

NOW ROCKING THE BASELINE HILL

Commenced West of Dairy Creek Tuesday Evening

SOON TO FINISH WEST OF CITY

Will Then Take up Macadam South of the Condenser

Teams commenced hauling rock to the hill west of the Dairy Creek bridge, Tuesday evening and continued yesterday, as the first layer of largest rock has been laid connecting the gap this side of the creek. A day or two and this end will be completed with the three courses, and the rolling with the ten ton steam roller. It will be but a short piece of work to macadamize west of the bridge, as the work will not extend farther than to the top of the hill, this season. It is expected that the next move will be to complete the road from the condenser, south of the depot, to the top of the hill leading to the bridge across the Tualatin bottom, and then macadamize the 1,900 foot strip between the trestle and the bridge span across the Tualatin river at the pump- ing station. The work south of town will not take very long. The quarry is now getting down to business and more carloads are being received than heretofore.

He and his aged wife had a little after table spat the other night and Mr. Higley procured his razor, saying he would end his life. He made several nasty gashes in his neck before he could be stopped from his rashness. He was now concluded that it is worth while to live, anyway.

ROSELAIR ROPED AT SALEM TODAY

Wife Murderer Pays Penalty of His Awful Crime

NEARLY SIXTEEN MONTHS AFTERWARD

Brate in Human Form Spent Last Days in Prayer

John Dierck Roselair, born in Holland, and who killed his wife in May, 1909, the murder being one of the most bloodthirsty and atrocious in the annals of Washington County's criminal history, was hanged at Salem, today, by the executioner, at the State Penitentiary.

Roselair was married to Lizetta Dombrower, whose mother lives near Los Angeles, in the Fall of 1908. He at once moved to the mountains above Timber, where they took up their residence. One morning in May, Roselair butchered his wife with a huge salmon knife, 20 inches in length. He struck her blow after blow, even after she received mortal wounds. The body was brought here after Roselair surrendered. He alleged that the woman assaulted him by throwing a pan of milk in his face, and that he struck blindly at her with the knife in an attempt to ward off the pan, but that the knife struck her, giving her a mortal wound, and that he then killed her to put her out of her misery.

The story was absurd, inasmuch as the woman had a half dozen wounds, any one of which might have proved fatal. The murder was crowned with a double horror when it was learned that the wife in a few months would have become a mother. Roselair was tried and convicted, E. B. Tongue, district attorney, assisted by his deputy, T. H. Tongue, prosecuting.

The case was appealed, but the supreme court affirmed the decision of the circuit court, which was presided over by Judge Campbell. Gov. Bowerman took up his case in behalf of Attorney Jeffrey, who defended the murderer, and decided there was no reasonable excuse for interference.

Editor Long, who with others from this city, went to Salem this morning, phoned to this office at a few minutes after 1 o'clock, the following:

Roselair was taken to the scaffold at 12:27 and the drop was sprung at 12:30. Life was declared extinct at 12:40 by Dr. Smith.

Roselair had only a little to say, and adhered to his old stereotyped story, known to every Argus reader. His neck was badly broken, and the doctor stated that his heart ceased to beat in 9 1/2 minutes. Just before the trap was sprung, the wife murderer broke down and cried. About fifty people witnessed the hanging.

H. L. MCGINN SUES FOR TWO THOUSAND

Alleges That Wiberg Deceived Him as to Cleared Land

PAID TWO THOUSAND TOO MUCH

Now Comes in to Circuit Court With Big Suit for Damage

H. L. McGinn, represented by Hollis & Humphreys, of Forest Grove, has brought suit in circuit court, asking that N. P. Wiberg pay him \$2,000 for damages alleged to have been sustained in the purchase of 36.59 acres of land in section 17, township 1 south range 3 west. McGinn bought the place some time ago, and he claims that Wiberg alleged he was getting a certain amount of cleared land.

Some time before that Wiberg had sold a man by the name of Scudder a part of his property, and after McGinn's deed was made out and the transaction closed he had the survey made. This disclosed the fact, according to the complaint, that Scudder's line came over 300 feet farther, thus cutting McGinn out of that much cleared realty.—McGinn paid \$4,000 for the tract and he thinks about half that is sufficient under the circumstances, and he wants that amount for the deception. He swears that Wiberg was to blame and he is out after redress.

Hon. C. F. Tigard, of Tigard, was up to the city yesterday.

Erwin Ritter, of Bethany, is suffering from two broken bones in a foot, occasioned by a buggy wheel, at the Witch Hazel hopyard. He and his wife were out of the vehicle, and their little three year old child was in the buggy, when the horse became frightened, dashing away. Mr. Ritter reached for the reins and child, but did not get the little one out. The animal ran away, smashing the buggy and throwing the babe out—and strange to say the little one suffered no injury. Dr. F. A. Bailey attended Mr. Ritter. The accident occurred last Saturday.

Dr. F. A. Bailey and Dr. S. T. Linklater, representing Washington county, are attending the Oregon State Medical Association Convention at Portland, the meeting commencing yesterday morning and closing tomorrow evening. Many celebrated physicians and surgeons will be in attendance from the East, and the session promises to be the best ever held in the state. The new disease, Infantile Paralysis, is being discussed by leading medical men.

S. M. Chapman, who resides near Varley, was in town Tuesday, and brought in to the Argus a box of Magoon strawberries—second crop—and they were very fine for September product. Mr. Chapman says there are plenty of blooms at present, and if dry weather continues he will have quite a crop. As it is the Chapman family have been enjoying strawberries and cream. The berries are not as large as the first crop, but if anything, they are sweeter.

Deputy County Clerk E. C. Luce visited Seattle Labor Day. He says that from casual observation Seattle has overdone things, and he noticed one eight-story stone building almost free from occupancy. While there he saw the famous Emma Goldman, the apostle of anarchy, in a parade. She was in a hansom cab, painted red, the driver wore a red livery, and the goddess of discontent wore a red hat with huge red plumes.

I represent the Spirella corset. Make selections in your home, where accurate measurements can be taken, and you get a corset to meet the requirements of your figure. Send postal card, or phone call for appointment.—Mrs. M. E. Caudie, Hillsboro, Oregon, Fifth and Jackson Sts. Ind. phone, 584. 26-37

Jasper Williams, while working in a well in the city the other day, came near getting mixed up in a cave-in. He was just coming out of the well, and when up a few feet from the bottom the wall caved, some of the dirt catching his feet. A minute later and Jasper would have been in the slide, which was sufficient to have covered him, with a doubtless fatal ending.

Have Dr. Lowe relieve your head and eye ache with a pair of his correctly fitting glasses. They cost no more than others, and you have the benefit of his skill and more than 19 years' experience. Consultation at Hotel Tualatin, Friday, Sept. 16, to 4 o'clock. Dozens of Hillsboro references.

D. M. Gillenwater, residing on the Connell-Beamish ranch, north of town, while splitting wood, Saturday, was struck in the eye by a flying piece of wood, and the ball so badly lacerated that Dr. F. A. Bailey, the attending physician, is of the opinion that the sight is destroyed.

D. R. Wheeler, of Wheeler station, and who recently built a warehouse at that point, was up to the city Tuesday. Mr. Wheeler says his room is well filled with hay. He has a large basement for the storing of potatoes.

It begins to look as though the Cardinals have played for the last time this season, although there will be an effort to enthrone enough to have a game or so during the street carnival.
