

THE HILLSBORO ARGUS.

CHINESE PHEASANTS IMMUNE TWO YEARS

Cannot Kill the Mongolian, Rooster, or Hen, for two Seasons

BUT THREE DEER NOW THE LIMIT

Change in Game Laws That Will Affect Washington County

The laws affecting the killing of Chinese pheasants and the slaughter of deer are of the most important to Washington County, and the legislature just closed has prohibited the killing of Mongolian pheasants for a period of two years. The law on deer has been amended so that the limit of bucks for one season has been reduced from five to three. Does, as in the past, are immune.

Washington County is one of the best hunting grounds in the state for the Mongolian pheasant, and the mountains at the boundaries abound with deer. Many last year killed the limit of five, and the legislators wisely thought that it was but a question of time until the species would become extinct.

The Willis plaintiffs allege, so it is reported, that they were arbitrarily shut out of their contract, after they had closed school one day, upon advice of the county school superintendent. The next morning they were locked out of the building on January 18. Bagley & Hare are attorneys for the plaintiffs. It is said that the district refuses to pay any claim for damages, on the ground that the Willis family closed the school of their own accord on the 17th of January, and that they therefore violated the contract, themselves, and thus absolved the district.

TILLAMOOK LINE NOW RUSHING CONSTRUCTION

General Manager C. E. Lytle Looks for Completion by July 1

BRIDGES ARE NOW OBSTRUCTION

But About 500 Feet of Tunnel Work to be Finished

General Manager C. E. Lytle confidently expects the Pacific Railway & Navigation Company will have its line completed into Tillamook by July 1, at the latest unless the snows remain very late in the mountains. He states that there are but several hundred feet of tunnel work to be finished, and this will be but a matter of a short time. The big bridges, however, are the obstruction, and they can work on but two bridges at a time, one on each end of the track. He says that piling is the big consideration, as many of the bridges are in the big timber, and piling must be taken in from both ends. This means, of course, that piling material can only be deposited at the ends of the track, it being next to impossible to have them hauled through the tortuous roads leading into the interior.

If the snows melt early so that bridge building can proceed with celerity, Mr. Lytle figures that the latest date for the opening of the road can be fixed at July 1, although better progress might be made if warm weather should clear the snow from the mountains a few weeks earlier than is usual.

STEAM ROAD ROLLER FOR THE SOUTHEAST

County Court Orders One for the Tigard and Tualatin Sections

SIX MEN PUT UP BIG BOND

Four go on Hancock's Bond in Sum of Ten Thousand Each

The county court has ordered a steam road roller for rock road rolling, and it will be sent into the Tigard and Tualatin sections, where it will be used this Summer on the macadam roads which are to be constructed from special taxes. Mr. Nyberg will soon open a quarry for the Tualatin special road work, and the big machine, which will be delivered and paid for by the April term, will cost \$2,875.

Sheriff Hancock evidently had but little running around to get his \$50,000 bond ready for the approval of the court. A. C. Shute, W. H. Wehrung, Ed Schulmerich and A. S. Shoes went on the tax collection bond for \$10,000 each, and John Templeton and L. J. Corl, of Forest Grove, justified in the sum of \$5,000 each. The bond was approved.

Thos. Monahan has been admitted to the county farm. It was ordered by the court that a deed from W. D. Hare to Robert and Otto Hartrampf should be re-recorded free of charge.

BEND LITERARY SOCIETY

The "South Bend" Literary Society, which was organized in December, is making such rapid progress that the members decided to entertain their friends on the evening of Feb. 15, by giving a Valentine entertainment and basket social. It was opened by a monologue which represented "The results of a song" by Dave DeGross, which put all in good spirits. The balance of the program consisted of cornet duets, recitations and dialogues, after which several of the young men debated on the subject "Resolved, that the happiness of nations increase with civilization," in which the affirmative won.

After the program was concluded Mr. McDonald auctioned off twenty-two beautiful baskets of which the greater number were heart shaped and filled with dainty viands.

The young men proved that they were liberal by paying from \$2.25 to \$6 for the girls' hearts, the total proceeds amounting to \$71.50, with which the society will purchase an organ.

Meetings are held every Wednesday evening, 8 o'clock at the South Bend school house. All are cordially invited to attend and help boost the Society.—(Three Society Boosters.)

Return Home Through Sunny South

When you arrange your eastern trip be sure to include the Sunset Route through New Orleans, El Paso, Los Angeles and San Francisco for return. It is a splendid educational journey, and at this time of the year especially delightful because so warm and comfortable. Every mile is through the sunny southland—the rice and cotton fields of Louisiana and Texas, the vast mirage mesas of New Mexico and Arizona, now spread with bright green, the orange groves and semi-tropic charm of California, miles and miles along the ocean shore, and several of the most interesting cities on the continent. Ask your local railroad agent all about it.

The funeral of the late Mrs. Ann Freeman took place Friday, and interment was at the West Union cemetery. There was a large concourse of relatives and friends in attendance. The pall bearers were: J. Sewell and Jack Roy, all of whom, excepting Mr. Lamkin, are native sons of Washington County, and have known Mrs. Freeman since memory runneth not. The funeral sermon was delivered at the residence on Baseline, and the discourse was by Rev. Valandigham.

Chas. F. Barrett, of Greenville, and who in his younger days was one of the cracker-jack base ball players of the county, was down to the county seat Saturday.
