## JIM HILL LETS TWENTY FOUR MILES

Porter Bros. Get First Big Contract Out of Portland

### WILL BORE CORNELIUS GAP TUNNEL

Expect to Make Tillamook in 80 Miles From Portland

After having control of the United Railways James J. Hill has at this early date set things rolling by letting the first 24 miles of grading to Porter Brothers, who have already rushed men to the work. This will carry the line into Washington County and very close to the Tillamook County line. The Cornelius gap tunnel is inside the contract, and boring will begin at once. Porter Bros. expect to clean up the 24 miles by the time the rain falls and track will be laid as rapidly as the grade and bridges are finished.

The switch back will be used temporarily until the tunnel is completed and inside of 90 days—and perhaps sooner—cars should be running past Glencoe. There are five surveying corps on the line between Banks and Portland, and the line is permanently located.

While there is talk of the line getting to Tillamook before the Lytle road connects this is considered nonsense by those who know the character of the heavy work through the Coast range. If the line finishes into Tillamook by the end of 1911 it will have been a remarkable feat in railroad construction, for it will mean 70 miles, nearly of heavy work. The line between the summit at Cornelius Gap and Cedar Canyon, of course, is not very heavy but a few miles out of Banks begins some exceptionally heavy work. The tunnel will not be completed before January 1 according to present estimates—and this will probably mean more time than that which has been allotted.

### A CLEAN WATCH

means good time to you for years to come. True economy in a time-piece lies in cleanliness. The delicate parts doing indescribable work will soon wear themselves to ruin, destroy their high finish and perfect fit, when running in accumulating dirt and rancid oil. It will cost you nothing to let me examine it.—C. F. Libby, Jeweler, Hillsboro, Ore.

### THE REST ROOM

The plans are all drawn for the Hillsboro Rest Room, and the building will be an ornament to the city. The committee feels that it could still use about \$200 to realize what they want in the way of a structure, and they say if those who have been sent postal cards by the soliciting committee would send in their names, with the amounts they are willing to subscribe, they could start work at once. It would not be necessary for them to remit as the money, by the middle of September, or the first of October, would be as acceptable as at present, as it could be used as a final payment on the structure. Those paying towards the fund since the last publication, in general, are:

Alfred Guerber.....\$1  
E F Sias..... 1  
Louis Hamel..... 2  
Geo S Robinson, Laurel..... 5  
Fred Durig, Portland R 2..... 1  
N P Oakerman, Beaverton..... 1

The Rest Room will have a booth at the Fourth of July grounds, and will also sell tags for the fund on that date. Do not fail to help them out when you visit Shute Park.

For sale, cheap: Thoroughbred Scotch collie pup, four months old. Inquire at the Argus office.

Buy your dry goods at H. Wehrung & Sons. They are retiring from business. All lines at cost and less than cost. You can have the benefit of these prices.

S. S. Barnes, the father of Principal Barnes, was down from McMinnville yesterday. He says that Hillsboro has made a splendid lot of improvements since he left for the Yamhill county capital.

McCredie's baseball team is now in Portland for several weeks of playing and the Hillsboro fans are getting uneasy. The Beavers should quit their home grounds in the lead, as they are now in second place, and they have been holding their own in the South nicely.
