The Oregonian, the next day after the primaries, said, only: "It is the day after."

The assembly primary ticket was badly beaten in Multnomah county, and Bowerman is nominated by about 3,000 of a plurality over Dimick, with heavy votes for Abraham and Hofer. With anything like a clear field it appears that Dimick would have won overwhelmingly. Dunaway, for state printer, and Crawford, attorney general, won with heavy majorities over their assembly opponents. It would appear as though the assembly idea has received a quietus all over the state, for where there was any determined opposition the direct primary advocates won out. Ellis, of the Portland district, was badly defeated. The people evidently want the direct primary to stay.

NOTICE HORSEMEN

The undersigned, one of the remaining members of the Western Oregon Stallion Association respectfully requests the owners of stallions in Washington County to meet at the office of J. M. Will, in Hillsboro, Washington County, Oregon, at 10 o'clock sharp, on Saturday, the 1st day of October, A. D. 1910, for the purpose of re-organizing the Western Oregon Stallion Association, from the fact that the President has died, and the Secretary has died, and some of the Directors have passed away. The only remaining officers of the Association are as follows, to-wit:

Mr. Moon, of Centerville, Mr. H. B. Johnson, of Forest Grove, and the undersigned, Wm. McQuillan.

It is earnestly requested that they meet promptly at 10 o'clock from the fact that the stallion parade will go out at 11 o'clock sharp of the same day, and the Judges will pass on all animals at 2 o'clock sharp, and following the judging of prize winners, will be an exhibit of driving horses in the street. The business men will offer a premium for the best and second best baggy horse shown in harness. Wm. McQUILLAN, Director of the Western Oregon Stallion Association.

SOME GOOD CHANCES

From \$10,000 to \$20,000 worth of best residence property in Hillsboro, to exchange for a good farm or ranch. Would prefer stock, implements and feed to go with farm, and will pay the difference. I also have a good 9-room house, 3 blocks from business, in Hillsboro, for sale. Would accept as part payment two to four good work horses, wagon, grain and hay, and also several cows. Call and see me about this.

F. M. Heidel, Hillsboro.

HOFFMAN THANKS

I wish to thank my many friends for the liberal support for Representative giving me in the late Primary Nominating Election. Now let us one and all endeavor to hold our party together by our support of the candidates nominated on the Republican Ticket.

REEVES PHEASANTS

The state has purchased 100 pairs of Reeves pheasants, grown by a nephew of Mrs. H. Taylor Hill, and four pairs of the birds will be shipped to Washington County to be turned loose on the farm of Mr. Hill, above Mountaine. These are the most beautiful birds of the pheasant variety, and are very prolific breeders. The birds will be shipped from Corvallis at once, and Mr. Reeves hopes to have them here for one day's exhibition at the street carnival.

G. A. Webb has sold his feed store to S. F. Weyrick, and Mr. Webb and wife will leave in a few days for Southern Oregon, in the Eugene section. They will, for the immediate future, take up evangelism, and sing at meetings here and there. They followed this for many years, and will be at home in the department. They have made many friends in the city and they will be missed in church circles.

Just ask Emrick & Corwin to see one of their new gopher traps. Gets them every time—and there is no chance of shooting yourself or running a spear in your hand.

George Alexander, who has been spending the Summer in Central Oregon, where the Hill and Harriman lines are building, came down from Redmond, near Prineville, yesterday, and will remain until after street fair, the guest of his mother, Mrs. C. E. Koontz. He says that work is progressing rapidly up there and that all available men are put at work.

M. C. Hewitt, the carpenter, is still in the housemoving business, and if you have a building to move, see him for an estimate.

J. C. Lamkin has finished the largest phonograph horn ever made in the county—and perhaps in any other county. It was manufactured of heavy tin, and is five feet in length and the bell has a diameter of four feet. It was made for Manager Phelps, of the Crescent Theatre, and should give out a volume of sound that will satisfy anyone, even in the deaf class.

Wanted: Teams for lumber hauling.—Botsford Lumber Company, mill 2 miles west and 6 miles north of Hillsboro. Post office address, Cornelius, Oregon, Route 1. 29-30

When the kitchen is properly equipped there is sunshine in the house. Come in and see our Champion and Charter Oak ranges. They are the best.—Emrick & Corwin.

Chas. Gittere has opened his cigar manufactory, and has turned out some of the first Hillsboro "smokes." His business is located in the building formerly occupied by W. B. Dolan, near the Crescent Theatre.

A. C. Shute and wife returned Tuesday evening from Arlington, Ore., where they attended the Siegrist-Emrick wedding. They made the trip out from Portland in the auto and arrived in after midnight.

Guy F. Phelps, formerly pastor of the United Evangelical, has taken conference work from the Methodists. He is one of the real orators in the Washington County ministry.

Aerial Flights.

Among the other advantages of Zeppelin's dirigible route to the north pole, it is not necessary to eat the dogs.—Exchange.

War balloons are all very well, but until one has been invented that can defy the ordinary risks of peace the art of warfare, military and naval, stands in no pressing need of revision.—Youth's Companion.

Zeppelin's contemplated aerial dash for the north pole is not to be made for five or ten years yet. Indeed, it is suspected it will take place about the same time that Walter Wellman flies across the Atlantic ocean.—Kansas City Star.

Money Matters.

The international credit of the world today rests upon \$4,000,000,000 worth of gold in the banks and treasuries of Europe and America.

The Bank of England does not divide its profits directly with the government, but the amounts paid for taxes, franchises, etc., reach annually about \$1,500,000.

The eight banks of Scotland are practically one bank. The managers of the principal banks, living in Edinburgh or Glasgow, meet frequently to fix the rate of discount on loans and the amount of interest to be allowed on deposits.

Short Stories.

Rich Indians in Oklahoma talk of building towns which shall be for Indians only.

In strong contrast to the many hot water geysers of Yellowstone park a new one ejects ice cold water.

The time set for the completion of the Panama canal in 1915, and present indications are that the work will be finished by that year.

In the thirty years 1878 to 1908 the yearly expenditure for public schools in the United States grew from \$70,000,000 to \$571,000,000, a nearly five-fold increase.

Train and Track.

Owing to the cheap electric power electric car lines are springing up in all parts of northern Italy.

An audible fog signal for railroads, the invention of a retired Dutch naval officer, explodes a cartridge behind a megaphone automatically whenever a train enters a block in which there is another train.

The new railway line planned in Nova Scotia has been called the Halifax and Eastern. Its length will be 210 miles. It must be completed in three years or forfeit the government subsidy of \$0,400 per mile.

Up to Date Don'ts.

Don't pattern after the busy little bee. It's the other fellow who eats the honey.

Don't look a gift horse in the mouth. Sell him for what you can get and let the other fellow look.

Don't be a clam. If you must be anything of that kind, be a turtle. Then you will have some snap about you.

Don't take the bull by the horns. Take him by the tail, and then you can let go without getting some one to help you.—Lippincott's Magazine.

CARD OF THANKS

C. Jasper, of Forest Grove, was in town this morning.

J. B. Inlay, the Reedville warehouse man, was in town this morning, and called on the Argus. He states that the grain acreage was more than usual in his section, this season, and that the increase was in oats. "A pretty fair crop, all around," says Mr. Inlay.

A NARROW ESCAPE

S. F. Goodwin, of a mile west of town, had a narrow escape from death, Tuesday morning, about ten o'clock. He and his brother were putting baled straw into the upper story of the barn, and the trap was sprung a trifle too quick, letting go of the bale. It descended from 30 to 35 feet, and the brother called to Mr. Goodwin just in time to give him a chance to dodge the missile. The corner of the bale struck his left shoulder, dislocating it and causing two or three fractures. Had Mr. Goodwin not seen it coming it would have struck him fairly on the head and death most likely would have ensued. He is under the care of Dr. Linklater, and was able to be brought into town yesterday morning to take treatment. Mr. Goodwin is feeling thankful that it is no worse.
