Twenty pass out of the classes examined here and at Forest Grove a few weeks ago, and the class examined at Forest Grove, which was very large, has a majority of the designations.

We now have a good supply of good hard burned brick, and building blocks for cellars and foundations. Try our building blocks for your house foundations. Cheaper than cement or brick and better protection against frost. We have finished our run of large tile and are again running on smaller sizes, and have a fair supply at the yard. Parties wanting tile delivered should place their orders now so we can haul them before bad weather. There is always a rush of hauling orders in the Fall when roads are almost impassable. We have a good supply of rough and dressed lumber at our mill, and a quantity of common lumber at the Hare spur, below Newton, the latter to sell at a sacrifice—2x12, 2x8, 2x6, 2x4, 1x10, 1x8, 1x6 and 1x4, of various lengths. This is all good dry stock, and it will pay you to investigate should you want any of these dimensions—Groner & Rowell Co., Scholls, Hillsboro, R. 2.

While Dr. S. T. Bowser, of Hillsboro, was driving on a professional call, near Witch Hazel, the other day, he met a Mr. Andrews, of Portland, who was running an auto. Andrews failed to give a wide enough swerve to the right with the result that Mr. Bowser's horse stood up on his hinder legs, cut a few capers, and finally tipped the buggy over, badly bruising the driver. One of his shoulders was badly injured and slightly fractured in a place that will take a long time to heal. He was brought to the city by Mr. Andrews and taken to the office of Dr. F. A. Bailey, who attended the patient. The horse ran quite a distance and was caught near Reedville. Mr. Andrews says he will pay the damages which cover harness breakage, a wrecked buggy and Mr. Bowser's injuries. Mr. Andrews gives his address as 475 Washington Street.

Dr. O. H. Schaez, Chiropractic Spinalist, of Forest Grove, is a finely equipped exponent of the science. He has taken the course under Dr. D. D. Palmer, the discoverer and developer of chiropractic. All desiring freedom from pain and sickness should consult him. All diseases. Examination free. Next door to LaCourse's Store, Forest Grove, Ore.

R. F. Peters and Harold Merryman, of Portland, and formerly of Hillsboro, and W. P. Dyke, of this city, are the trio selected as the debating team of the law school of the University of Oregon. Each is a forceful speaker, and as Peters is an old debater, the boys should come out of their forthcoming debate with the University of Washington with flying colors. Mr. Dyke, who has been attending the law lectures in the evenings, was out Monday night, and mustered in the Hillsboro Co. No. 16, Uniform Rank K. of P.

Dairyman attention—The undersigned has for sale some registered Jersey bulls, yearlings, and a few registered Jersey heifers, bred and unbred—as finely bred stock as can be found in the state.—Wm. Schalmierich, near Farmington, Oregon, Hillsboro, Oregon, Route 5, Independent Telephone. 16

J. C. Lamkin has sent some Oregon berry plants back to a Mr. Killbuck, of near Springfield, Mo. Mr. Killbuck visited Oregon last Winter, and was very much impressed with this section. When told of the production of logan berries, and other varieties, he expressed a wish that he might have some of them. Mr. Lamkin forwarded eight varieties to him this week.

For sale: Kelley steam wood saw, in good repair. For cutting cordwood or stovewood out of the hillside, near Hillsboro, log—J. W. Reynard, Hillsboro, Ore., Route 2, Between Laurel and Scholls. Ind. Phone Scholl-Div. 523

Erwin Ritter, Secretary of the German Insurance Co., was in from the Bethany-Phillips section, Saturday, getting ready to publish the annual synopsis of the business of the company. The mutuals must publish in four papers in the state, just the same as the corporation companies. The Argus has placed all four of the advertisements for Mr. Ritter.

TROUT SEASON OPENS APRIL 1

A Digest of the Law Which Governs Trout Fishing MUST USE HOOK AND LINE

Take out Your License and Pay Clerk Bailey a Dollar

The trout law permits fishing with hook and line between April 1 and November 1, and promiscuous fishermen must call on County Clerk J. W. Bailey and pay a license fee of one dollar, and then, when the game warden or any of his numerous deputies appear the piece of paper must be displayed upon demand. However, the game warden, R. O. Stevenson, of Forest Grove, says that the law permits a man to fish on his own place without a license fee, and so he rules that it will not be necessary to take out the license; and neither is his wife compelled to take out a license; and children under 15 can fish anywhere without the paper.

Fishing for trout can only be practiced with hook and line, and there is a penalty where dynamite or nets are used, or vessels of any description. Trout under six inches in length must be thrown back into the water. Non residents of the state coming here to catch the speckled breakfast savor must pay \$5 for the privilege. It is unlawful to catch more than 75 trout in one day. The penalty for violation of any of the foregoing is a fine not less than \$25 nor more than \$150 or an imprisonment in the county jail of not less than ten nor more than 90 days.

The Argus publishes the status of the trout law so that none of its many readers may inadvertently fall into the hands of the game warden or a deputy.

Henry Boge, of near Laurel, was in the city Monday.
William Robb, of near Centerville, was in town Monday.
C. Vohl, of Jobe's Crossing, was in the city Monday morning.

Mrs. Martin Vandehey, of Newton, was a caller at the Argus office, Monday.
J. S. McClarkin and wife, of South Tualatin, were in the county seat Monday.
A. A. Walker came down from Scoggin Valley the first of the week, to answer a jury summons call.

Thos. Sain was in the city Friday. Mr. Sain has had a siege as juror, commencing at the December term.
John Uebel and wife, of Mountsindale, were in the city Monday, conferring with the district attorney's office.
Studebaker wagon, 3 1/2 inch, in good repair, for sale—Ernest Kraus, Cornelius, Route 2, two miles south of Cornelius, at Bloomington. 13
Mrs. P. R. Cooper, of Carlton, and whose husband is S. P. agent at that place, was in the city Saturday, the guest of Mrs. J. W. Connell.

J. W. Connell is building an automobile garage on his lot on Second Street, in order to have it ready by the time good wheeling comes.
Farmers say that for some years the vegetation has not been so far advanced as at the present season. With cool nights to keep back the fruit, there is no reason why 1910 shall not be a season of plenty.
J. E. Butler, who has been at The Dalles, doing draughtsman work, has severed his connection there and taken a position with a firm in Portland, in the Abington Building. Mrs. Butler departed yesterday for an extended visit with relatives at Cedar Rapids, Iowa.
J. J. Hartley was in from Glenwood, Monday, patiently awaiting the coming of good roads to try his 22 1/2 horse power Buick, surrey, purchased through Hartampf and Sears. J. J. says that he proposes to have something that will go some, and he can't wait for the perfecting of the flying machine.
Geo. Schumlerich, Cashier of the Commercial Bank, returned from Elk Head, Southern Oregon, Monday, and says he has bargained for another farm down in that section. He states that property values are commencing to climb down that way, and land will not be had for the asking in a year or so more.
