We are now better than ever prepared to supply our customers. We have a good supply of flooring, rustic, shiplap and finishing lumber and can furnish good house bills on short notice. We also have a good stock of all kinds of common lumber. We have in stock all sizes of tile from 3 to 16 inch that are first quality; also brick and building blocks. Try our building blocks for your fruit or potato house, or foundation for your buildings—better and cheaper than brick or concrete. Parties wanting orders delivered will do well to place them early, while the roads are good, and our teams are not too busy. In the past we find that it is the failing of many people to wait till the roads are almost impassable, and then place their orders for delivery, at a cost of twice what it can be done for now. So don't forget, this year, while our stock is complete.—Groner & Rowell Company.
