## CARDINALS LASSO THE ALBINA COLTS

Best Game of the Three Played This Season on Local Grounds  
GAME WAS CORKER START TO FINISH  
Return Game Will be Played at Athletic Park, Sunday

The Albina Colts came out Sunday, and the game they played was all to the good, but they were lassoed by the locals. It was a game replete with interest all the way through, and it was nobody's game up to the last half of the eighth, standing three to two, when the Cardinals went to the bat. In this half there was some great stick work, and before the rally ended three scores were pushed over the plate. In the first inning the Colts ran one over; in the second the Cardinals scored; in the third the Colts again scored, and from that time on the Albinas never got farther than third base. In the sixth the Cardinals crossed over again, leaving it 3 to 2, in favor of the reds. The Colts gave a fine exhibition of fine stick work, and good infield playing, and their left fielder raked one in that seemed an impossibility. Houston was AI with the willow, getting three hits, while Briggs and Hinkle landed two each. Hinkle pulled down five flies in the left potato patch, all of which were hard chances.

The Colts had two brothers pitching, and they were some pitcher and catcher.

The return game will be played next Sunday, and now that the report the Colts were a "kid nine" has been dispelled there will be a big attendance. The line up:

### DOES DAIRYING PAY?

You hear a great deal about high prices of land; high prices of labor; high prices of mill feed, and all that, and there are consequently many who will tell you that dairying can't pay. The Argus has noticed, however, that where dairying is practiced in Washington County, you generally see thrifty looking farms, with fine looking stock, and the owner in the possession of an unmortgaged farm and generally a bank account. Fred Schomburg, of this city, and who has 112 acres near Mountaineer, and who carries 30 milk cows on the place, has, within the last year, made better than 10 per cent. on his place, counting it as worth \$150 per acre. Using the ranch as a dairy producer, for comparison, Mr. Schomburg has had a total of \$3479 from his herd, proven by the checks he has received; \$310 from all other sources from sales; and, calling his hay worth \$600; and after paying \$789 for chop, he has cleared, above the money paid out for labor and supplies, over \$1800 on his investment. This is 10 per cent. in the clear on an investment of \$18,000, and, of course, the actual cost of the place, with improvement, is away under that—several thousand dollars below. But, taking it as a business proposition, and considering that he could sell the holdings for \$18,000, ten per cent. net on that figure is his earnings.

Hack for sale. In good repair. Nearly new. Will sell cheap, if taken soon.—Inquire of E. B. Poole, Hillsboro.

Recorder Willis Ireland is generally on the job at proper hours, so that the public can be attended when papers are filed—but he slipped a cog a few days ago. He happened to be alone in the office at the court house and his watch registered twelve o'clock (the night before, doubtless, as he afterward found it had stopped) and he proceeded to clear away the books and lock up office. He reached Main Street and ran against some one who wished to file a paper. Ireland told him to come after one o'clock, but the party said he wanted to get the 1:05 car. Ireland went back with him, and just then two or three more came in. Upon investigation, he discovered that his timepiece had suffered a lapse and he was closing an hour early. The joke was on the county recorder for he is some stickler for office hours.

Farm for Sale—Square 40 acre farm, with running water, all clear, good new buildings, 1.4 mile to Catholic church and school, 1.4 mile to district school, located 2 miles north of Forest Grove. Inquire Wm. A. Verboort, Forest Grove, Oregon, Route 2.

Mrs. Martha Nelson, who husband, the late W. F. Nelson, was the first man to see the value of a road into the central Oregon country and whose faith in the project caused him to make the first survey into that section, was in town the first of the week, the guest of her sisters, Mrs. Jos. Downs and Mrs. C. E. Koontz, and her brothers, the McCourt boys. Hill and Harriman are both building over the Nelson survey, and the estate of Mr. Nelson was well paid for his holdings.

Parties wishing their cemetery lots cleaned up and seeded to grass, or planted with flowers; or kept in shape the year round, should apply to Hiram Bennett, at race track, Ind. Tel., 102; can be called from 5:30 p. m., to 7:30 a. m., or at noon hour. Experience.

There will be a school picnic at Scholls, a half a mile east of the Rowell & Co. store, on May 28, and the pupils will have a splendid program. There will be races, sports, a May Pole, and addresses by W. G. Hare and Supt. M. C. Case. The exercises will begin at ten o'clock in the morning and continue all day. Jas. H. Jack, the Mountaineer teacher, will have charge of the entertainment.

I am not having a closing out sale, but here to stay. My goods are the best to be had, and prices are right. Therefore, if you are looking for a good place to trade, see Norman Greer, dealer in groceries, crockery, chinaware, graniteware and lamps.

Mrs. J. C. Lamkin went to Portland, Monday, to be present when John Wall and wife started for their trip East to Indiana. The two eldest children will remain with Grandpa and Grandma Lamkin while their parents are absent.

Shrubby, roses, peonies, lilies, all kinds of plant flowers and plants. Cabbage and tomato plants. Celery and cauliflower. Also kale plants. For sale at the Campbell Greenhouse, Seventh and Fir. Ind. phone. 2tf

C. R. Boyd has sold his saw-mill machinery to Davies Brothers and M. Schmale, who will install a mill near Banks. The capacity of the new mill will be from twenty to thirty thousand daily.

M. C. Hewitt, the carpenter, is still in the housemoving business, and if you have a building to move, see him for an estimate.

Dr. Broderich, in charge of the Sweeney Camp, near Timber, and who was brought to the San-place, last week, suffering from pneumonia, is recovering nicely.

Black Minoreca settings for sale at \$1 per. These are the real things, call Ind. Phone 560.

John Wall and wife and youngest child departed Monday for the East, and Mr. and Mrs. W. N. Barrett left the same evening for Washington, D. C., and Anapolis.

Ernest Parkin, of Banks, was brought to the Hillsboro Sanitarium, Monday, suffering from appendicitis. He is under the care of Dr. S. T. Linklater.

E. E. Schmeltzer, who is farming 300 acres on the John Shute place, this side of West Union, finished seeding last Friday.

Walter Robinson, of Farmington, and who has been pitching with the Beaverton baseball team, was in the city Sunday.

## PORTLAND VISITORS GIVEN GREETING

Met at Main Street Stop by Citizens and Band

SHORT ADDRESSES AT COURT HOUSE  
Remained in the City an Hour, and Then Left for Home

The Southern Pacific special, carrying about 100 Portland business men, steamed up to the Main Street station of the P. R. & N., last Friday evening, and were welcomed by a large crowd of citizens. The Hillsboro Reed & Cornet band was there and enlivened the occasion by some fine selections. Owing to the rain, the Auto parade was cancelled. The committee took the visitors in charge and escorted them to the court house. Geo. Hoyt, cashier of the Merchants National, of Portland, introduced Mayor Dr. A. B. Bailey, who gave the excursionists a warm welcome. Dr. Bailey then called upon Dr. Andrew Smith, who responded and talked on the subject of "good roads." Dr. Tammiesie, President of the Board of Trade, then welcomed the visitors in behalf of the local organization, and spoke with enthusiasm upon Hillsboro's growth, Portland's greatness, and of the commercial and social bond between the two places. L. Samuels, of the Oregon Life Insurance Co., pelted the city with some choice bouquets, and deplored the fact that the excursionists had so little time to remain with us. Mr. Hoyt, the first speaker, then thanked the city for its cordial courtesies, and announced that their train was scheduled to leave. It was a happy and tired bunch that left the historic county seat, after many hundreds of miles of travel.

At Forest Grove, the business men had prepared a luncheon and punch, and gave the visitors a fine time. They were furnished with cards inviting Portland business men to make suburban homes at the college city.

The Washington County Pomona Grange met with Butte Grange, Wednesday, April 27. Representatives from most of the granges in the county were in attendance, some of them traveling many miles, which proves their loyalty to the cause. It was a very interesting and profitable session.

At the close of the forenoon session, dinner was served and all availed themselves of the invitation, while the Tigardville band discoursed some very inspiring music. The afternoon session was held with enthusiasm, and a very interesting program rendered, the main feature being an address by Bro. J. Voorhees, on the subject of "Good Roads."

It was a very interesting and instructive address, and was enjoyed by all.

At the close of the afternoon session, supper was served, and an evening session held, and a large class initiated in the 5th degree, and another pleasing program rendered, there being about two hundred present.

Washington Grange, No. 313, extended an invitation to Washington County Pomona to meet with them the 4th Wednesday in July, which was accepted.—Pomona Lecturer.

### BOY DIES FROM INJURIES

The little six year old son of Mrs. Yvette Leuliet, of Butte, Monn., and who was injured by a horse, last week, at the J. Langue farm, near Cedar Mill, died the last of the week from his injuries. The little lad's skull was crushed and he never gained consciousness. The mother arrived from Butte in time for the funeral, which took place, Sunday afternoon, from St. Matthews church, Hillsboro, interment being in the Catholic cemetery, southeast of Newton. A large concourse of neighbors attended the last rites.

Harry Cook, of Cornelius, is convalescing from a severe illness, and will soon be mixing with his friends. Cook is one of Cornelius' old time baseball players and fans, and if is a nice day he is coming down next Sunday and mix with the bleachers.

Watch the farmer boy plow all day in a pair of Connell & Co.'s plow shoes and then come to the house with feet that are not tired. He then cleans up, puts on a pair of Connell & Co.'s dress shoes, takes his best girl to a dance; gets home about 2:00 g. m., and starts work for another day—but you never hear him complain about sore feet. It's the way our shoes are made—Connell & Co.

Conductor F. M. Parrish, a brother of Mrs. W. N. Barrett, and one of the oldtimers on the Roseburg-to-the-South run, had charge of the Portland excursion train, which pulled into the city last Friday evening. "Fax" lived in Hillsboro when there was not a brick in the town—outside of Henry Wehrung's milk house.

We are now sawing from the best timber cut in our section for years.—Groner & Rowell Co., Scholls, Hillsboro, Ore., Route 2. 7tf

A. B. Lewis, formerly of Cornelius, now of Caldwell, Idaho, writes the Argus for another year of Washington County happenings. He says that he is likely to get back to the Willamette Valley in the not distant future—if he can sell out at the proper figure. A. B. says that it is a fine country up there, and if they had had rain, instead of depending on irrigation, it would be a paradise.

## REST ROOM BENEFIT GAVE FINE PROGRAM

Netted a Neat Little Sum for Public Resting Place

DRILLS AND PARLOR PLAY FINE  
May Pole Dance, Band Numbers, and Vocal Renditions, Excellent

A crowded house greeted the Rest Room benefit at the Crescent Theatre, Friday evening, and the committee netted \$91.50 for the public undertaking. The program was a decided success and the entertainment was well worth the price of admission. The band was there with its splendid numbers—an earnest of what a musical organization can do under the leadership of C. S. Parker; the parlor play was splendidly staged; the May Pole dance was very spectacular and beautiful; and the Japanese fan drill was finely executed.

The solos by Miss Goldie Peterson, Forest Grove, and by Miss Suza Jones, of Portland, were given hearty reception, and their accompanists, Miss Liola House, and Miss Kate Shannon, gave them a fine support. The cornet duet by S. T. Cooper and Oscar Brenman earned a hearty applause, and the cornet and baritone duet by Mr. Cooper and A. C. Shute was finely rendered. N. H. Alexander, always a favorite, excelled his usual top liner work in "I'll go to the End of the World With You," and to an encore, that knew no refusal, sang "Beautiful Garden of Roses."

As a musical event, it was all that could be wished, and demonstrated that Hillsboro can do things.

### AS TO SPRAYING

In the comprehensive article of B. Leis, on spraying for the codling moth, which appeared in last week's Argus, type made him say "scale," instead of "scab." The sentence in question should have read: "The first (speaking of the mixture) is for the codling moth, the latter for 'scab.'"

When you buy an automobile, buy the best. Buy a machine with a reputation—a machine that has stood the test for years. Don't be deceived or misled by machines that are represented to be "as good as the Buick." Remember, when buying a machine from me, I spend time to teach you to operate and oil your car. Anyone wanting an automobile will do well to call and let me demonstrate what the reliable Buick can do—the car that has no equal for the money. Made in the roadster, two to four people, and the regular touring five-passenger cars. Built from 22 to 36 Horse Power.—F. E. Hartrampf, Hillsboro.

Homer Emmott returned from Tacoma the last of the week, after inspecting the ice plant machinery, and found that it was not what he and his associates, Venable and Miltenberger, wanted, so the order was cancelled. He then ascertained that the machinery for the right kind of a plant would cost \$4,000—so the deal is off for the present, and there will be no ice plant here this season, unless some else makes the installation.

I represent the Spirella corset. Make selections in your home, where accurate measurements can be taken, and you get a corset to meet the requirements of your figure. Send postal card, or phone call for appointment.—Mrs. M. E. Caudle, Hillsboro, Oregon, Fifth and Jackson Street. Independent telephone, 584. 3-14

Fred Unger and wife, and daughter, Miss Elizabeth, returned Monday evening from a week's visit at Seattle, with relatives. While on the Sound they visited the Navy Yard at Bremerton, and saw the Oregon. Mr. Unger says Seattle is a great city, but that there are lots of places to rent over there.

Yes—I keep Arsenate of Lead, the very highest grade. Like the Aetna brand of Lime and Sulphur spray, there is nothing better on the market. Wholesale and retail.—B. Leis, Beaverton, Oregon.

John Fuegy and wife, of Phillips, were in the city the first of the week, being called in because of the death of Mrs. Fuegy's sister, Miss Lillian Hesse.
