They Represent the Designs and the best Ideas of the Country's Leading Style Authorities. The Extreme Paris Innovations Influence the American Styles, but happily do not Dominate them. American Designers use the New Ideas, the Novel Features of Paris Origin, but in Adapting them to meet the Good Taste of the American Woman, these Features are Worked Over, Re-designed and toned from the Extreme to the Acceptable. Now is the Time to Select Your Fall Suit or Coat, Because the Choice is Limitless—the Assortment is Complete. Then, too, there is Great Satisfaction in having your Fall Clothes early in the Season and get the full use of them, also avoiding the delay and annoyance of buying later in the extremely busy season.
