The Feminine Face.

A perfect feminine face should measure exactly five times the width of an eye across the cheek bones. The eye should be exactly two-thirds the width of the mouth and the length of the ear exactly twice that of the eye. The space between the eyes should be exactly the length of one eye.

Parliament of Bats.

The "parliament of bats" assembled during the regency in the reign of Henry VI. Its members were forbidden to carry swords, so they went to the house armed with bats or clubs.

Genius at Eighteen.

At eighteen Mendelssohn produced "Midsummer Night's Dream," Meyerbeer, "Jephtha's Daughter," Schubert, "Erl King." Bach was court musician at Weimar; Michelangelo executed his basso relievo of the "Battle of the Centaurs;" La Vinci's work was acknowledged by his master, Verocchio, as far surpassing his own; Lope de Vega, the Spanish dramatist, had composed "Arenia;" Savage produced his first comedy, "Woman's a Riddle," and Shelley wrote "Queen Mab."

Weight of Money.

If a man could carry 200 pounds he could get away with only \$295.61 in cents and \$917 in nickels, but he could move \$2,617 in silver dollars, \$54,000 in gold and \$71,111,100 in \$1,000 notes.

A Picturesque Mountain.

In Surrey county, N. C. there is a mountain whose outline displays a striking likeness to the sphinx of Egypt. It is in the northwestern part of the state, just east of the Blue Ridge range, and lies prone upon the Piedmont plains. At a distance of ten miles the figure is the exact counterpart of that of a gigantic lion, its body at right angles to the precipitous ridge and with head reared aloft as if in the act of rising.

Honeycomb.

A square foot of honeycomb contains about 9,000 cells.

Bees in Switzerland.

It is estimated that there are 250,000 hives or colonies of bees in Switzerland, each of which produces forty pounds of honey during the season, a total of 10,000,000 pounds a year.

Colonist Rates to Oregon and the Great Northwest

The management of the Southern Pacific Co. (Lines in Oregon) takes great pleasure in announcing that the low rates from Eastern cities, which have done so much in the past seasons to stimulate travel to and settlement in Oregon, will prevail again this Spring Daily from March 1 to April 15 inclusive.

PEOPLE OF OREGON

The railroads have done their part; now its up to you. The colonist rate is the greatest of all home builders. Do all you can to let eastern people know about it, and encourage them to come here, where land is cheap and home building easy and attractive.

Fares Can Be Prepaid

At home if desired. Any agent of the road named is authorized to receive the required deposit and telegraph ticket to any point in the East.

Remember the Rates

From Chicago \$13, from St. Louis, \$32, from Omaha and Kansas City, \$25. This reduction is proportionate from all other cities.

Ex-Sheriff Connell is perhaps more conversant with the needs of travel over Washington county roads than the average man, because for years he had occasion to make many hurried trips over bad roads. Realizing the necessity for a strong vehicle he made arrangements with a Michigan firm for a special manufacture of buggies, designed for Oregon use. The best of hickory, the best of steel, and the best of workmanship—all reinforced above the average make, was the order given, and the carload of special manufacture arrived this week. Call in and see this Michigan buggy at Connell & Co.'s big store.
