Will be a Credit to the City. Company Headed by Dr. Tamiesie

Dr. J. P. Tamiesie and associates will seen start the construct ion of a three-story hotel on the corner of Third and Main, where the residence of Dr. Tamiesie now is located. The building will be 58x100 built out of cement blocks, with reinforced concrete. Marion Jacobs and all the material, four carloads in number, has been ordered. The lower story will be used for a grill, hotel office and lobby, which will be 40x 40, with plate glass 10 feet deep on the West and North; and 8 feet mullion windows, and pillars 10 feet distant, on both sides of the lobby,

The second floor will be dividand suites, and Dr. Tamiesie will reserve one for himself, overfloor will have rooms for transient, and the builders will have baths and toilets on each floor, This is the class of hotel Hills-

boro has needed for many years, and the promoters are to be congratulated for their faith in the city, while the city, in turn, is to be congratulated that at last some one is sufficiently public spirited to respond to the public needs of the town,
