NO. 12

ELIZA PURDIN BARRETT DIED FRIDAY EVENING

Was Washington County Pioneer
of 1854. Crossing the Isthmus

NATIVE OF HOOPER CO., MISSOURI

Was Woman of Splendid Characteristics
and Generally Beloved

Mrs. Eliza J. Purdin Barrett, widow of the late W. R. Barrett, died at the family home in this city, Friday evening, May 27, 1910, after an illness of several weeks. She was born in Boone County, Missouri, July 3, 1833, and came to Oregon in 1854, with her parents, Ira E. Purdin Sr. and wife, the family settling above Forest Grove, to the north of the city. On April 11, 1855, she was married to William R. Barrett, who died in 1908.

Mrs. Barrett crossed the Isthmus of Panama and from there by boat to Oregon, and a strange coincidence was the fact that she and her husband came to Oregon from the Isthmus on the same boat, although neither knew of this until they met later in this county, Mr. Barrett having settled near Greenville. After their marriage, they settled on a donation land claim near Greenville, her husband working at the carpenter trade. The husband was also an Indian War Veteran. They continued on their Greenville farm until 1893, when they moved to Hillsboro to reside.

Mrs. Barrett was a sister of Hon. Ira E. Purdin, of Portland, and still interested in farming above the Grove. Her children are: Hon. W. N. Barrett, State Senator, of Hillsboro, recently at Annapolis, Maryland, attending the graduation of his son, William, at the Naval Academy; Mrs. Alice Dooley, wife of Geo. Dooley, of Greenville; Mrs. Amanda Purdin, widow of the late Hugh Purdin; Mrs. Anna Parrish, wife of Melville Parrish, a Wilbur, Wash., merchant; Miss Deborah Barrett, Hillsboro, and Chas. F. Barrett, of Greenville, on the home farm.

Mrs. Barrett was widely read and always took an active interest in public affairs. She was a woman of very kindly disposition and a splendid neighbor. Her many sterling qualities gave her a wide friendship in North Washington County, and her demise carries with it a sincere regret.

Hon. Ira E. Purdin, a brother of Mrs. Barrett, is the one of the trip from Missouri to Oregon. "In February, 1854, we started for Oregon, going by stage 135 miles to St. Louis, there taking the steamer Clara for New Orleans. Embarking there on the Pampero, commanded by Captain Flanders, a brother of the late Captain Flanders, of Portland, we changed boats four times in ascending the San Juan River and crossing Lake Nicaragua. We rode on mules from Lake Nicaragua to the Pacific Coast, taking passage on the steamer Sierra Nevada, for San Francisco. At that port we embarked on the America for Portland. We were two months making the trip."

J. W. Taber, with the Shaw Fear Co., owners of the Beaverton-Reedville Acreage, was in town Friday morning.

Mr. Turner was interested in business at Banks with his brother, Montgomery Turner, for several years, and his reputation as a business man is first class. He is now engaged in getting in more stock and keeps a team on the road all the time.

Send postal card, or phone call for appointment.—Mrs. M. E. Caudle, Hillsboro, Oregon, Fifth and Jackson Streets. Independent telephone, 584.

J. Bachele and A. Benson, of Cornelius, were in town Saturday. They report a shower of hailstones near Centerville, Friday forenoon, and say that Herman Seidler and R. Schwanke were both in the storm and that their horses came near running away. There was no material damages to crop and the path of the storm did not cover much area.

CARDINALS CRIMP THE GREENFIELDS

Score of Nine to Four Was the
Story of Sunday's Game

GAME HAD SPRINKLING OF ERRORS

Nick Williams Develops Great Batting
Streak, and Scores Four

The Cardinals beat the Greenfields, Sunday, in a game so full of errors that Scorer Becker lost his bearings—but it was a game that kept one on the sharp edge of anxiety and interest. The visitors were heady fellows, but they could not connect with Williams' curves for safe hits and he fanned some of their best batters. William developed a hitting streak, and by timely hits in two innings scored two in each. The four scores made by the Greenfields were not earned in any sense, and it should have been a shutout game. Ash Houston took many chances and played great ball, and he was there with the bingles. Freeman played a good game at first and was charged with but one palpable error.

Little Batch has that head foremost slide down like Halley's comet and it won out three times out of four and once at the home plate.

Gleason, the visiting catcher is some sport and a good loser.

The error column Sunday was as big as the recent eclipse of the moon.

A BIG MAP FINISHED

County Surveyor A. A. Morrill has just completed a handsome map, 50x68 inches, embracing the holdings of the Shaw-Fear Co., on the line of the Southern Pacific, between Reedville and St. Marys. This is the largest acreage ever platted in one body, and the various tracts cover over 3,600 acres. This has been cut up into 616 tracts, ranging from a fraction of an acre up to as high as 20 acres, the majority, however, being cut into 5 acre sections. Roads have been laid out to every tract and a great number of sales have been made in the last few years. The body of land lays on both sides of the S. P., and some of it extends to within a short distance of the Oregon Electric. The map covers: The Beaverton-Reedville Acreage, Kinnesswood Acreage, Aldrich Acreage, Wheeler's Sub-Division, Alton Acreage and the Johnson Estate. The map is to be photographed and placed on exhibition at the coming Rose Festival in Portland.

Her son, Leon, well known here, and in the mercantile business at Ravelli, Mont., was also fortunate in the drawing. She states that Paul C., another son known in this city, is now running a locomotive over in the state of Washington.

"Two things that are sure-death and taxes." To this has been added a third—and that is Watkins' remedies for stock, poultry, and for the man, woman or child. Watch for the Watkins' remedy wagon. Z. M. LARUE, Forest Grove, Oregon. 11-13.

Sheriff Hancock went to Tigardville, Saturday, and brought Chas. Burnham Jr. up to the county bastille. Young Burnham, who is a foster son of the Burnhams, is charged with stealing \$10 from his foster mother's nurse, and blowing in the coin at Portland. Chas. returned home, evidently, as soon as his money was expended.

GLENCOE TO HAVE A REAL RIVAL

Company now Platting Lots and
Acreage on Barlow Farm

ALSO CUTTING UP CORNELIUS TRACT

New Town is to be at Least Half Mile
From the old One

The United Railway survey is doing things to the old and historic town of Glencoe, six miles north of Hillsboro. A company has purchased the O. G. Barlow farm and the Scott Cornelius place, and of late they have been surveying it in acreage and in town lots. This property will be placed on the market in the near future, and it is expected that it will sell very well on the open. The United runs through the tract, and then heads for Cedar Canyon. This will mean if successful, that the old town of Glencoe will either have to move to the new town, or the new town will have to build to the old one.

The United has reconstructed the map in another instance—that of Banks. It is said that arrangements are being made to start a new town not far distant from Banks—near the Dooley place—and if this be the case there will also be things doing up that way, as well as at Glencoe. Many think, however, that a town will be started where the United crosses the Tillamook line.

Glencoe has been a good trading point for many years, and the Mays Bros. have a big mercantile business there. Several families make the little point their homes, and there are two thrifty lodges, each owning their own halls—the K. of P. and the Woodmen of the World. A few months more will determine the future of Glencoe—the little village named after its prototype in Scotland.

THE MEMORIAL SERMON

Rev. Evan P. Hughes preached the Memorial sermon at the Congregational Church, Sunday forenoon, to a crowded auditorium. The address was one of the finest ever delivered from a pulpit in the city, and after its close, Mr. Hughes received many expressions of praise. He reviewed repeatedly the underlying thought upon which all true patriotism is based and extolled that adherence to unity that is the making of all homogeneous organization. It was happily delivered, and was an address that will linger long in the memories of those who were fortunate enough to hear it.
