of Forest Grove

Col. Thos. R. Cornelius, in 1857, and five years later settled on his farm above the Grove, was down to the city Saturday. Mr. Dilley knows all the old pioneers of his section, and remembers many a good old-time yarn.

The Hillsboro Lumber Co.'s mill is sawing right along on orders, and the camp above Buxton gets down four big carloads of logs daily. Mr. Haze expects one of the best seasons since the building of the mill. The company is now cutting on the timber owned by Wm. Bagley Sr. and A. B. Smith.

Dairymen attention—The undersigned has for sale some registered Jersey bulls, yearlings, and a few registered Jersey heifers, bred and unbred—as finely bred stock as can be found in the state.—Wm. Schumacher, near Farmington, Oregon, Hillsboro Oregon, Route 5, Independent Telephone. 16

L. J. Holder, of Portland, but who spends the most of the time on the ranch near Beaverton, was in town Saturday, greeting friends, and paying taxes, and while in the city coupled up with the great Northwest daily and the home paper.

For sale: Kelley steam wood saw, in good repair. For cutting cordwood or stovewood out of the log—J. W. Reynard, Hillsboro, Ore., Route 2. Between Laurel and Scholls. Ind. Phone Scholls Div. 523

John Gerber and wife and Miss Paulina Wyman, of near Cedar Mill, were in town Saturday, and gave the Argus a pleasant call, while making the rounds of the town.

When the kitchen is properly equipped there is sunshine in the house. Come in and see our Champion and Charter Oak ranges. They are the best.—Emrick & Corwin.

Frank Westhoff, one of the jolly farmers from the Beaverton-Cedar Mill section, was in the city Saturday, and called for a minute, after paying taxes.

Judge Goodin has had the boys confined in the county jail out working on the court yard front, the past few days, parking the plot between the concrete walks.

A. W. Pike, of Beaverton, was up Saturday, paying taxes, and incidentally renewed the Argus for the sixteenth time—and that's going some.

Mr. Fritz will make a Summer resort of the place and already has three baths installed. He will use the log cabin as a rustic home, and put up a \$5,000 hotel for his guests.

An incipient blaze started between nine and ten Monday night in the woodshed lean-to at the rear of the Odd Fellows' building. A match doubtless had been thrown in some excelsior in one corner of the place, and it ignited the shavings. The firebell called the department and the blaze was extinguished before any damage was involved. At the time the Crescent Theatre was full of people, and many a heart went up in the throat of those at home in fear that the theatre might have caught fire. The band was playing at the time, and Leader Parker signalled for heavy work and so successful was the ruse that but very few in the house knew of the alarm. Had a stampedale taken place many might have been injured. C. W. Garrison is said to have been the one who discovered the blaze.

## ACTIVE CAMPAIGN FOR MORE FUND

### Rest Room Committee Sends out Letters to People

#### WISH TO BUILD BY MAY 1ST

##### Wish to Raise Five Hundred Dollars More, at Once

The Rest Room Committee of the Ladies Coffee Club have sent out a circular letter to people all over the district, appealing for funds to complete the fund for the purpose of building and equipping a commodious and comfortable rest room. That it will meet with popular favor goes without saying and there will be many responses. The committee has also appointed sub committees to solicit aid in the city and an active campaign has been started to complete the amount needed and start the building by May 1, so that all will be in readiness within a few weeks after that date. The committee expect to put up a concrete structure, and one that will be an ornament as well as useful for its intended purpose. The letter sent out follows: Hillsboro, Ore., Mar. 12, 1910.

Dear Sir: The Rest Room Committee now have \$500 in cash on hand, but find it necessary to raise \$500 more before beginning work on the Washington County Rest Room, May 1st.

The building of the Rest Room is wholly a philanthropic work in which all may join. Out of town people coming to Hillsboro for a few hours, on business or pleasure, have felt the need of such a place for convenience and comfort, for many years. The rest room will be maintained for the people free of charge, therefore one dollar is but a small sum for the amount of benefit to be derived. Washington County is the garden spot of Oregon, and we do not wish to be behind other places in public spirit.

The names of those subscribing to the fund will be published in the county papers each week as they are received with the amount donated, (you are not limited to One Dollar) and will also be placed in the corner stone.

Send all remittances to Mrs. H. T. Bagley, Secretary of Rest Room Committee, or leave your contributions at the Argus or Independent offices, where the money will be properly receipted for.

Whatever you give is entrusted to the careful judgment of the following committee who stand as a surety for the wise use of the money expended. They believe in the enterprise and are not only interested but anxious for its success.

You are cordially invited to contribute \$1.00 or more to this worthy cause. Yours Respectfully, Mrs. J. P. Tamiesie, Mrs. H. T. Bagley, Mrs. Emma McKinney, Mrs. John Connell, Mrs. John Sewell, Mrs. Alonzo Sigler, Mrs. Geo. Schumacher, Mrs. S. C. Killen, Mrs. C. W. Rollins, Mrs. C. E. Lytle, Mrs. R. C. Vaughn, Mrs. L. E. Wilkes, Mrs. Edna Imbrie Zilly, Miss Claire Imbrie.

#### TROUT RIPE APRIL 1

Already County Clerk J. W. Bailey is receiving applications for fishing licenses and the open season begins April 1. Many who apply, simply because it is handy to get the paper while in town paying taxes, color up a little as though bystanders might think they were getting down to business a little bit early. Owing to the not extremely cold winter the festive trout are supposed to be plentiful and one mountaineer, who says one founded on the high water and landed at his cabin door, bright and early one morning, says the flavor is just a little bit better than last season.

J. C. Hare, of the Hillsboro Lumber Co., says that the season is opening in a promising manner, and that he anticipates one of the best years since the sawmill at the foot of Third Street was installed. He is cutting for the United, the P. R. & N., besides filling orders for local trade and for Orengo. Rudolph Hofman and wife, of Phillips, were in the city Monday morning.
