LOVEGREN RAILWAY STARTS TO CONDEMN

Files Suits in Circuit Court for Right of Way

TO BUILD INTO TIMBER BELT

Expect to Found New Town Called Cherry Grove, Near Gaston

The Willamette Valley & Coast Railroad Co., promoted by August Lovegren, has filed suit through Attorneys Bagley & Hare, asking for condemnation of right of way through three places, near Gaston, and between that point and Forest Grove. The company expects to build a rail line into the Lovegren timber holdings, which are extensive, and the line is to be a common carrier for both freight and passengers. A new town is to be established, Cherry Grove, and the promoters expect also to put in a big sawmill. This will mean a great deal to the section tapped.

The company asks for condemnation through property as follows:

David Story, .86 acres.
E. W. Dethlefs and Fanny Davis, .93 acres.
Vivian Pearl Tompkins, J. R. Tompkins and F. L. Kenworthy, 4.24 acres.

The Beavers are fourth down from the top on percentage, and it looks as though they will have to climb some when they come North. There is some satisfaction in the fact that they play better on the home grounds, and when they hit their pace they may make things look different. Inasmuch as Washington County now has a league, however, the center of baseballdom has been transferred to this section.

The Pacific Railway & Navigation took out 12 empties and loads, the other day, besides the three passenger coaches. This is but the primary indication of what the road will do when it is built through to Tillamook, and sawmills are located all along the line. Three brakemen were necessary to handle the train.

PRACTICAL GARDENING SHOULD BE INVOKED

Celebrated Gardener Says Capable of Great Production

BIG RETURNS WITH PROPER WORK

Eugene DuChesne, Frenchman, Looks Over the Valley

Eugene DuChesne, who has been in the gardening business near Hoboken, N. J., and whose truck gardens daily ship fresh produce, the year around, into New York City, is touring the Pacific Coast, passed through Hillsboro the last of the week, looking over the Tualatin Valley in an automobile. He was very much taken with Washington County, and says we are ideally located for intensive truck raising, and avers that within ten years Washington County alone could be so cultivated that it could supply Portland, Tacoma and Seattle with fresh vegetables and small berries, the year around.

"You have the soil and the climate for gardening 12 months in the year with a little artificial aid. Your mild Winters make it possible to house vegetables and keep them growing under glass, and there is big money in it. The soil, under analysis, shows great capabilities of production and after visiting the Sound and California, I doubled back to see what you have here. It is not outside the realm of possibilities that I shall locate my place close to Portland and

A young man from near Mountindale was kicked by a horse some time ago, and as a result his teeth failed to articulate. One of his molars set too far up and he went to a doctor to have the tooth pulled. When the "big pull" came, however, three of the molars, and all as sound as a dollar, came out, with a fraction of the jawbone attached. He came into the county seat to have the jaw sprung into place, but could not stand the pressure, and will make another try at it.
