The newly appointed official, Judge Stevenson, states that it will be his desire to serve the best interests of all Washington county, and if he shall make as good a judge as he did a game warden, he will make a splendid official. Mr. Stevenson has practically spent his life in Washington county, and knows its needs as well as any man in the district. He will endeavor to give the office his very best efforts, and will at all times act impartially and conscientiously.

In the death of Hon. G. W. Marsh, his community and this county suffer genuine loss. Mr. Marsh made the best of a pioneer life, and earnestly strove to cultivate his mind along lines of public interest. For his advantages he was an exceptionally good thinker, and an orator of no mean ability. As a neighbor he had few equals, and there is grief in the little hamlet in which he lived. His sorrowing family have the sympathy of entire Washington county.

EXCURSION COMING

The Portland Realty Board, friends and associates, will make an excursion visit to Orenco and Hillsboro next Saturday afternoon, July 22. The train will leave the Oregon Electric Jefferson Street depot at 2 o'clock sharp, and reach Orenco at 2:35, where the party will be escorted over the magnificent holdings of the Nursery Company. After inspection there the party will come to Hillsboro and look over the city, visit the Hillsboro Garden Tracts, and then, after lunch, leave for Portland on the Electric at five o'clock. Mr. Magill, of the Garden Tracts, states that he thinks that there will be at least one hundred visitors. W. G. Hare, of Bagley & Hare, will address the party in the Grove on the Garden Tracts property, and that prince of entertainers, Geo. McDowell, with the Ruth Trust Co., and former agent for the Oregon Electric right of way department, will be here to look after the happiness of the bunch of Portlanders.

YOUNG JAQUITH DROWNS

Percy Jaquith, son of W. W. of Scholls, was drowned in the Tualatin River, a distance to the rear of the Rowell & Co. store, Tuesday afternoon. He had been visiting neighbors, and upon leaving said he was going to take a swim in the river. When he did not return home to the evening meal, his family made search. His clothing was found on the bank of the river, but the body could not be located. Hugh Brady, the Portland diver and searcher, came out yesterday and search of the river bottom was made. Young Jaquith was 23 years of age. The diver has given up the search, and gone home. All the young man's effects and money are intact, and this discounts any but the theory of drowning.

The Groner & Rowell Co. have a large stock of drain tile, from 3 to 14 inch; also building blocks and brick. It will pay you to place your orders with us, as we burn our tile to a better color than our competitors, as our wood only costs us a trifle. We also have a good stock of rough and dressed lumber, which we invite the public to inspect, before purchasing elsewhere. Our flooring is made from red fir timber and will wear much better than flooring made from the soft yellow fir timber. 5tf

D. P. Corrieri, owner of the Wm. Thorne ranch, just south of the city limits, has seven acres in onions this year, and at one time, during the weeding process, had 78 people in the field. The sight was a very pretty one, and is indicative of what work it takes in onion culture, distributing a great deal of money. The profits, however, on this crop, with anything like good prices, bring in enough coin to make a man shout hosannas.

If you are out for a good time be sure to attend the dance at Morse Hall, Beaverton, Saturday evening, July 22. Van Houten's orchestra, of Portland, will be there to help liven things.

A. W. Scott, of below Witch Hazel, was in town yesterday morning.

All the oldtimers, who lived here back in the sixties and seventies will remember W. S. Caldwell, who was county recorder of Washington County, and one of the founders of Tuality Lodge A. F. & A. M., and who lived here many years, also serving as county clerk. He went from here to Portland, and died some years ago. Billy Caldwell's widow, Rosalie, died in Portland, Tuesday. She was born in 1828, and came to Oregon in 1858. A son, A. R. Portland, and a daughter, Mrs. Agar, wife of a Spokane minister, survive. Speaking of Caldwell, it is interesting to note that he was one of the best scribes of his time, and his chirography still stands out finely on the early records of Washington County. He was a great fisherman and sportsman, while Mrs. Caldwell was beloved by all her neighbors in the early day. Her funeral took place today in Portland.

Leo Bullock, born and raised in Hillsboro, was down in Salem yesterday. Leo is farming near the capital city.

Grafted Walnut Trees

As I have made a careful study of the Walnut Industry in California, Oregon and Washington for the last six years and have great confidence in the future of the industry, especially in the Willamette Valley, we are planting 250 acres of our own. As we are growing and grafting the trees for this tract to insure reliability and uniformity we decided to graft some for sale of the same quality. In offering these trees to the public we believe we are offering the very best that can be produced at any price—Vrooman Franquettes grafted on Royal Hybrids and California Black Root. Washington County has a bigger area of land suitable for walnut culture than most any other county in the valley, yet very few first-class trees of the late-blooming varieties that are adapted to our climatic conditions are being planted. Order early, as our supply has never been equal to the demand.
