William J. Weir, of Vinelands, while working in the Botsford logging camp, Friday, was struck by a small tree against which a log had collided while being pulled by the donkey, and sustained a severe hip injury. He was taken to one of the Portland hospitals by Chas. Miller. The attending physician says that no bones were broken, although the bruise was a serious one. Weir is a son of Mrs. W. H. Weir.

H. Bigelow, of near Laurel, says that the aviator Chas. K. Hamilton, who occasionally takes a slide of several hundred feet into lakes and into hedges, from his flying machine, doesn't know anything about a real "slide for life." When Bigelow was coming down the Chehalis Mountain hill the other day, at a lively clip, the neckyoke strap broke and he had about 400 feet of a thriller. He finally landed his team into a barb wire fence, turned a triple somersault, and came out of the melee with no injury but a broken tongue, and that belonged to the buggy.

We are now better than ever prepared to supply our customers. We have a good supply of flooring, rustic, shiplap and finishing lumber and can furnish good house bills on short notice. We also have a good stock of all kinds of common lumber. We have in stock all sizes of tile from 3 to 16 inch that are first quality; also brick and building blocks. Try our building blocks for your fruit or potato house, or foundation for your buildings—better and cheaper than brick or concrete. Parties wanting orders delivered will do well to place them early, while the roads are good, and our teams are not too busy. In the past we find that it is the failing of many people to wait till the roads are almost impassable, and then place their orders for delivery, at a cost of twice what it can be done for now. So don't forget, this year, while our stock is complete.—Groner & Rowell Company.
