The Indian War veterans are thinning rapidly, and the death of S. D. Powell, of Hillsboro, last week, marks another passing. The little remnant left should receive every consideration possible from the government, before it is everlasting too late.

The state grange has gone on record in favor of the primary law, and as against the assembly—and this will be food for the thought to the politicians of Portland, who want to name the state officials at the coming election.

Portland is building rapidly, and if the official count does not give it a greater population than Seattle it will be for the reason that the Webfoot city has been derelict in getting inside of its boundaries several thousand people who are a part of the city.

Canada is attractive because Canada has cheap lands in the Alberta—not because of our conservation policy.

Hillsboro Grange will hold an open meeting at Grange Hall, at 1:30 Saturday afternoon, May 14. The topics under discussion: "Proper Cultivation of the Soil," and "The House Fly, the Carrier of Disease." Farmers are invited to attend this session.

Jack Robinson, of the Scholls-Laurel section, was in Tuesday. He will make a trip up in the Idaho section in June, to look over the plateau region.

Perry C. Gabbert and Emma Martin were united in marriage, May 6, 1910, at the home of the officiating minister, Rev. Stivers, of Forest Grove.

L. M. Hoyt went to Fall City today to look over the situation as to establishing a Pythian Uniform Rank company.

## HILL ROAD ASKS COUNTY FRANCHISE

Officials Before the County Board  
This Afternoon

**WANTS CLEARANCE BANKS TO GALESB**

Looks as though Jim Hill Means Busi-  
ness on Tillamook Line

The county commissioners met  
in the city this afternoon pur-  
suant to an appointment with the  
officials of the United Railway,  
who are asking for a county  
franchise, allowing them to cross  
public highways on the survey  
from Glencoe to Giles Creek, via  
the Cedar Canyon Route.

This certainly looks like Un-  
derness and is the first direct move  
that eludes the prospect of im-  
mediate construction.

Of course, the court is always  
favorable to such permits, and  
only asks the proper safeguards,  
always exacted of railway build-  
ers, and that the franchise will  
eventually be granted go's without  
any saying.

Circuit Court will be here next  
Monday to hold a session.

ton, was in the city yesterday
